Preacher: David Antwi

[0 : 00] Welcome. Thank you for choosing to listen to another word-filled message by David Entry. Preaching is the means by which God manifests His word and nourishes our spirits. May the life of God enter into you and you as you listen to this message. Be blessed.

Salvation is at the mercy of confession. What sayeth it? The word is near you, even in your mouth. The word of faith which we preach is in your mouth. That if you believe in your heart that the Lord Jesus confess with your mouth, you will be saved. For with the heart man believeth unto righteousness, and with the mouth confession is made so salvation can show up.

One of the things that you must be a master of is master your emotions in the presence of God. Because your emotions can lead you away from the presence. You can be in the presence, but today I really don't feel nice at that.

[1 : 33] You'll be sinking when others are floating. The same presence that is keeping people afloat, it will help you. Because your emotions are determining your outreach.

How you are reaching out. How you are pursuing. So one of the things you must be a master of is your emotions. What do I mean? Sometimes it takes an overriding of your emotions to be able to speak forth.

Yeah. Usually when you're, alright, let me put it this way. Whatever you are filled with in you will eventually overflow in your mouth.

So in Acts chapter 2 verse 4, it said, And they were all filled with the Holy Spirit. And what happened? They began to speak. In Acts chapter 10 verse 44, And it says, The whilst Peter yet speak, the Spirit of God fell upon all those who did.

And what? They began to speak in tongues. Because they were filled with the Holy Spirit. And in Acts chapter 4 verse 31, Bible talks about how when they had prayed, It's like almost every time I had to go to the scripture.

[2 : 45] Like when they had prayed, You must, if you're a member of courage, This is one of the scriptures that you must know of. And when they had prayed, The place where they had assembled shook.

And they were all filled with the Holy Spirit. It's not the end of the story. And what happened? And they speak. They speak. When you are filled with the Spirit, The Bible says in Luke chapter 1 verse 41, And it came to pass, When Elizabeth heard the salutation of Mary, That the baby in the womb, The baby in the womb leapt for joy.

And Elizabeth was filled with the Holy Spirit. And what happened? Look at the next verse. What happened? And she spoke. When you are filled, Whatever fills you comes out.

So when you are filled with something that makes you laugh. What happened? You realize? When you are filled with sorrow.

When you are filled with anger. Very soon to burst out. Yeah. When you are filled with lust.

[3 : 58] Hey baby. Hey baby. Hey baby. So, When you are filled with yourself, Almost every statement is about me.

Ask for me. Ask for me. So, Whatever fills you comes out. Now, Watch this. Why did I say that? So, When you come into God's presence, There are times you are filled with the tiredness of the day.

You are filled with boredom and so much. That if you are not careful, That will override. Or that will, Naturally, It will make you flow away from God. But when you are in the presence of God, You have to move into an overriding state To override anything that is not in conformity with God's word.

So that you have to, By design, Intentionally, Speak out some things, Based on what you are discovering in God's word. Or based on the agreement, And how the word coming from God is resonating with your spirit.

In spite of the way you feel, You choose to speak. And as you speak, You override the condition. And guess what? It is not just what is happening. But as you speak, Situations begin to line up. [5 : 19] Oh, come on. Ragapa Shaddahaya. That's one of the reasons why we shout. We shout.

He said, With the mouth, Confession is made, So salvation can be actualized. So what you don't say, You can't see.

In your life. If you want to see it, You gotta say it. Genesis 1.3, Genesis 1.6, Genesis 1.9, Genesis 1.11, Genesis 1.14, Genesis 1.20, Genesis 1.24, Genesis 1.26, Genesis 1.29, God said, God said, God said, And what happened?

Verse 1.31, And God saw. So what you are saying, Is eventually, What you will see. That is why faith is invalidated by confession.

If the confession is not in line with faith, It's actually fake. Faith must be actualized, And it's usually demonstrated with speaking.

[6 : 46] A kind of speaking, That does not start from the mind, Or from the feeling. It's a speaking that starts from the heart, That has been inspired by faith.

So first of all, Faith must come. And if faith has come, It's that we also have, The same spirit of faith. Therefore we speak.

2 Corinthians chapter 4, Verse 13. We have the same spirit of faith, Therefore we speak. He says that, We having the same spirit of faith, According to us, It's written, I believe, And therefore have, Have I spoken.

We also believe, And therefore we speak. I believe. I believe. Why am I saying all these things? I'm just preparing somebody, To orient you, To format you, For what God is about to do today. This thing I'm saying, Is not because I just, No, No, I didn't prepare to say this, But it's a formatting process.

[7 : 52] I step here and prophetically, I just can see, Some people need, A bit of balance, And we need to format. So when you are ready, When you are ready, And God moves, You catch. Well, I see somebody catching tonight.

I see somebody zooming in tonight. I see somebody tapping in tonight. Oh, Your story is changing tonight. Oh, Your situation is changing tonight. Oh, Your condition is changing tonight.

I speak prophetically over your life. I declare prophetically over your life. That your story is changing. Your condition is changing. Your situation is changing.

If you believe in Shari, Yes Lord. we believe and therefore we speak we believe and therefore we speak sometimes you have to change allegiance by virtue of the way people speak no no no no change company change company bible says how forcible in job how forcible are right words it's so forceful you can't resist it stronger than bulldozer how forcible are right words so if you are not in the right words company international it's important all around the world your association even on social media that's why it's an international company it must be right words company right words because right words are forcible they enforce that's here the lord they enforce that's the purpose of god they enforce it how forcible are the right words how forcible are the right words your words will change your world and this evening is a very special night for somebody your hunger your faith and determination your hunger your faith and determination will make it the night to be remembered one of the reasons why it's good to be in church is and not just be in church and also to have a sound spiritual leader or leaders is that you get to learn the ways of god actually the removal of your burdens so long as jesus is concerned has a lot to do with what you are learning matthew chapter 11 verse 27 it says that come on verse 20 come on to me all ye that labor and are heavy laden and i'll give you we stop there by 29 it says that take my yoke upon yourself and lend watch lend lend the removal of the yoke has a lot to do with who you are learning it's who you are learning when we come to church some of these things i'm talking about about speaking about shouting about certain behavior adjustment about honor about forgiveness mercy i spoke about mercy all these things you are learning christ you are learning and once you get to know these things it's like someone who has passed their driving practical driver's test you know how to reverse it and be you know some of you people thought you could never drive yeah

before you started driving and all that you yourself thought you could never you scratch the learning the car you listen to the learning the cab you spoil a lot of the wheel cap you have destroyed a lot of wheel cap the first time i started i used to wonder am i supposed to look at the speedometer and at the same time look on the road and how do i find the gear which is number one number two how do i do all these things at the same time how can i coordinate them you wonder how do i coordinate

gear number one where is it is it here or there how do i know and then press this one which one am i pressing but i still got the speedometer and then look on the road and then every now and then look at the driving mirror what's going on i thought this is not possible but now i can be driving and drinking tea and and then just my hand is on the steering like that because i know the gears everywhere is already and stuff like that you know after you learn it over a period of time it becomes like natural your nature and it's very difficult for anyone to bully you or take advantage of you and so when you learn christ and you learn of christ then in church after a while you know you have the wisdom for mastery in life raising your children marrying doing important things in life doing ministry there are some stupid things you can't do because you are too smart and wise so then when you find yourself in church that's one of the things that must be happening besides praying and all that you must have an encounter with jesus through learning him over a period of time you are you know what to do you know what you can't say the doctor says something hey i'm there you know you know there are things you can't say unless you choose to work against your conscience but you know some things you can't say you know some things you can't do you know some things you can't you can't just feel comfortable about doing some places you can't go when you begin to learn of christ now so it's important to understand coming to church this major role it plays but secondly i want you to understand to i want you as well to understand that second corinthians chapter three verse three verse four verse five verse six talking about how god has made us able ministers verse five said not to think of anything of ourselves but not that we are sufficient in ourselves to think anything of ourselves but our sufficiency is of god say our sufficiency is of god watch this it's not just talking about what you are receiving this text is in line with what you are giving look at the next verse the next verse sufficiency who has made us able a minister is someone who gives not someone who takes okay who has made us able ministers not according to the letter but of the spirit so we are ministers of the spirit why because the spirit gives life so we are ministers to minister life into somebody's situation via the spirit that is the difference between a spirit filled or an anointed or a god ordained minister

[16:28] and someone who is also doing something a god ordained minister ministers spirit into your and ministers life into your life into your marriage into your health into your situation i see somebody catching life in the name of jesus you don't catch it because it was said you catch it because you received this is some other way you learn you catch it not because you are here the pastor say god bless you and so you are blessed no they can say god bless you and it just jumps until you go to the next place you say amen god works with man always in every human endeavor god works so god will work with me to speak into the church and speak into your life and now he will work with you to enforce his word in your life so it is never the work of god on earth is never unilateral it's a corporate work so he said not according to the letter but according to the spirit for the letter kill it but the spirit gives life the spirit gives life so in john chapter 6 verse 63 jesus said these words i speak to you is that it is the spirit that quickness it is the spirit that quickness the flesh profits nothing for the words which i speak unto you they are spirit and life so as you keep listening to message you are actually catching the spirit upon the person there is no way you can catch the anointing of my life just by looking at me you catch it by listening by listening and another way is by hanging around but when you hang around you tend to be listening more so you catch you catch a spirit upon a man through his speaking because when he speaks he releases of his spirit whatever spirit you are contained that you are carrying what you are contained whatever when you speak it's of the spirit that you are speaking jesus said the words i speak are spirit in their life where's her spirit so in the book of luke chapter 1 again verse 41 it says that and when elizabeth heard the salutation of a human being baby who is not active who is not aware of anything he knew a spiritual person has appeared the baby started leaping i mean leaping no kick he leapt he leapt he leapt for baby jumping in the mother's room baby jumping in mother's room because somebody say hello somebody just came and said hello baby say ah baby leapt in the mother's room that's what one baby leapt in the mother's and elizabeth was filled how mary's greetings mary's greetings filled so who told you your situation is final when you can have access to anointed ways listen she was pregnant supernaturally with john the baptist but if john the baptist had been born without the encounter with mary mary's needed mary's encounter because mary was carrying something superior carrying something

stronger carrying something powerful and mary didn't stay with her before she caught it as soon as she heard kababashada as soon as she was filled with her spirit and she opened her mouth she

spoke and said blessed are you amongst women blessed and blessed is the fruit of your womb and she herself you see in 41 41 is an account it's the story being narrated so it's and this happened to her and this is a story being told but 43 is her own account so 43 said and she said why should the mother of my lord come to me that 44 watch this 44 he said follow as soon as the voice as soon as I heard it something happened to me he says that the spirit give birth life as soon as I heard the greetings I heard and you are not just hearing greetings you are hearing prophecies I I prophesy over your life I prophesy over your life that the power of the evil one will no longer be able to hold you forth nothing will be able to keep you down nothing can hold you down nothing can keep you down in the name of Jesus no force of hell no power of darkness no programming of hell we will be able to keep you down in the name of Jesus in Acts chapter 10 verse 44 it's a scripture I also quote always whilst Peter was speaking what happened it's like his voice activated before holy ghost before Siri and hey Google and Alexa and all those crazy stuff holy spirit as whilst Peter yet speak the problem one of the things I need you to learn which is a problem of some people is you don't have to wait for a special time in the service every moment of the service is a special moment it depends on your faith your thirst and your understanding that is why in the realm of the spirit rich people who are rich in the realm of the spirit are people with insight it's your insight that changes your status in the spirit it's your insight it's your insight when you have certain insight you practice others may be practicing what you are practicing but your results will be far different because you are operating with a certain insight so when you have an insight about a service you don't wait for a time you don't wait for a time where we are laying hands you don't wait for a time of every aspect you just know that

I'll stand upon my rampant and I will watch some miracles have already you will not miss your season you will not miss your hour you will not miss your moment you will not miss your opportunity in the name of Jesus by the rivers of Babylon where we sat down yay we wept when we remembered Zion Psalm 137 verse 1 that was but they who carried us away captivity required of us a song saying sing us one of the songs of Zion and he said how can we sing the lost song in a strange line the heathen that took us away captivity they knew that there were some songs of [25 : 23] Zion Zion is the gathering center of God's people and there are certain practices certain behaviors that are just Zionic when you are out you just know we do it but much of it might not even make sense to you that's why we have to learn of Christ because the world does not know us because they don't know him that's why they don't know us 1 John 3 2 they don't know us because they don't know him and so do certain things of Zion like the songs of Zion like shouting like saying amen like praying like behaving like mad person you know like wait wait wait how many of you have ever gone to a place where you see some of you have experienced that not even gone to a place you see a group of people who give so much honor to their pastor that you begin to feel this is really too much some of you can't raise your hand because you feel guilty you feel like this before why are they doing the devil replicates a lot of things that we learn of

Christ that when you are in the world it doesn't make sense you can't tell this is disgusting but in Christ in fact that is a similar pattern because those patterns carry divine audacity or the divine ordinations to release testimonies in people's lives yeah to release testimonies in people's lives and so when people are in the world they say why why do you how many of you have heard someone say why do you have to go to church every time watch this in their world it doesn't make sense but in your world you feel sorry for them you just don't know yeah some can't understand why would you give your money to church listen money is meant to go it's going whether you give you have to choose to give it to God because something will take it yeah oh yeah

I'm telling you something will just take it yeah sale can take it yeah sale can take it somebody's birthday party something will take it a shoe will take it a parking fine will take it broken washing machine will take it landlord might take it sercharged might take it hairstyle might take it yeah extra eyelashes you know sometimes you go and buy something and later on you regret I've spent so much money this is useless yeah yeah that's the devourer you don't pay your tithe useless eyelashes will take that money yeah you pay so much money for this week and you can't even wear it because it's smaller than your head they don't learn christ so there are people who are in church but every time they have something to complain about christ about church something and they they have a way of separating so said okay hold your hands they said okay me this one is church this is christ they separate christ from the church it's christ it's me it's me it's between where is christ where is he they lack insight they lack insight for information by the leadings of god with all humility

by the leadings of god i declared today's meeting if i had not said we have no meeting here you won't be here you don't know sit there and think yeah not by my whims because that's why when god pushes you in a position there's a responsibility for it not by my whims but just let's let me speak like i can declare tomorrow we are we are praying for the past seven years have we to be doing june fast every time is it not 30 days that's true for your birthday yeah i can stop you for your birthday that's how serious it is that's how serious it is why are you still standing those who choose to sit there might be legitimate reason but most of you won't sit down unless there's a reason no sometimes depending on what the person might be going through but we are all standing because i haven't said anything i'm just talking you have to keep standing waiting and then somebody will tell you that pastor what else we do in fact you have come here yourself to come and watch who asked you to come it's the pastor who called the meeting and you are coming and you say what's the pastor you lack understanding that's why your testimony is very far that's how it works that's how it works so there are things we do in the kingdom with insight which the world find very unacceptable or the backsliding

those who are backsliding or already backsliding they don't see why do i have to fast again do i have to go to church every time when you don't go and they are calling you calling you it's a backsliding language davis i was glad when they said let us go to the house of the lord your heart is cold that's why you're talking that's why you're talking that's why you're talking i don't care you're going i'm a coward you know what they know themselves listen you are backsliding that's why you're talking like that satan is waiting for you on the other side he'll meet you i'm telling you you talk like that he'll meet you and he'll whack you if you are proud you can't come back until you are on a stretcher it's critical if you're proud you can't come back but if you're not proud you come back and realize that i need this yeah and so there are things we do in church that don't let anyone talk you down but make sure you have biblical insight make sure you have biblical insights don't underestimate a man god uses don't insult god don't insult god god god has chosen that this the best law use and you are taken on about god can't use it like that don't insult god if it the the king has asked is it hey man what shall be done for the one the king desires to honor the king has chosen that you are the one i will honor what shall be done for that person you can't tell the queen that no people what people desire to do they can't no no the king said i want to honor this person he said it's okay then go and do it for my enemy yeah the king said i want to honor you have to just follow what the king so you might not like the person but if god has chosen to put his honor on that just follow god because you are on the other side of god that's how it works insights i want to say insights thank you for listening to this message by david entry to hear more from david entry follow him on facebook instagram twitter and linkedin you can also subscribe to carish church on youtube don't forget to share and subscribe to our podcast so you're always up to date be blessed you you you you you you you you you you
