Preacher: David Antwi

[0 : 00] Welcome. Thank you for choosing to listen to another faith-building message by Pastor David Entry. Faith comes by hearing and by hearing the Word of God.

May your knowledge of Jesus Christ increase as you listen. Be blessed. God is in our midst doing amazing things.

God is in our midst helping us. God is in our midst doing what only heaven can do. You see, what you don't fear doesn't have power to conquer you.

That's why terrorists, a lot of governments, because that's the name, terror. To strike terror. And you can't even say the truth you know about them because you're afraid.

Fear. So the Bible says that in 1 John 4, it said fear has torment. Can you imagine? Fear, it has torment.

[0 : 58] Just the fear. A lot of people have died through fear. Bad news. Verse 18. Yeah. There is no fear in love.

But perfect love casts out fear. Why? Because fear has torment. He that feared is not made perfect in love. Fear has torment.

Fear will torment you. There are a lot of people who have died because they heard negative news. And the news strike fear. Terror in their hearts. Like I was telling you recently.

Someone was telling me how their relative died. They've been doing well. So they're told that you've got this sickness. And you know what? It's a bad sickness. The relative said, you know what? I don't think I can live anymore.

I'm too much afraid to live. I just worried. And he said, no, don't worry. You've survived 10 years of this kind of, another type of illness. This one. Don't worry you. He said, no, no, no. I don't think. And she died.

[1 : 57] Hebrews chapter 2. Verse 14. For since the sons were flesh and blood, the children, he himself, he himself likewise shared in the same, that through death he might destroy he who has the power of death.

That is the devil. The devil has the power of death. So Jesus came that he would die and through his death he would destroy the devil. He died.

So those people say, oh, on the cross, Jesus died normally. No, no, no. His death was a job. On the cross, he was working. The greatest part of his job was on the cross. He was working.

And in his death, watch this, in his death, death died. The death of Jesus was the death of death.

So he went into death, punished and did a fatal blow to death and resurrected. and left death dead yes hallelujah the death of jesus was the death of death so bible says that he himself because the children we we because we are partakers of flesh and blood he himself also shared that's why he had to be human being he had to be flesh my youngest daughter came to me he said that i have a question for you i said okay talk to me what is the question and she said why is it that jesus just didn't go to bed and then he woke up he couldn't wake up and then he's dead and by that's also death so why must he be crucified why did he have to die on the cross before his death can be valid for us because if he had gone to bed and he didn't wake up or even if he was sick and he died or you know someone judas took a knife and stabbed him that would have to be there i said wow you are thinking very good and i know some of you want me to tell you the answer you want to know the answer the other question is if he had to shed his blood why didn't he scratch his finger somewhere cut himself and then the blood will come it's still a flow of blood blood why must he be on the cross and that question my daughter asked also implies when he he was born and herod was killing the children why didn't god just allow herod to kill him so he has died for us so that even all those children who were executed thousands of children who were under two years old boys who were

executed in luke chapter 2 don't put the scripture out in luke chapter 2 all those children who were executed why didn't jesus just allow herod to catch him or god told the angel send the boy to herod let him kill him and he would die on the behalf of all humanity because then death is death no no as mooses hang the serpent on the tree so must the son of man john chapter 3 you only read john 3 15 16 you don't read 14 and 15 14 that's where the miracle is he said as mooses lifted up the serpent in the wilderness even so must the son of man he must also be lifted in the way the serpent was lifted how this the serpent was lifted so whoever will look in numbers whoever will look at the serpent will be healed if you look at this if you are beaten by this poisonous snake satan is the old serpent satan is the old serpent if you are beaten by this poisonous snake serpent the devil when you look at his numbers 21 when you look at the bronze serpent and uh is that put your door if a serpent have beaten anyone when you look at the bronze serpent he lives hallelujah hallelujah i feel like preaching this is this is too good this is too good it is too good when the when satan sent the serpents and they were biting or when the serpents came and they were biting the people of israel watch this let so did satan know that god was his dress rehearsal for what is about to happen to satan he didn't know he didn't know that was the sample so he told mooses this is my solution to the power of the serpent make a replica serpent it looks like a serpent but doesn't have venom and put that serpent on a um on a tree on a tree and hang it high enough so that anyone who can see that serpent will receive their idea if you are bitten by i know you have been beaten some of us [6 : 56] were bitten we're bitten by a spirit of addiction carbon or shatter kaya bitten bitten bitten by by by uh uh uh non-achievement bitten by negative patterns in the family bitten by all kinds of issues in your body all kinds of issues in your life unpleasant things bitten bitten by failure failure upon failure if the serpent bites you said put that separate that my own type of serpent there he said put it there so that when people look at it they will live and then then john says that as mooses lifted the serpent as mooses lifted the serpent in the wilderness even so someone scream even so even so someone stay even so even in the in other words in the same manner in the same fashion the way it was working there now this is the original there was a shadow there was a replica this is the original so even so must the son of man be lifted forward if you look at him you will leave then he goes on to say that whosoever believes in him that that's how you look at him that's how you look at him whosoever believes he should not oh my god i feel like this preaching is getting too good for my spirit i just can't sit down i can't help this thing i can't help this thing he said so that anybody who look at the serpent will be how do you also look at this jesus serpent jesus will he's not a serpent but he came he's not also flesh we have the poison in the flesh he came like flesh so that they put his flesh on the cross on the tree so that if you can also look how do you look at him so that whoever whoever believes in him should not perish but have everlasting life then that then you bring john 3 16 most of us only know john 3 16 you never know what came before what came before was more powerful than john 3 16 for god so loved the world that he gave you so only because he said that why john 3 16 starts for four four four four wow throwing light on what why god did what he did in verse 14 and verse 14 and verse 15 because god so loved the world that he gave his only begotten son that whosoever whosoever believes you know so believing is looking up to him so let me go back with this fear thing and let me end it is someone getting something oh i feel i feel fired up i feel fired up i feel fired up someone shout fire the holy ghost oh the holy ghost hey hallelujah hallelujah hallelujah hallelujah hallelujah hallelujah don't speak to god for the cross he had to die on the cross because you and i have broken the law of god and because of that we come under a curse when you break the law of god you come under a case so who carry your case for you to go free bible says case is anyone who hung on the tree so he had to hang on the tree so that the case that we deserve will be transferred to him because it's a legitimate legitimate transfer seamless transfer it's like when you fornicate seamless transfer of devils they just come into your life like that yeah same it's not there's no inhibition there's no prohibition fornication opens you up for free flow of devils from the person you are with inside them and then straight that's why after that fornication you became an addicted pornographer it came from that lady it came from that man my god i feel like bitch you know please please please yeah it just comes free flow is like fiber optic broadband hey 5g 5g 5g it comes like that you think you are you are enjoying your life or you are having fun no

you are receiving downloads downloads of negative spirits all the spirits are in people and they come through the pipe they come through the canal once you connect yourself and they don't respect any protection their plastic is not powerful if they can go through wall how much more plastic no no no no no no no no plastic plastic plastic can prevent sickness and it can prevent

physical things but it can't prevent spiritual things metal walls cannot prevent spiritual things i'm talking to somebody hey so when he died on the cross there was there was seamless flow transfer of cares from us to him that's why he had to be on the cross so that just like the serpent and then to being on the cross is a sign of a case and he had to live a full human life he couldn't have died as a baby why because if he had died he hadn't obeyed any law i didn't live the perfect i had to obey the laws of god but he had to obey the laws of god for him to be tempted just like we were tempted at every point according to hebrews chapter 4 verse 15 he was tempted at every point just like us how can a baby can be tempted now so he has to live through all the spectrum of human feelings so he was tempted at every point he was tempted in all points as we are yet he didn't sin so because he was sinless he went through what we are going through or we have been through he went through it and came out perfect so now when he died he took our case and transferred his credit of perfect living to us so that when you go to the father in the name of the lord in the name of jesus the father said come on come close come close i'm talking to you i'm telling you the truth come close come close come close come close and that that your your opponents and your enemies are thinking but why god why why are you allowing to come this one is a dirty person and god said no i can't see that he has put his faith in jesus and all i can see is he's just like i see another jesus coming i said oh i see another jesus approaching me and jesus is fall less this person is sinless he's coming in the blood of the lamb it's it's in your bible you see it is in your bible the problem is you are either not reading your bible or you don't have a good teacher oh oh we have a teacher in this job hebrews chapter four we just read it there's 15.

look at this are you not enjoying this thing it's too sweet for my liking watch this for we do not watch this we do not have a high priest who cannot be who cannot sympathize with our weaknesses in other ways we have a high priest who can sympathize with our weaknesses does that does that make sense because a high priest we don't have a type of happy doesn't sympathize who cannot so that means the one we have can sympathize does that make sense so for though i can read it like this we have a high priest who can sympathize with our weaknesses why uh he had to use that negative because of the next point but he can sympathize with our weaknesses but roger because he was also tempted at every point so he understands what it means to be tempted wow when i used to be in secondary school we used to be in su and we used to sing this song said he walked where i walked he stood where i stood he he he knows my frailty he tempted in every way yet without sin that i might leave god with us close to us god with us he walked where i walked he lived where i lived wow he was tempted just like us so when you are going through temptation and you are struggling and you say lord jesus lord who for whoever i shall call on the name of the lord shall be said lord jesus he understands and he comes he can't he comes to help you because it's not that he hasn't been there before he has been there before i know what some of you are thinking oh pastor jesus's days his temptation was not like my own no read your bible i know what you are thinking that he was not tempted like me because as for me the things i have seen and the things you know jesus jesus cannot be tempted i'm telling you watches he was tempted in every way it's your temptation girls he was tempted at all points hey yes boys at all points yes yes yes i'm telling you yes yes unless you can have another interpretation explanation to at all points at all points the points will be he was tempted at all points every point of temptation he passed through it so when you get to your die or junction he understand tend to jesus and say lord jesus help me forgive me and help me and he'll forgive you and help you hallelujah hebrews chapter 4 verse 15 again we do not have a high priest who cannot be who cannot be who cannot enter and sympathize with our weakness but was at all points tempted as tempted as we are yet without sin look at the next verse watch this what you see did you see the first three was there let us therefore which way we wait why therefore on the premises on the premise of the fact that he has been tempted and he can sympathize with us and he's with us in because he has passed through where we have gone through said because of that and he has carried our sins therefore let us come boldly before the throne come come don't be afraid come come he said come come in come in he said but the things i did yesterday and i've repented i've asked for forgiveness the devil says that god has evil said don't mind come the only thing is you have to repent of there are people who are in church who have not repented you are waiting for us to finish so you can go and continue wow because you just come to church it's a break hey break it's a break yes it's a break you are just waiting when we finish you are continuing the people i don't understand is how you are comfortably cohabiting with your boyfriend or your girlfriend and you are saying oh god god you understand you understand move out and go and share if you don't have a place go

and share with your sister a lady friend i don't have lady friends make one make one god make a way for you if you make one and move out move out move out from the sinful environment because it is stifling your testimony it is stifling the blessedness of what god wants to do in your life it is opening the door for the enemy to reign and rule freely so this is not uh moral codes this is just spiritual advantage to get yourself as be in a position where you will have spiritual advantage things will work it will work for you hey you're on the zoom you have come on you do you've been coming because you're that girl told you have to come then if you come then he can also she can also let you come and visit her home so you are coming on the zoom so the afterwards you have something to say and say see i was on the zoom you don't repent you don't repent you don't repent and and and he says that who through he himself shared in the same hebrew chapter 2 verse 14 again this one is the chapter 2 not chapter 4 he himself shared in the same that through watch this that through death he might destroy him who has the power of death that is the devil and look at verse 15 oh the 15 is too much it's too much why and he will destroy the devil not only destroying the devil and release those who through what fear of death where all their lifetime is subject to bondage because you're so much of see fear is the fear of death so he has destroyed the one who has dead so that you and i can walk free of death so that those who through fear of death there are a lot of a lot of um witch doctors who because people are afraid of death that's what gives them markets yes which doctors they have market because people are afraid of death he says came to run them out of business but unfortunately if you won't come to jesus then you are still subject to the intimidation and the threats of hell what you fear can easily happen what you fear that's what jesus said why are you so afraid when they when jiros heard that the daughter was the daughter was dead 12 year old child was dead jesus 10 mark chapter 5 verse 36 he says then to him he said fear not only believe don't be afraid just believe because when you are believing you you are looking up to jesus when you fear you have turned your face away from jesus that's how peter sank in matthew sank began to sign sink in the in the in the storm or in the water in in matthew chapter 14 verse 28 he said if it's you tell me to come he said jesus said come started going verse 30 that verse 30 says matthew he said when he saw the boisterous wind and when he saw everything he was afraid he was afraid why because he started looking but when he saw the wind was boisterous what was he looking at he was looking at the wind he took his eyes off jesus started looking at the wing wind and he was afraid sometimes satan will intentionally send you some bad reports send you some bad news so you can take your eyes off jesus and keep your eye on the situation on that report on what is going on god said he will give you a job why are you so worried suddenly so much afraid that oh people are losing jobs so and so what people are losing jobs and so what people are losing jobs and so what people are getting uh miscarrying and are there not a lot of babies being born are there not people last year when people die he said this thing is killing people now two weeks a week ago the government

said in uk those of us in uk the government said that this is leaving now the strictest lockdown because the thing is getting worse worse than what we have seen so last year many people were dying how come you are here is it is everybody who died no no no listen i'm not saying that we are doing this online thing because we are maintaining social distance isn't it isn't it yes i'm not saying don't don't maintain social distance no i'm not saying that i'm not saying what the government is saying is not true i'm saying what the guy in spite of what the government is saying if people are going to die it's not you and your household amen because some watch this some oh i was i am at about a month ago when i had a privilege of uh preaching at impact later on i was with uh the archbishop his eminence at bishop nicolas duncan williams a great man of god we salute him papa and i was with him we were talking and he said he preached a certain message i think on the last night he preached that there will be a remnant there's a remnant doesn't matter what is happening so when we are going to his office i was talking to him well i think we're in his office and i was saying that there papa in spite of all the negative things that are happening are happening in our in our world some must live to be oh i said some of us god will preserve us he said yes he said yes son some must live to tell the story some must live you know up to now there are survivors of hitless wickedness jewish survivors who are still alive to tell the story how it is when they die others those of us who have heard from them we cannot pass the story on because we heard it from eyewitnesses that is how look the the gospel according to luke was written the gospel according to luke from luke according to luke chapter one verse one two and three he says that since a lot of people have taken upon themselves to write to write account of the story of jesus i also have oh theophilos i have taken upon my theophilos means a lover of god someone who loves god okay so

he says that it seems good for me also having perfect this is a medical doctor he's a scientist having perfect understanding of all things from the very first to write to you an orderly account he's writing an orderly a systematic account yeah because others have written he said me to have done the investigation look at from let me read from this one is someone learning something oh i'm telling you your insight into god's word is what gives you mastery in life as much as many have taken in as much as many have taken in hand to set in order narratives of those things which have i which have been fulfilled amongst us talking about the days of jesus look at verse two full amongst us just as those who from the beginning were eyewitnesses and ministers of the word delivered to uh uh uh delivered them to us see said just that this it was told us by eyewitnesses what we have heard people who walk with jesus they saw him they tested they heard him they saw the miracle they saw him walking on the water they all lived after jesus has died they lived to tell the story so that it can be documented so luke said me to have taken upon myself look went to see mary mary was old around that time i believe mary was a very old lady and said mary can i come and see you mary said come and i came and he brought his notes he said i need you to tell me exactly what happened when the angel visited you how what happened what did he say and mary said the angel told me hell hell hell mary did he say full of grace please the angel jesus it's only jesus was full of grace in according to john chapter one verse 17 bible says that john 1 17 says [25 : 50] the lord came by most by grace and truth no it's i think from verse 14 rather verse 14 verse 14 the word became flesh and we saw the glory of the uh only because full of grace and truth he says was the only one who was full of grace when the angel came to mary he said hail mary why did he say full of grace he said the angel said hail the hail he didn't visit him he said hail thou art highly favored the lord is with thee okay and so luke took his time spoke to mary spoke to peter spoke to eyewitnesses went and even spoke to people who were healed spoke it took his time to have an orderly documentation so that we will be certain yeah we will be set he said with certainty he wanted to give you assurance we will be certain is that that you may know you may know that you may know the certainty of you see that he wrote it so someone will be certain and not say oh some some scientist said it didn't happen that's no he wrote he said scientific he took his time to do thorough events it was an academic exercise he did wow he did a thorough so his chapters were very long he took his time went and he wrote it orderly from event to event from event to event wrote it orderly so that somebody oh theophilos theophilos is philo is lava you know philadelphia philo philo adelfos adelfos is brotherly uh so brotherly and then philadelphia philo adelfos adelfos so philo adelfos lava uh brotherly love so philo is love and then theo thales is god tales tales so thales philo is god lover so those who love god they want to know god he said i am writing this to you so that you can be certain hey i'm preaching today oh you are you are preaching he said i am i am writing these things to you oh theophilos verse three verse three is a good name theophilos most excellent theophilos i'm writing these things to you first of all uh from the from very first to write to you an orderly account most excellent the theophilos the first verse four that theophilos you may know this know the certainty of those things give you king james let's see how the king james put it yeah that damn might just know the certainty of those things new american standard version please new american that that might know the setting the same the certainty concerning the things wherein thou was or was have been instructed you are certain about these things so all the nativity the nativity story in luke it was it was did it was like an academic research phd work he did an academic research so that when you are reading the nativity story the angels the wise men who came from the east it was real it took his i believe he even traveled to uh babylon to go and meet persia to go and meet the white wise men and to check he even traveled to look for the the shepherds those who are alive to ask what did they see did they see the angel he took his time and did a thorough research and to present it to us so that we can have certainty so we can have certainty you cannot walk god without certainty you cannot walk with god without certainty and so sometimes certain will use what is doesn't look setting to put fear into you you put fear into you oh are we this whole thing about titan i'm on titan is it really of god it's

of greed greed non-titant is a reflection of clear greed clear greed and we it's like once i want to say i'm an atheist this is just i was a fool says there's no god because the evidence is too clear for you to say there's no god it's you must actually be trying to work against the evidence to say is it not only a fool who argue against an evidence yeah and the evidence is not from external it's inside you are you are born you have to be taught that there is no god for you to assume there is no god because it's innate it's inside you the witness is too strong inside you so you go against your moral

instincts from within so atheism is not an intellectual issue it's a moral issue you are trying to stand because if you say there's god that means that you have to obey yes well people find it easier easier to say there is no god so that but they will say oh who calls the big if you ask who calls the big bang to bang they said there is something there's a force so what who created the force where did the force come from i don't know but i refuse to call it god ah you know you know there is something that started everything but he said whatever he started i i call it a thing i don't call it a he i don't call it a person it's not a person it's a thing so this thing started everything when you go and go and go you'll meet something there must have been something even the big bang the newton's law of motion says that an object stays in constant motion or in the states of uh whatever at the same spot unless an external force is applied if you say that big bang just happened by itself it is against the newton's law of motion that's right because something there must be a course before a reaction wow there must be a course something costs it what is the cause god is the on course course hallelujah causing by you cause everything hallelujah so be careful jesus said fear not only believe fear will be coming setter will show you a lot of evidence you wake up one day and the sister said aha the cancer has started that's the same way your uncle died yeah yeah tell me tell you uh-huh cancer is coming it's coming oh oh and he said yes that's that's the cancer that's the cancer you have to see them see the doctors quickly and when you go and they take some blood samples you are waiting for them to care to come and confirm his cancer so when they come and say it's cancer you say i knew it i knew it i knew it that's the same way my and so sometimes ah look you started coughing hey i think i've got corona boy you don't even say you don't even say i'm get you you say i've got it i've got it wow coronavirus look at look at you look at you how can coronavirus come to you with all this word of god that is being loaded in your system how can coronavirus it can't come without your permission at all wow it can come as long as let me just add it before as long as you maintain social distancing and maintain the protocols it can't violate listen it is not everybody who get coronavirus it is not everybody some may get it so are you trying to say they don't have faith you can go ask them but say it's not everybody who will get it listen i don't know why others are dying but i know why i will not die i know why you won't die i know why you won't die i said you will not die this year you will not die your family members will come to of you your family members will be preserved will be protected will be secured in the name of jesus i'm telling you when the word of god comes to you is the word of life is the word of grace is the word of faith is the word of power it's a living word that is what gives me the audacity to tell you you shall live you shall live you shall live you shall live amen any sickness that is thrown against you it will bounce off like the way rain water bounces off special type of coats treated coats you know water doesn't settle on it it just roll off it's just like when you put mercury on the floor the devil cannot stop you amen you are simply an unstoppable force sent from god into your family to bring a turn around and a change of situation your connectivity to the word of god your connectivity to an environmental prayer this your fasting is going to do your family great good great deal of good and benefits yes you are like a joseph for your family you are like a joseph for your family that's why the enemy has used everything to try and frustrate you but he has failed as long as you have access to this power the word of his power he sustains all things by the word of his hebrews 1 3 he sustains all things by the word of his power is the word of his power i see god help you so don't be afraid next time when satan suggests to you tell tell him the wrong address i am taking it satan tells you you are going to be very unwell you will never pass your exam satan tells you you will never pass your exam satan tells you you will never be married tell him i think you got the wrong address yeah you see my wedding satan tells you you won't have a child tell him oh sorry i think you are wrong wrong address go somewhere else but this address we are going to have children he said children have been addressed we'll be having children we'll be getting married we'll be getting good jobs we'll be doing well and let him know that you are not afraid and keep your eye on jesus looking unto jesus how can these things be in luke chapter 1 verse 34 how can these things be since i know no man and the angel said verse 35 the angel said unto her the holy ghost shall come upon thee and the power of the higher shall overshadow thee therefore also that holy thing we shall be born of thee shall be called the son of god he said that god is about to produce some amazing glorious godly results everybody will know that this is of god this is of god this is of god this is of god but it will take the holy ghost so don't worry what you don't have once you have the holy ghost god will fulfill it he says that mary said how can these things be the angels says the holy ghost the holy ghost the holy ghost someone say the holy god can you imagine this scripture is very powerful oh thank you lord look at it max chapter 2 verse 12 immediately when this is when jesus uh the sick

man who was paralyzed they brought him to the roof and jesus said son your sins are forgiven and the man uh jesus healed him and he rose up so immediately he arose took up this one amanda has has never walked camp walk he arose took up his bed and went out in the presence of them all everyone could see to your testimony is going to be very obvious to everyone amen every testimony it's not going to be hidden all i shall see and he went out in the presence of them all so that all were amazed and glorified god saying this is what they will see about you what did they say we never saw anything like this we never saw anything like this i'm telling you you'll begin to hear it very soon in your life amen saying wow we never saw anything like this what god has done for this lady oh wow we never saw anything like this we never saw anything like this we never saw we never saw anything like this god is a god of wonders if you can put your faith faith in him when they think that there's no hope for you they will they will say pretty soon that oh wow we never saw anything like this oh wow we never saw anything like this oh wow we never saw anything like this i feel the fire of the holy ghost somebody's receiving a massive testimony people are going to say we never saw anything like this people are going to testify about you we never saw anything like this we never saw anything like this they will testify about your life we never saw anything like this we never saw anything like this please so don't be afraid put your trust in jesus keep believing in jesus keep believing keep believing and keep moving keep believing and keep moving keep believing and keep moving you will be sorted your future is sorted your marriage is sorted your family life is sorted your health is taken care of all your finances are covered your health is covered divine comprehensive insurance god is ensuring you keep trusting him for the insurance to work keep trusting him keep believing god lord i believe lord i believe what force is it that is trying to hold you down i see god let me show you one more scripture look chapter five verse 26 look at what the people said the same story and and they were all amazed and they glorified god and were filled with fear now this fear is not the satanic fear it's like oh oh wow hey wow people will be very careful when they are dealing with you when they see the hand of god in your life be careful that's what rehab told the the spy joshua sent to go and uh spy jericho he said we have heard about you people and your fear has fallen on every one of the of us the all the countries around your the fear of you are falling upon us we are afraid because the god with you is very powerful god he's a wonder working god so we are afraid we are fearful of the god that is behind you he said and then they were all afraid they were amazed and they glorified god and they said we have we have seen remarkable things today look at the key james i like the key james what did they say they said we have seen strange things today that's what they will say about you look at people look at the things the things god is doing in your life and they will say wow we have seen strange things today amen we have seen strength your mother would say i have seen strange things through my daughter's life son's life your father would say i've seen strange things to my daughter's life your daughter would say to you mom i've seen strange things through your life amazing things your husband will say hey is she helping my darling i have seen strange things this your god is amazing you know i feel like hey your wife will say ah my my husband i have seen strange things in your life yeah because god is throwing his weight about in your life god is about to your your lecturer will say today we have seen trained i have seen strange things say university amen god is about to throw his weight about you it also gives you negative predictions your college tutor who said as to you you won't go anywhere never attempt they will see that you have finished cambridge you finished oxford you finished you finished you finished st andrews you finished uh one of the top russian groups units you finished it and now many major international multinational companies are are fighting for you are fighting for you some of them they are friends who come to interview and you are the one who is doing the hiring they say yeah this person we never talk anything any good thing can come out of of them they have prophesy doom about your future prophet that's a prophet lie is even not prophesy prophet lie they lie prophet light doom about your future say that's what you you are only good for dancing so go for a damn dancing school so that when people are done are
