[0 : 00] Now there's much talk about conspiracy theory.! Conspiracy theory in these, especially in these times, wouldn't you say? sort of in the news a bit about this theme of conspiracy,! of a world in rebellion, of an uprising against God, and of a new world order.

Now these are in fact biblical themes. They are biblical. Of course we can make over much about current events and we can over exaggerate things, but I'm just giving you my kind of take on it tonight really.

So I'm kind of talking a little bit more from how I'm seeing it. You might see it differently, but trying to relate some of the current events that are going on today with what the Bible says we can expect to happen.

And I put to you that there is a correlation there from my perspective. And Psalm 2 tells us about a conspiracy, if you like. Psalm 2 from verse 1 to 12 says, Why do the heathen rage?

And the people imagine a vain thing. The kings of the earth set themselves together, and the rulers take counsel together, against the Lord and against his anointed, saying, Let us break their bands asunder, and cast away their cords from us.

[1 : 17] He that sitteth in the heavens shall laugh, the Lord shall have them in derision. Then shall he speak unto them in his wrath, and vex them in his sore displeasure. Yet have I set my king upon my holy hill of Zion.

I will declare the decree the Lord hath said unto me, Thou art my son. This day have I begotten thee. Ask of me, and I shall give thee the heathen for thine inheritance, and the uttermost parts of the earth for thy possession.

Thou shalt break them with a rod of iron. Thou shalt dash them in pieces, like a potter's vessel. Be wise now therefore, O ye kings, be instructed, ye judges of the earth, serve the Lord with fear, and rejoice with trembling.

Kiss the son, lest he be angry, and ye perish from the way. When his wrath is kindled but a little, blessed are all they that put their trust in him.

Now we're going to touch on some of the themes here as we talk through tonight's message today. Firstly, what is going on today?

[2 : 27] What is happening? Now some would mock the idea, this kind of idea that the current goings-on could be a conspiracy. And you know this word conspiracy theory, it's kind of laughed at, and people make fun of it.

But it does seem that this is much more than some kind of theory. That's some kind of conspiracy theory. More than some idea that people would laugh to scorn. You know, ask the average man on the street, and I think that they would likely agree, in this time, that something radical's going on. There's some radical changes happening, and just in recent times. I put to you, I think that would be a common reaction if you ask the average Joe on the street. It seems like there's an escalation, there's a convergence.

And I put to you that at the heart of all of this, what is going on is a conspiracy, a conspiracy against God. It says that the heathen rage, and the people imagine a vain thing.

This has been going on since day dot, really, hasn't it? The heathen raging, the godless are angry at God, and people are imagining vain things.

[3 : 36] They're prideful, full of vanity and vain things. And it says there, verse 2, the kings of the earth set themselves, and the rulers take counsel together, against the Lord and against his anointed.

It's saying the kings of the earth here are getting together, they're setting themselves, they're taking counsel, they're conspiring, and there's this kind of uprising against God. I put to you that's what's happening in our world today.

You know, as I see it, it seems like there's this convergence. People have been using that word of late. There's this kind of coming together. It seems like things are escalating.

They're picking up pace. They're snowballing. And at its heart, it seems that there's kind of this rebellion against God. It seems to be more so. There's this ramping up of what has been going on for a long while.

And there's some alarming things in store, we're told through scripture. For example, 2 Timothy 3 tells us about what the Bible calls the last days.

[4 : 39] And it says that perilous times shall come. It reads, for men shall be lovers of themselves, covetous, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy, without natural affection.

Truth breakers, false accusers, incontinent, fierce, despisers of those that are good, traitors, heady, high-minded, lovers of pleasure more than lovers of God, having a form of godliness but denying the power thereof from such turn away.

It's like these kind of characteristics, these kind of ways of life seem more so prevalent today. I don't know if you feel the same as I do on that.

And again, I guess I must relate that some of this is perhaps more my personal perspective. But I believe it does, it does stand true with the word.

Now what we're being told in this very days, these very days that we live, is we have to get used to the new normal.

[5 : 56] That's a big word, isn't it? A big phrase these days, the new normal. I mean, this isn't normal, is it? This is church. We're sitting here, kind of spread out, can't touch each other, can't kind of mingle, can't kind of have close fellowship.

There's limits on numbers. And this is happening right across the world. In fact, in some countries, they can't even gather like this at the moment. And we've got to be careful about legalities, about not breaking the rules and such.

The new normal, that's what they're calling it, as if this is normal. There's this shift happening, isn't there? This cataclysmic shift. And the masses are being brainwashed to accept this massive cultural shift, that things are different now.

The world has changed. You know, church has changed. Things have, things will never be the same, they're saying. You know, God forbid, let's hope that things will change, that we can start to meet more together again.

You know, we'd love to have some men's breakfast again. That kind of, that's a no-no. You know, if bumming sausages aren't allowed, then certainly men's breakfast aren't allowed. You know, think honestly, this is crazy stuff.

[7 : 04] And, and we know this is crazy. And it's just, it does your head in. But things will never be the same. I guess we've used such, we've heard such a phrase before, after 9-11, the world has changed since 9-11.

And of course, we've got used to how it changed. But, you know, there's this sense where the virus is changing the world, and how people are getting together, and not getting together. And it seems like there's bigger changes than just the lockdown, or the shutdown measures.

There's cultural shifts that are happening. This is bigger than just changing rules about assembly of people. There's cultural shifts happening all across the globe.

These cultural standards of morality that are being turned on their head. You know, what we would have thought was sin, and what God's word says was sin, some, you know, years, short years ago, is now seen as acceptable, to be celebrated as normal.

The whole world has changed. Look around you. Check out the news media. It's like we've lost our moral compass as a people. The puppet masters, if you like, are ultimately wanting a global tyranny.

[8 : 15] We see that there's different reports that do indicate this kind of move, this shift of power, and this increasing control over the population.

We see this even in the school sector, that even amongst school children, there's this propaganda being pushed on our children, on our children, on our grandchildren. They are recruiting our children.

You know, the education system does more than teach you reading, writing, and arithmetic now. They teach you social conditioning. It's about your views about gender, and what gender is.

you know, I saw some video clip lately, some Christian professor, he asked Siri, what's the definition of gender? And Siri, you know, the Google kind of app, answered that there's as many genders as there are people in the world.

It's not two anymore. It's just millions, billions. You know, this is ridiculous stuff, isn't it? And our future generation is being taught, this is the new normal.

[9 : 24] And I saw another gross article, which I won't labour the point, but children of a very young age, as young as four, are being exposed to explicit information.

Explicit information. This is weird stuff. And people are being conditioned to think that's normal now, the new normal. And from childhood, people are being conditioned to accept whatever the media pumps out, to accept the fake news, if you like.

honestly, if we don't have that filter ourselves, we can absorb it and take it in and believe it ourselves. But when it's information that's tailored against God, against the Bible, then we need a Bible filter, if you like, in our thinking, in our receptivity, and in our not receptivity to such things. Because friends, brothers and sisters, tonight, the world is against God. They're conspiring against God. They are as the kings, as the rulers of sound tooth. They are getting together and they're conspiring.

It's a deliberate intent. By the godless, the kings of the earth have set themselves. We're living in a world that is against God. And our Lord told us to expect such.

[10 : 35] In John 15, verses 18 through 20, he says, If the world hates you, you know that it hated me before it hated you. If you are of the world, the world would love his own.

But because you are not of the world, but I have chosen you out of the world, therefore the world hateth you. Remember, the word that I said unto you, the servant is not greater than his Lord. If they have persecuted me, they will also persecute you. If they have kept my saying, they will keep yours also. Our Lord is saying here in John 15, the world is going to hate Christians.

The world is going to hate you. Christian, it's going to happen. Expect it. We are told, expect it to happen. We know Paul told Timothy that the godly in Christ Jesus shall suffer persecution. We see a rise of that hatred, don't we? It's like there's a hatred now. Not just an opposition, but very much a hatred. A loathing of Christians. We're seeing it now.

[11 : 41] We're the real Christian church, the one that teaches the gospel, the one that cares about winning souls, must be got rid of. We don't fit the paradigm. We need to be got rid of.

We are trouble to the world system that is anti-God. And Christians are seen by some as enemies of the state. And we have to be silenced.

That's what they want to do. You know, I guess there's a bit of, I don't want this to sound like scaremongering as if I'm kind of making this more than what it is. But this is what I believe is the truth.

Our Lord says, if they hated me, they will hate you. And we're seeing that. I believe we're seeing that. And why? Because the Christian doesn't bow down to what the world dictates. The ungodly dictates.

Now, of course, we will accept and abide by lawful rules that make sense, that are ordained of the government, except when it becomes contrary to the will of God, to the law of God.

[12 : 48] And for the meantime, this is, we can accept these rules that we're under. The fact is, fellow believer, they are against you. The godless, the ungodly, ungodly rulers and kings, if you like, that ultimately may take power.

And we're seeing today, I put to you, this raising up of the new world order. It's a phrase that is commonly used, the new world order, that will effectively dominate everything and everyone in a global scale.

Now, there are various documentation that I believe confirms these things that I'm saying to you tonight, that there are bodies around our planet whose goal is a one world government.

We see that in the United Nations and some of the allied bodies, that they want this as an end game, it's world domination. And you could reflect, I put to you, that what we see in Psalm 2 is correlating with that kind of sentiment that is out there.

They are conspiring against the Lord and against his anointed, against the Father and the Son. They have always been. And they want to enslave and rule the world.

[14 : 11] We see this increasing exercise of control over the masses as we've seen evidence of this of late. Now what has it taken to get the world in a lockdown where everything comes to a

grinding halt?

Industry and social life is just being curtailed. Churches have been forced to close their doors. There's this control over the masses that seems unprecedented is a word they're using a lot of, isn't it?

And the world seems like it's developing into this one large interconnected community. So it's not just within our borders as a nation but this is in many nations. Virtually all nations.

The Bible prophesied for us that Daniel 12 verse 4 that many shall run to and fro and knowledge shall be increased. You know they stopped world travel effectively that running to and fro saying that knowledge shall be increased.

We see this abundance of knowledge not always true knowledge but abundance of access to information that is unprecedented today. And so what do we see?

[15 : 21] When one thing happens one thing happens the whole world reacts such as the virus scare and now we're seeing these riots going on worldwide right now.

Now what happened to that gentleman who had his neck stood on was not right and it's disgusting that he died as a result.

Well it would appear so. But to make that an excuse for a looting and an arson and rioting in the streets and this lawlessness that's not excusable.

really I'll put to you it seems quite evident one thing happens in one situation one video clip one moments of time on a video clip has made this massive global reaction and this stirring up of a racism divide.

For me I believe as I've posted on Facebook really there's no races we are of one blood it says in Acts we are of one blood the colour of my skin could be any shade of dark or white it doesn't matter what colour our skin we are of one blood and we're all of equal value before God as potential children of God when we're saved and race should not be an issue at all but really what's behind all of this is a spiritual agenda there's a spiritual agenda there's deception and really it's all part of that ancient plan of the enemy of our souls wants to cause this global chaos and ultimately a global enslavement it's a takeover we see through the Bible that there's many layers of power and at its height is Satan at the head of all of the power if you like is this occult group who have been ruling over humanity for really thousands of years these are factual things we can

[17 : 36] I can't confirm if you would like me to but of course effectively we only got to touch the surface here but when I'm talking about layers of power we say that in Ephesians 6 verse 12 it says for we wrestle not against flesh and blood but against principalities against powers against the rulers of the darkness of this world against spiritual wickedness in high places it would appear from Ephesians 6 there's powers there's rulers there's darkness there's spiritual wickedness in high places there's almost these layers of power and we see that through organisations such as Freemasonry and such and other secret societies and occult organisations and philosophies that there's these kind of hierarchical layers of power and ultimately at the helm at the throne of it all is Satan himself and no wonder our world is broken it's a fallen world friends the Bible says it's a fallen world so when someone try to blame God yes the

God of this world is to blame small g the God of this world the one who's been given temporary control over this planet is the reason the fallen world this world has fallen into sin and we see that reflected in what's happening now I put to you how easily people will relinquish control over their freedoms and liberties when some manufactured crisis happens there's this manipulation and people will just follow lockstep marching to the piper's tune people will fall for a lie for delusion it's a worldwide program a program of indoctrination and a fear see how easily just lately the masses have been spooked into panic buying why they're fearful there's a fear there you know the toilet rolls are going to run out or whatever it be the food's going to run out so we've got to go down the shop and we've got to fight each other you know actually drawing knives for toilet paper

God help us this is Australia people are being spooked into this panic buying it's ridiculous really isn't it and it's really follows on from the propaganda campaign because the news is limited it's filtered it's controlled it's skewed and it's almost makes people this this scaremongering that it makes people want to panic and and be fearful be moved by their fear driven by fear and we see in this world that gospel preachers are being silenced and censored you know this is hate speech here tonight now this is this is could be seen as reactionary and people and preachers and churches such as this one should be shut down it's a danger to civilization we're not following the agenda the global agenda it's almost getting like that you know I'm probably exaggerating here a

little that's all I confess but I'll put to you that the leftist bias is everywhere you know it's been said I read a quote here the left destroys everything it touches music art economies universities schools sports you know this socialistic fabian communistic kind of idea this ideal these ideals it actually is so destructive to civilization and humanity and the Christian ethos and what has built our society that we know today and I put to you that there's this deception that's across all facets of human society in education in social life in law and order in the economy and who's behind it all public enemy number one it's always been his modus operandi the covert work covert or secret or another like word is occult we're talking about satan he's public enemy number one isn't he he always has been always will be he's that hidden enemy that's orchestrating behind the scenes what's happening and he has always been a liar the bible says right from the very beginning and it seems that people are being conditioned it seems that they would easily be swayed to accept him and some new gospel a global religion it astounds me that people follow mormonism for example they would fall for that it's just such a blatant lie and satan is so tricky that many will follow and march along and join his company he is behind all of this that's where it comes from it stems from those layers of power these luciferian secret societies

I put to you we see that in the word of god from genesis 11 verse 4 and it dates really right back to nimrod's day nimrod genesis 11 verse 4 this was the time the tower of babel was here and the people were getting together and getting all united and singing kumbaya maybe they weren't singing that but there was that sense where they were all very nice and huggy and close and they were wanting to build a name for themselves to reach unto heaven they said let us build a city and a tower his top may reach heaven and let us make us a name lest we be scattered abroad upon the face of the whole earth here was this kind of this force of a people getting together of this united force but their motive was not a godly one their motive was prideful to make a name for themselves their motive was to exalt themselves in this kind of act of defiance against god because it wasn't god's ordained will that they would build such a tower really it was a conspiracy it's been said that the first new world order was the tower of babel this is where the united nations of the day got together and really it was a globalistic kind of power a global globalism kind of idea and nimrod the name nimrod means mighty hunter he was a mighty hunter rather and his name in hebrew it means revolt revolt he was quite revolting nimrod was now you hear that word a lot these days don't you revolt riot chaos nimrod was a rebel against god and at the heart of this conspiracy of nimrod's day of babel of babylon was revolt and it accords you could acknowledge with psalm 2 where it says of those in psalm 2 let us break their bands asunder you know the bands the restrictions of god over us let us cast away their cords from us and they didn't want to be held back from sin they just wanted to be loosed from any restraint and they wanted to do their own thing and it's likewise in nimrod's day at the tower of babel and as satan fell as adam fell we see this theme through the word of god right through from really from genesis in the garden right through man conspiring against god's authority man will not come under god's authority or lawful authority that he has set in place you know you see

[25 : 33] I've seen some pictures just in in the last day or two of you know these young people nose to nose with a police officer who's you know generally speaking a police officer is just doing his job I mean we know that there's some bad eggs out there but here's a police officer doing their duty and there's this young person nose to nose with the police officer kind of spitting on his you know spitting foaming at the mouth cursing him and you think well okay where does that come from now I'm not discounting there's some bad police officers and we know what happened to that man in Mississippi was it Missouri wherever it was Minnesota is that yeah whatever it was some American place that that man it would appear that he did the wrong thing certainly but that doesn't excuse us to abuse and curse police officers who are just doing their you know

God ordained ultimately role of keeping law and order and peace and and keeping society from people stealing and killing each other what it reflects I put to you is more that it's a rebellion against God's authority that's what it is God's authority when there's lawful authority that he has set in place it should be respected it's just like children to parents there's this kind of this thing that the world seems to stoke this uprising this animosity this this you know we don't want anything we want to break the bands we want to cast away their courts from us you know there's no restraint we don't want to be told what to do don't tell me what to do and that's reflective of Satan's schemes I put to you and there's this uproar this revolt it's like we're following the one whose name means revolt Nimrod we're seeing this uproar this revolt in our days and I put to you that there's coming this

super state this socialist slavery this an intentional system will come we see that in the end of the book in Revelation we see that ultimately such a system will take power yet we know that no matter what

God's power and kingdom will ultimately prevail at the end of the end of the book people are more and more accepting these days of evil ideas it's like there's this stoking by the media of rebellion rebellion ultimately against God just like their ultimate leader wants us to who is Satan the ultimate rebel and so I put to you friends tonight that these are themes these are developments that it seems like it's escalating that the godly foundations of society are under attack and those who want this kind of one world rule ultimately want to destroy that which is godly that which is Bible that which is decent and in order that which is dignity and decency and they want a total lockdown a total lockdown where they can dominate people's lives and we see how effectively how quickly they can affect a total lockdown amen we've seen that aren't we how easy it is and how easy it is to exert mind control such that if you don't follow suit you are in trouble and you'll get dobbed in how easily it could be can you imagine where the world is ever more godless where the next generation is trained and schooled to be ever more god hating and god rejecting how easily it could be that Christianity will be seen as abhorrent and immoral to be a

Christian a big part of this exerting control is fear Luke 21 26 it talks about men's hearts failing them for fear and looking after those things which are coming on the earth for the powers of heaven shall be shaken we know this is in the ultimate end time men's hearts failing them for fear people get fearful and the world is easily provoked to fear I put to you that the Bible shows that these goings on that we sing in our days are reflective of spiritual truths being played out we know that the Bible tells us that one day there will be a global system a global system potentially identification system that everyone will be required to adopt in order to function in society and ultimately in order to survive that you can't buy or sell you can't eat basically without the mark and we see that the Bible tells us very clearly that there is such a system ultimately we can expect in place around the world and the mastermind behind it all really is Satan we see in Revelation 12 verse 9 it says that the great dragon the old serpent called the devil and Satan which deceiveth the whole world it's always been his plan to deceive the whole world so I urge each one here today to be alert to deception it's very important I know one of our friends has got a t-shirt that says let no man deceive you I think that's a very good slogan to take to heart let no man deceive you the devil's plan is world domination and I believe the stage is being set for this for his man Satan's man to take the reins a new rule a new reign as with

[31 : 43] Hitler's vain attempt at a third reich there's a potential world dictator who will rise to power look how easily great swathes of people followed Hitler this madman who proclaimed and offered peace and sustainability and success and national prosperity people followed him and it was quite an amazing spectacle when you see footage of Hitler and the crowds that followed him and I put to you that a world dictator will come likewise to rise to power such that he will be loved and adored and be very popular and a new world order will be confirmed the Bible tells of such effectively really when you think about it such a new world order such a an order of a dictator a despot such as that really it's a counterfeit of God's rule over all of mankind through our

Lord Jesus Christ we know that our Lord wants to have and will have ultimately the government shall be upon his shoulder ultimately he will have rightful reign but before that there will be this globalist control and I put to you that we see some of these signs how could such a thing happen how could you conceive that such a thing could come into place we're already seeing the signs now where they're talking about global programs whether it be vaccinations whether it be tracking and this potential for a surveillance state you see what's happening in China these days where the citizens are actually watched and there's a very high level of surveillance that goes on where they're tracked and their every move is kind of registered and it's quite sinister and if

China can do it with their technology it's just a matter of time before that technology goes bigger than China and it's just like Satan tried in ancient Babylon these moves towards a united world we see moves towards a one world economy one world currency they're talking about digital money because these godless forces these global banks want control of the money isn't it interesting how even in recent times in our land some shops are saying we're cashless now they're cashless and we see the whole world economy just in recent weeks brought to tatters look at what's happening we need to wake up and smell the coffee and they're saying it's going to take decades for us to recover from the impact of these lockdown costs and we're seeing this push towards this cashless

society it's really about control I'll put to you and it's much more than just that radical ideologies are being exerted friends we see climate change hysteria you know we haven't seen it so much in the news now because there's a new hysteria there's the virus hysteria now but climate change hysteria seems like it's very prevalent now is there some truth in burning of coal making the world hotter I don't know I don't know that that's proven I think a lot of it is science fiction myself but the thing is it's become a new religion oh you don't deny that you don't deny all of the scientists are telling us the science is settled but no it's not there are voices that don't sing to that same song sheet so there's this kind of this sense where people jump on the bandwagon and if you dare to raise a voice that is different that you are decried and put down and some are calling because of so-called climate change they're calling for a depopulation of the planet you know we humans there's too many of us we've got to get rid of some of us not me but some of you that's what they're saying effectively isn't it you know they're saying we've got to depopulate we've got to deliberately reduce the population and so we're seeing the horrendous reality one million babies aborted every day across the globe and they think that's a good thing because it's part of their agenda it fits with their agenda their ideology what are we seeing in this world we're seeing an antichrist ideology where really communism controls 25% of the population no communism 25% Islam controls another 25% they say so there's a lot of godless forces that are certainly in power and I put to you that a conspiracy is very much a prospect I quote here a saying the meaning of conspiracy and here's I'm quoting here what about the word conspire to conspire means to join together in a secret agreement to do unlawful acts it appears 30 times in the King James as either conspiracy conspirator or conspire in other translations it's translated plot plan scheme take counsel together I put to you what we're seeing at the heart of it all is feeble men plotting against the almighty god you know they're saying that we want to shake his bands off us we want to take counsel together against the almighty god we're seeing that today at the heart of it they're plotting against the almighty god and we see as the committed catholic guy fawkes plotted to assassinate king james king james the king who was reigning at the time our bible was manufactured guy fawkes wanted to assassinate him he plotted that and in england today well certainly as a kid i remember having bonfire nights where they record that time that event that guy fawkes had plotted to assassinate king james but he was taken and they stopped the plot but as wicked men are plotted against lawful rule right through nations and lands there's this nature in man to rebel against god and it's of satan friends he's always been that deceiver that plotter that conspirator and he continues his prideful rebellion today against god as he said i will i will i will ascend and his pride is still a feature of his rejection of god's authority and and and and!

[38 : 44] and ultimately are likewise minded in the increasing destruction of what is right and decent and worthy and and blessed of society what we call marriage these days has been trashed and defiled hasn't it what they call marriage holy matrimony is now trashed and defiled and something dirty and sick the world the governments of our day call that marriage it's anti-god friends powers are at work that are anti-god behind it all is satan satan is the father of lies what a lie that is to call that marriage it's a lie and at the heart of this conspiracy is a rebellion against the true king the rightful king we see chaos promiscuity obscenities much more accepted it's almost like you know you ride the train or public transport or walk the street and the odd word here and there it's almost oh you can expect to hear that word today coming out of the mouth of a female even such that there's a breakdown of morals that no one raises an eyebrow now no one bats an eyelid there's no restraints we want to cast off our bonds we want to let go of the courts we want to take counsel against the almighty it's like people have forgotten to blush anymore isn't it and there's no restraints notice how easily whole nations can descend into lawlessness just in these and again look there's people i put to you that some people are peacefully protesting about this event in america but what we're seeing is more than that this is a breakdown of law and order as rioting mobs use the slightest provocation to excuse as an excuse to turn to looting and arson there's no excuse for that stealing someone else's property and smashing their shops and burning them and their property i saw one policeman set on fire with a firebomb and this is what's happening in our world today it's madness and there's no excuse for that now black lives matter white lives matter every soul matters in the sight of god and we all love and cherish and encourage people of all walks and cultures and colors and but the enemy wants to divide us and we see this censorship at work to silence the voices of dissent those who don't follow the mantras of those who would control us and meanwhile the apostate church is going along with it all just promoting this man-centered religion in this laodicean age more than ever we need to plug into a godly bible-centered church because more than ever we

need to hold together to stand together against this godlessness this demonic influence how we need a call to arms a call to arms to be as we need to be prayer warriors these layers these forces these spiritual wickedness in high places we need to have some godly righteousness in low places to overcome the spiritual wickedness in high places don't we we need to bow ourselves and humble ourselves before the almighty god and be prayer warriors for him that the god of heaven is on our side and one day friends i put to you the tables will be turned the tables will be turned the god hating mockers will themselves be shown for the joke that they are god will have the last laugh it says he that he that sitteth in the heavens shall laugh the lord shall have them in derision it says that god's going to laugh at these scorners and mockers one day because their turn will come what is happening all around us really i put to you friends really in current events in world affairs is i ought i i put to you it is a

a wake-up call for the church to rise up whether some of these things are a fulfillment of prophecy or a foretaste of fulfillment of prophecy it seems clear we're getting closer it is clear we are getting closer i can i can truthfully say we're closer today than we were yesterday to the coming of the lord i can say that's that's definite and whether these current events are more than what they are it seems to me that this is getting serious things are getting serious we're getting to the pointy end i want to tell you saints of god the king is coming the king is coming isn't he do you believe that the king is coming surely it says yeah have i set my king upon my holy hill of zion psalm 2 i've set my king upon the holy hill of zion one day the king of kings and the lord of lords will set his feet on the holy hill of zion he's going to come back to jerusalem and the mountain's going to crack wide open and he's going to go through the gate and he's going to deliver judgment and justice and the world is going to face his righteous judgment it says in psalm 2 they will break them with a rod of iron he's going to have a rod of iron and he's going to break them he's going to dash them in pieces like a potter's vessel there's going to be some uh righteous vindication and vengeance and we've seen uh today much talking of a new world order i'll put to you the ultimate new age the ultimate new world order is going to be a good one amen the ultimate new world order at the appearing of our great god and savior and friends for the meantime you are god's masterpiece created unto good works let us look unto him you know these are not days for us to have our hearts failing us for fear we've got a blessed hope we've got a firm assurance we've got a solid rock promise of our god that if we look unto him we are assured that he is ours and we are his and friends i've been preaching really somewhat of my own take on some of this stuff but i put to you that it seems the signs are more and more prevalent there's this unprecedented series of things happening that should make us want to and we are going to seek after him shouldn't it i put there's no greater time than now to seek after him and titus 2 it says for the grace of god that bringeth salvation have appeared unto all men teaching us that denying ungodliness and worldly lusts we should live soberly righteously and godly in this present world looking for that blessed hope and the glorious appearing of the great god and our savior jesus christ who gave himself for us that he might redeem us from all iniquity and purify unto himself a peculiar people zealous of good works we can have zeal that is a good thing be zealous of good works some people get zealous about about stupid things let's be honest really but we can be zealous of good works or zealous of good works and what a better time than right now to say lord rule in my heart you know the ultimate new world order will be his great kingdom rule and he can rule in our own hearts he can rule in our hearts the peace of god can rule in our hearts we should get ready for the kingdom because the king is coming it will happen in his time in his will his timing his sovereignty his reign will be perfect at his timing and the real new world order will be something that we're not going to be able to put into human words that i have not seen nor have the ear heard neither have they entered into the hearts of man the things that god has prepared for them that love him this real new world order is a blessed hope for you you that believe it's a blessed hope in other words it's an assured and assured a certain a joyous glad gracious grateful hope a blessed hope of the believer and in psalm 2 it finishes off with be instructed you judges of the earth be wise you kings serve the lord with fear and rejoice with trembling there's reason for serving there's reason for praise there's reason for rejoicing and rejoicing with trembling we should take this really seriously we don't know how much time we've got you know if i was in some countries they'd probably be hauling me away after the service or even even coming in and marching me frog marching me out to my uh uh death maybe it will come to them it could serve the lord with fear rejoice with trembling kiss the sun it's got the sense of that adoration such that we would we would worship him in such a tenderness that we'd worship him our

god and king the son of god that we would adore and revere and honor and and worship and love him it's saying that his wrath is kindled but blessed are they that put their trust in him let's pray lord we thank you that you are gracious to us and your grace teaches us how to live in this present world soberly righteously and godly lord help us we see much chaos and confusion yet we know you are the prince of peace and you are the king of kings the lord of lords that your peace can rule and reign in our hearts we can know peace with you and your peace in us the peace of god lord we pray for everyone here can know that truly know that that they can know that peace that passes all understanding that can keep our hearts and minds through christ jesus lord assure our hearts of that blessed hope that sure and glad certain hope of your coming back for that which is the to be desired new world order when you will take rightful reign of this planet again lord we pray give us strength for the meantime to walk in these days with wise ways and wise works lord that you would be glorified in us in jesus precious name amen
