Preacher: David Antwi

[ 0 : 00 ] Welcome. Thank you for listening to The Soulsome Word by David Entry. The words you catch will change your world. May your story change from this message.

Be blessed. Things tend to happen in life. Emergencies do happen in life. It's part of life. But it's not everybody who gets into emergency problem. You can pass through life without crisis. You can pass through life without crisis.

Every now and then you hear that, Oh, this thing has happened to this person. He just died. Oh, this crisis has happened. He just had an emergency or something has happened.

One of his children is dead. Those kind of things. And people go out and never get back because of emergencies.

[ 1 : 11 ] People go for checkup and they only find out that they don't have more than two years. Emergencies. But it's not everyone who lives in life with these sort of unpleasant emergencies.

The emergencies that will happen for some of us here is the emergency that you are there and suddenly you are told you have to fly to America because the president is looking for you.

What does your mind? Something is sudden but it's important. It has actually disrupted your program. You don't have time because you have to.

you have to renew your passport quickly because next month you have been invited to the Oscars to go and give terminus speech you've been invited to UN to go and be an envoy for Peckham that is why we are pressing in what we are pressing in it brings fortune in a golden pot yeah grace will bring you fortune and don't think I'm talking about sometimes there's the dimension where some supernatural sudden turnaround can happen other times too most times it's not sudden it's happening gradually gradually but after a short period of time you look at yourself look at where you are and you clearly remember where you used to be and it's phenomenally different so don't take these meetings for granted standing here and praying is not in vain praying in an atmosphere where supernaturally we have been inspired to know that it's a season where grace is being loaded to some of this life it's being released

I'm telling you there's a prayer you prayed four years ago there's a prayer your grandma prayed there's a prayer your dad prayed or your mother prayed somebody prayed and made a vow that God help this my daughter God help this my son and that prayer has necessitated your being here do you understand what I'm saying if you don't go for lectures or for some schooling I don't know how you are going to get the certificate so the objective is the certificate but the means is some school the objective is a certain supernatural help but God will use certain means do you understand what I'm saying and I believe that this gathering is one of the means God is using to help you don't underestimate the power of gatherings and there are times a grace will be on a gathering yeah there's there's a special blessings manifestations of God in a certain dimension that is released on a certain gathering some of you have found yourself in London for some reason and it's because

[ 5 : 10 ] God wants to help you and you are here you wouldn't have been here but you found yourself in London you found yourself in town and you are here because God is working some grace towards you shout I believe in amen in second Corinthians chapter 8 verse 1 it talks about the grace that was on a church more of our brethren we do you we do you to wait of the grace of God bestowed on the churches in Macedonia they had the setting grace it's not common everywhere the grace was bestowed on them and I'm telling you prophetically that there's a certain grace that has been bestowed on this these first meetings if you don't attend the meeting it's nobody's fault and it's nobody's problem where you show up will determine what sort of thing from God will show or feel your life after the anointed song they said as you go you will meet you will meet three set of meetings he couldn't have said

I've met this one so he should not know three different meetings and every meeting had what it added to his life first chapter 10 every meeting had what it added to at the end of the day Bible says that people said he he verse 10 he prophesied with them the spirit of hell came upon him and he became another man he went looking for donkeys but he came back another man the spirit of hell came upon in fact the people who knew him began to say has Saul also become amongst the prophets they will see your picture no let me finish they will see your picture on social media maybe you were just talking to somebody but they could see a ring on the wedding finger is she also among the married people now they will notice you among a certain group of people they were watching youtube and they saw the prime minister was with some people discussing something and you know sometimes you just see somebody in the shadows is this the person you rewind you go back and you zoom in you zoom in they are saying have you also become those who meet the prime minister

I see your story changing I see your story changing I see your story changing in the name of Jesus shout grace three times very loud hallelujah when pastor charles was speaking he said that grace came with Jesus grace is a person they commended them they asked 15 40 they commended they commend not recommend can you say recommend but yeah can you say recommend but what it means is they commend they entrusted they commended them to the grace of God so you are competing with someone who is running on grace I think you're going to have a problem it's an unfair competition those who are competing with you realize that this competition is not fair something happened in the bible

David David versus Goliath it was never fair it wasn't fair for Goliath it wasn't fair for Goliath in human terms you might think how can Goliath it bullying the people but it wasn't fair because the people were small small small people David was a young boy but David came in the name of the Lord read your bible first chapter 17 he said you come before me with spear and arrow but verse 40 somewhere there and I come before you in the name I come to thee in the name of that was not fair that was not fair that was not fair even in boxing there are different so weights so you are either lightweight and lightweight can't fight a heavy weight but the point I'm making is that Goliath had an unfair competition it wasn't fair for him look at the way he died so miserably only one one stone small stone killed him he's a mighty man well covered with with metal armor how because a different influence got involved and he's the same yesterday today and forever it's not my fault I can't help it those who don't like you it's not fair for them from today it's not going to be fair for them why because grace has gotten involved because grace has gotten involved because grace has gotten involved in the name of

[ 11 : 45 ] Jesus so shall it be grace do grace the bible in romans chapter i like actually romans chapter 6 verse 20 said god shall shortly in other words within a short time bruise satan under your feet don't worry very soon it's going to happen somebody will see satan lying somewhere bleeding and a demon will ask you daddy satan why are you bleeding then satan will mention your name i was dealing with robert i was dealing with corby and now look at me i've been bruised watch this i've been bruised i can't even do anything satan but how could you allow corby corby is corby no you don't understand it's not fair it's not only corby there's something but i can't see the person but there's something behind i see that will be your testimony in the name of jesus who will bruise satan god himself but where under you your feet but it's god who is doing it so they will see your feet on his head they may think it is you no no no it's unfair god himself is there our god himself is doing it i see god fighting for you i see god defending you i see grace working for you greater grace greater grace greater grace greater grace in the name of jesus then he says that the grace of our lord jesus christ oh wow wow yesterday i was coming to church and my girl said daddy i want to go with you she came with me we entered together she entered with me when we are going we went to the car together we drove together she was with me we go home we came out of the car she was with me she was with so you yet last night you wouldn't see me without seeing her that's what it means that she was with me now he says that the grace of our

Lord Jesus Christ you see me coming and you see me being able to do things but what you will not realize is something is with me grace is with me and he says that grace this is the scripture grace be with you grace be with you grace be with you grace be with you grace be with you grace be with you grace be with you grace be with you grace be with you grace be with you grace be with you grace be with you grace and in 1st corinthians chapter 16 verse 23 it still talks about grace be with grace 1st corinthians says grace of our lord jesus christ be with you wow grace be someone say grace is with me say grace is

with me galatians chapter 6 verse 18 grace be with your spirit wow the grace of our lord jesus christ be with your spirit now it's not just you it the thing has entered you your human spirit your human spirit is grace the center of your being there is grace there do you know why they do vaccinations especially the recent coronavirus one it actually goes deep into your system and some people even believe that it goes it has a way of getting into your

DNA those vaccinations so if you have been vaccinated it's not leaving you till you die the thing has entered a touch so that if uncle Kuro shows up there's this thing that can be able to protect you from bro Kuro I mean that's how they say it yeah so it is actually it's like vaccination like when you are vaccinated children when you vaccinate children polio measles you know you don't have to do it again you don't have to do it once it is done it's cast away of affecting or it triggers something in your immune system so permanently there's something that has been it's different from makeup when you do makeup you finish bathing you have to do it again even those of us who paint our nails you have to repaint it or the funny one is the nail extension if you don't do it well refill it or something it will be there it will be sticky but that thing the reason why you have to keep going to do it is because it's not inherently part of you it's not it's cosmetic it's cosmetic it's not inherently part of you but when this grace we are talking about it doesn't it's not on your body it's not on your soul where your emotions are it's attached to your spirit that's why the more you read your bible the more the ways to provoke grace is getting yourself exposed to spiritual atmosphere working that because the thing is chained out in your spirit it's grace be with your spirit you know what I noticed the last word in the bible is amen but just before amen came they said grace be ah ah so that's the last chapter of the bible the last chapter of the bible sorry the last chapter yeah the last verse practically so the last verse the last verse of the bible can you imagine you are reading reading the last thing the bible has got to say before it closes up he said the grace of our lord jesus christ be with you all say if he says be with you all that means that grace is not exclusive thing if I've got it you can get it there are some homes that have electric car charging ports other people too they live on a flat they bought electric car so you have to go to somewhere asda overnight you park your car pick uber go home in the morning pick uber go back to your car because you don't have charging port in some homes it's not every home that can have a garden yeah not every home can have a garden but when it comes to distribution of grace every life can have a portion like in

united kingdom practically every home is supposed to have clean water it's just basic every home is supposed to have clean water and electricity and sometimes gas every home and here the bible says that so you don't get stranded in life the grace of god be with kobi be with awo be with isra be with ayayi be with frank it's like it doesn't run everybody have your portion in this thing everybody have your portion hallelujah so what it means is usually when we come to church by the time we are coming out of church everybody has got this portion of grace you got your own you put it under he's got it everybody has got your portion of grace and you walk with swag because I got grace grace grace is with me grace is with me grace is with me grace is with me grace is with me grace is with me grace is with me in the name of jesus this season i see you catching grace something is tearing something is tearing up something is tearing up biblical things in the core in

What has become of the son of Kish? What has become of him? Because this guy has started operating under unique grace. He's beginning to do things and beginning to get certain results.

[ 22 : 28 ] That's all unusual. People say, what has become of this guy? What has happened to him? He has become another person. He has become another man. Why?

Because he met a prophet. What is happening is that many people don't... I like this. Thank you, Jesus. A woman, when you see a woman's belly like that with pregnancy, you don't think it was just yesterday.

Most of us never know when that incident happened. Yeah. You can't just imagine.

That's all. But nobody knows. You can't say, I was in their house. You don't see when people do all these things. And it came to pass.

When all them that knew him before time saw that, behold, he prophesied among the prophets.

Then the people said one to another, what is this that has come unto the son of Kish?

[ 23 : 36 ] Is Saul also... What? What? What? Ah! They knew him before. They knew his status.

They knew he wasn't married. They knew she was a single girl.

They knew she didn't have a good job. They knew she was renting, renting. Now, has he also become those with property for portfolios?

They knew she used not to do church. He used not to do church. But when we saw... There was a program on TV. We saw big, big men of God sitting in front.

He was also sitting there. Yeah! What has become... You see the way they put it? They put it. When they saw him, those who knew before him.

You see, they knew him so much that they said, what is this that has come unto... They are talking about his father. That's what tells how much they knew him. When they are dealing with you, they deal with you in the light of what they know.

[ 24 : 44 ] About you, the time you were born, your father and... These people, they knew him. They said, what has become of the son of Kish?

It is good that some people knew about you. Because those same people will get to know... They knew your graceless moments.

It's good they knew it. It's good they knew it. Now they will see your graceful days. They will see your days of grace. They will see your days of grace.

They will see your days of grace. I am prophesying. They will see your days of grace. People will see. It cannot be hidden. It cannot be hidden.

They will see your days of grace. They will see your days of grace. When your days of grace show up...

[ 25 : 54 ] Those same family members who were making fun of your marriage. Making fun of your childbearing.

Making fun of your profession. Making fun of your progress. Those same family members. They are about to see it in family meetings. They will say, we can't make a decision.

Until here we are no one is. Maga, baba, baba, shakaya. Your days of grace are here. Your days of grace are here. Your days of grace are here.

Your days of grace are here. With faith in your heart. Shout grace louder three times. Hallelujah! Hallelujah!
