[0 : 00] Thanks for checking in on this podcast. You are about to hear an inspirational teaching from Caris Ministries. If God has used this ministry to bless you in any way, please take a moment and write to us at amen@caris.org.

We are always inspired and blessed to hear how God is blessing people all over the world through what he is doing here at Caris. Also, if you would like to support this ministry financially, you can do so online at caris.org so we can continue making podcasts such as this available free of charge. Let's speak your word to us. Transform our lives as we hear your word. Let our lives not be the same again. We are believing you for encounters in your word. In Jesus' name, amen.

Hallelujah. Every revival comes with benefits. Revival comes, first of all, it creates room for God to do what he's always wanted to do. And then, a revival allows God to glorify himself in people's lives. So in people's financial lives, in people's marital lives, in people's careers, in people's health, in different areas. There are people that God is about to raise in this congregation that in the next 10 years, you won't recognize that it's the same person.

[1 : 25] It's the same person. Now, how does he do that? By you becoming a partaker of the revival. A partaker of his move. Because when he's moving, for instance, when the Olympics came to United Kingdom, You know, some people became very rich through that.

People got good jobs, good contracts. I mean, why? Because the Olympics was coming. And we had to host the Olympics in the United Kingdom way. Wonderful, powerful, glorious.

And so, jobs were created. Contracts were awarded. Stagos were built. All kinds of things were happening. Different, different sectors were affected.

Businesses were affected. Some businesses were started. Okay. And after the Olympics, many people got some wonderful cars. Legacy.

They didn't take their cars out of the country. You know, the cars were meant to be here. Some BMs and stuff like that. They got cheap, cheap deals. Why? Because Olympics came.

[2 : 33] At the moment, we still have a stadium waiting. The West Ham has got it. Yeah. And they are still defeating or something. I've already finished a dispute. They got it.

West Ham has got a new stadium. A new home. They didn't build it. But the stadium is there.

Olympics has come and gone. What are we doing with the stadium?

Someone must have it. What are we doing with the cars? Someone must have it. And so, that's how it is. When revival is coming, it comes to achieve God's repost.

But when it passes, it raises top great scientists, great businessmen, below-ness, below-ness, wonderful husbands, wonderful wives, wonderful families, anointed men of God, anointed music ministers, international stars.

All kinds of people get raised through a revival. Amen. So, I think it's necessary for someone to be aware of where we're going. Because if you are here, then you stand a chance of becoming, you know, who qualifies?

[3 : 37] Maybe I don't qualify. I can't be a great person because no one gets great. It has not got to do with your background. It has to do with your location, where you find yourself. Your location and your connection.

I dare you hear this. Bishop David Oyedepo. Bishop David Oyedepo. Doesn't come from a wealthy background. Wealthy.

No, no, no. A normal background. But God has blessed this man so that because of the revival God has put in his hands to move. Because of that, there are a lot of wealthy men and women who God

has raised around him.

Anointed pastors. Some of the sons, not God, who are sons of Bishop David Oyedepo. When you look at their churches, thousands. And these guys are big men. Some of them fly their own private jets.

Some of them, I mean, they are big men. But there would have been nothing had it not been for this revival. Right. Right. And so, revival. There is this song we have been singing.

[4 : 41] I am not sure, but I suppose it is so. We are singing, You Make My Life So Beautiful. A lady called Sinatra. Beautiful voice. Wonderful voice.

A couple of songs. I don't know who wrote them. And these songs are so enriching. When you hear these songs, you feel this. And she is connected to a revival. Check. Darling, check.

It was a revival. Haven't you seen that when Hillsong Darling, check came on the scene in the late 90s? It changed worship style around the world. It was a move.

It was a revival. But people like Darling, check, were there early working with God. And the thing was coming anyway. It was coming through Hillsong. And someone was there. And God raised them.

It was what she was part of. But God raised them as a significant person, as a part of what He was doing. Every generation, God moves them. That's it. Every generation. He moves. And I am here to announce to you, this generation is moving powerful.

[5 : 39] And He is going to use you. You are the qualified one He wants to use. Shout Hallelujah. Hallelujah. Because of that, it is necessary to know, how do I connect myself?

Because maybe you feel you are not part. No. You don't have to feel part. You just have to connect yourself. In a revival, connect yourself. How do you connect yourself to the revival?

I spoke about a few things like how to connect yourself. Number one, you must be a person full of faith. You remember? You must have faith. Because even in the midst of revival, it takes faith to know revival is here.

Faith. Faith. Someone lift up your hand and say, I am a man of faith or a woman of faith. I am a woman of faith. Say it louder.

I am a woman of faith. Please. Sometimes when you come in the morning, just speak to yourself. Just declare some things. This is the best day ever. This is, I am blessed.

[6 : 35] This is my best day. This is my best day. This is the day the Lord has made that I will rejoice in me. Say it on yourself. When you, speak out. Don't be quiet. So, you must be a woman or a man full of faith.

And then secondly, I said for you to be able to connect yourself to the revival, you must have what? You must have perseverance. What's perseverance? You don't hit and run. You don't hit and run.

Those of you who have passed any professional exam before you realize that there are people you started with but they didn't finish. And so they don't have the certificate. There are a lot of would-be or should have been chartered accountants around.

Because that course is quite tough. So some tried and then they realized it's too much, they leave it.

Would-be medical doctors. They tried, they realized hard, they leave it. Because it requires endurance. I was listening to Papa. He made a statement. It's such, it blessed my heart so much.

[7 : 41] He said, you know, when we talk about harvest, harvest has come. How many of you agree with me? He said, and I also agree with him. So how many of you agree with me?

That it takes more work to harvest than to sow. Let me say this, please. It's not part of my message, but I need to say this, please. Mothers, you've been through a rough patch.

He wasn't there. But don't let that child begin to fight their father. If their father comes around, the child will always remember who has been there.

The more you fight the father, it gets to a time you don't know what they go through. Because being fatherless is never pleasant. Especially when you know your father is alive.

You can't disconnect that connection. It's hurtful. That's a woman sometimes when you go through. It's hurtful. But remember, let that child's greatness be released.

[8 : 42] Sometimes the child will need a little connection with the father. And the child knows he wasn't there. Even if he always comes, now it feels like he's there. Your child knows you are the one who will be there.

In other words, I want to talk to you brothers and sisters, young ones. Young lady. Old lady. Young man. Old man. Don't fight your mother's battle.

Against your father. You can never win a battle. It's an unwinnable battle. It's like me trying to stand in the ring to fight with Tyson Fury.

No. No chance. No chance. Unless you speak some tongues. No chance. Unless I use martial arts. But you will not win. I'm telling you. No. No. You don't know. That man is a foolish man. You don't know what he did to my mom.

[9 : 45] My mom suffered. And your mom is also. Yes. Don't worry. Tell him off. Tell him off. It don't be long. You will see the impact on your own life. Your relationship. Your health.

Your family life. It can never be together. Because you lifted up your finger and your mouth against where you came from. Never fight your mom.

Never dishonor your mother. It told me well with you. Now it does not mean. Whatever she says is final. Whatever he says is final.

You will have different opinions. He can be upset with you. She can be upset. Doesn't want to see your face. But in your heart. Make sure you honor that person. That's your job. Don't fight your mom.

You will not win. Don't fight your dad. You will not win. It doesn't matter where they start. You will win. Maybe there are some people here.

[10 : 41] Probably this thing you are asking for prayer for. It's not a prayer issue. At all. Maybe you have to backtrack. Go and sort something back.

Sort it out and release your destiny. Bible says that if you fight a parent. Dishonor a parent. It will not be well with you. Now God said it can be well with this one.

Me too. I am trying to use prayer to make it well. And the things we have to sort out. We have left it. Yeah. Yeah. And we are trying to use God. Yeah. Yeah. God I am fasting 21 days.

No minute. You have to do that. Ah. I will hit the altar. Ah. Ah. Bam. Bam. Bam. Bam. They said.

Hey. Hey. There is a miracle here. You have been to every conference. There is a miracle here.

If you want to be part of it. Bring 1000 pounds. You will write. Oh. I will do 2000. You can use all those tricks. It won't change the problem.

[11 : 40] Let me give you an illustration. Let's do. If you can change your gender. By prayer. Then you can change that. Yeah. If you can change your gender.

By sowing seeds. Then you can change that thing. That unresolved. Resolved issue in your past. If their death is different. Then the altar can help.

Yeah. By their life. Stop fighting. You had the gas to look at your mother's face. And you say. Who do you think you are? Who do you think you are?

I wish you were not even my mother. You. You are in trouble. Big one. You are in trouble. You. You team up with your father. Your mother. Or your father.

To insult your mother. Foolish woman. Who. I regret that you are my. I don't even want to hear your name again. I don't want to know you. The land will reject you.

[12 : 41] The earth. The earth itself. It will fight you. I don't know who I am talking to. And you two. You are looking for prophets to pray for you. That you can get married.

No. Even if you get married. That man may kill you. Because you have an outstanding problem. An outstanding problem. It's a spiritual problem. It's a spiritual. It's way to. It's a major way. That is working. If I were you.

Some people you know you can't please your father. You know you can't please your mom. So leave it. Just honor them. As much as you can. Just honor them. Don't speak against them. Don't fight. What is it?

You are a wicked woman. You open your mouth. And you tell your mother. You are a foolish woman. Ah. It's my life. What is it? Leave me alone. You are.

[13 : 34] Some people go to places. They tell them your mother is a witch. Hey. Your mother is a witch. So you go and attack that woman. Push her down. You will never.

It will never be well with you. Amen. Never. Hey. Are you cursing me? No, no, no. I'm not cursing. You already cursed. Yes. I'm just telling you. Why are you cursing?

You had the audacity to push your old mother. Push her on the floor. Because of that girlfriend of yours who said, I don't like that woman. The wind is against you.

No. The light will be snapped out in deep darkness. Yeah. That's what Bible says. Yeah. Bible says that in Proverbs 20, 20, isn't it? Yes. Proverbs 20, 20. When you are in deep darkness, suddenly your light will go off.

Whoever curses his father or his mother, his lamp will be put out in deep darkness. What? At the critical stage of your life, all your certificates will not work.

[14 : 40] Yeah. Yeah. Life course. Just when this guy who works in Obama's office has shown interest to marry you, that is when you start discharging offensive stuff.

The man says, I can't take this anyway. Sorry, I can't take this anyway. Because you curse your mom, you curse your dad.

This is not my message for this morning. Yes, sir. It's a way. Papa, it's a way. Papa, it's a way. Papa, it's a way. You grow up in United Kingdom and they give you this mindset that you are your own.

You can look at your father and say you are a very stupid man. You look at your mother and say you are a silly woman. I don't care. I don't want you to step around my house again.

My children don't want to see your face. Leave here. You say that and she was in pain. Pain of heart. Your father was hurt because of the way you.

[15 : 50] Maybe she didn't take care of you. That one, at least you. But the way your mother suffered for you. And you treated her this way and she was in pain. She remembered how she suffered for you.

And because of a woman. Your wife. Yeah, I'm a bad woman. I don't know how to treat in-laws. But you shouldn't treat me like this, my son.

That woman for whose sake you attacked your mother.

She will sell you and your shoes. And then when you are in prison, you say, oh, my mom. You said it.

Mom, forgive me. So that you don't become a prayer project. See, what I'm teaching is an answer to somebody's prayer. Yes, you reminded me.

[16 : 59] You can come here. We can pour this. Eh? We can pour this on your head. Have you ever seen a human being with oil that has made his head melt?

You want us to pour oil on you to change your gender? It can't happen. Even if you go to hospital, they do it.

You know in your heart you are a man. You are an original man. Originally a man. If you can change your DNA, then maybe prayer can change a thing.

If you can change who your parents are, then I don't have to talk about this. But if you can change it, even if the queen adopts you, go ask Moses.

Some of you suddenly are beginning to see where the problem is coming from. You thought your pastor was not powerful. Yeah. Professor. Professor.

[18 : 24] We have prophesied and prophesied and prophesied. We almost prophesied. Professor and nothing is happening. Then the problem is not the prophecy because others are sharing their testimonies.

Yes, sir. Yes, sir. You have to change your engine oil. Yes, sir. Yes, sir. Yes, sir. Yes, sir. Yes, sir. Yes, sir. Yes, sir. Yes, sir. Yes, sir.

Yes, sir. But I see some of this spiritual common sense, there's no way they will teach you in school. Yes. Yes. There's a way a system can even make your parents your enemies.

Yes. Because they will give you hotels somewhere. Yes. That system was put in place to help vulnerable people. but if you don't take care you make yourself vulnerable by rising against people who matter in your life just so that you can get a housing, some benefit and they will be giving you weekly allowance to buy trainers and buy jeans without belts and that's false sense of security you are a doomed person false sense of security check most of those people who rise up against them because of the advantage of a system see where it ends them they always end up miserably and sometimes not the way you even sometimes the way you end you spend the most part of your life in hospital useless like vegetable some men are very calm so if you are very boisterous you take them for granted don't take a husband for granted and men thank God for your wife and control your lust for the other women control your lust control your lust zip up zip up zip up zip up and focus stop looking everywhere what's wrong with you you talk to your wife as though she's a slave you talk to your wife as though she doesn't have any value and you have come to stand in church and jump

lord you are a liar bro you are a liar too many christian brothers to treat your wives too haphazardly if you keep telling other women you are nice you are nice you are not saying your wife just a reflection there is so much lust in your heart you are lustful

I didn't say you will lust I said you spread malicious information to spoil the church and now they say you are having kidney challenge and you are running from prophet to prophet for prayer go back kneel down that's what God told Abimele Abraham is a prophet go let him pray for you you will be fine oh my and all my friends we own me okay all your friends are suffering bail yourself deliver yourself this is kingdom principles that's right that's right it's like I'm preaching on how to release yourself from my curse yes yes yes yes preach because you can be coming to church powerful testimony and your own testimony it will be oh I was I was coming and preached to somebody gave his life to Christ that's good testimony but you yourself your life itself has so many question marks so many question marks so many question marks no one even wants to be like you and you can't talk about your story please don't wait for the next five years yeah so stay in Christ that's the number one stay in Christ and then number two try find every means for reparation maybe you contact your father if he's alive your mother if he's alive and he will attack you no there are differences sometimes your mother your father can disagree with you maybe your mother is a Muslim you are a Christian they disown you it didn't mean you fought against them it didn't mean you dishonored them that's a different thing

[22 : 56] I'm talking about where you you you insulted you you're a foolish woman that's what I'm talking about there are times that parents want to control the future of their children and so you saw mercy you want to marry mercy he said mercy over my dead body you can never marry mercy I hate you and I come at your wedding come and throw tantrums throw tantrums he said mom why are you doing this leave me alone you are a foolish boy leave me alone he said mom sorry I have to go ahead please can you escort her out so I can go ahead that's that's that's that's different that's different that's different the point is make sure you treat your parents with honor and decency it doesn't matter what they do because there are some parents it doesn't matter what you do they can never agree with you they will never agree with you they will never agree with you because your auntie is the one who is advising them yes yes and your auntie has never liked you hey hey hey hey deliver yourself like a guy from the hand of the hunter you have done this nice hairstyle you are there's a kiss behind is there hello your own is nice you look nice like bishop

I said you are buying sausage in Tesco you are buying egg in Tesco yet the wind is against you life is against you I want to travel I am a blessed man sir the reason I know I am blessed is my mom is so happy for me my mom my dad my mother loves me so much this is natural and then my spiritual authorities every spiritual person I served I am in their good books even Pastor Kofi through whom the one who paid my first year school fees I can't I can't be quiet about it he did it he didn't have to do it he wasn't my pastor he was just I guess he comes to preach in our church he paid my Bible school first year's fee that's how come I gained admission to come and study in the Bible school and when I finished God said Caris is waiting for you now if Pastor Kofi hadn't done that it doesn't matter how big I am that man forever on my payroll in my honor room doesn't matter what he does I don't know that one at all I can't be bothered it doesn't matter what Ampia Kofi does Reverend Ampia Kofi forever remain dear him and his wife and his children and great grandchildren I am committed to them so that's why I'm blessed some people are wishing it because I have put some installation in my heart to execute to execute like somebody like this wonderful man of God who we are off we are in library we are in library I am committed to their children and their wives their grandchildren me for life that's how you Bishwa Yadupo is blessed though I believe that I believe Bishop Yadupo every time still up to now honors their wife Kenneth Copeland every time honoring him Papa

Adepo every time honoring him he speaks so fondly of these people regularly regularly his grandma who raised him always talking about regularly fondly and this is what services blessings he said that the last text in the Old Testament he said I will send Elijah who will come to restore the hearts of the fathers to the sons and the sons lest I come the last verse in the Old Testament and he will turn the hearts of the fathers to the children and the hearts of the children to the lest I come and strike the earth with a kiss and so any social system that undermines family health opens the family to curses any social system that undermines family health opens the family up to curses you have money he doesn't bring any money in the house and then you kick the man out and then they tell don't worry we'll give you more house once you don't have a husband he'll even give you five bedroom house

you plunge your children into a permanent danger because the balance in the house is not there they put some social system you'll be okay you'll be okay you listen sometimes we all look okay but we are not many point they look okay they just look it but really you give them you thought he was because now they replace the internal situation with an external polish so they spray perfume on you with the shoe you'll be able to buy with the car you drive where you live it's like perfume vanish they put vanish nice vanish on you so you look glossy but you are a termite infested rotting wood do you understand what I'm saying seek

God do it God's way and you have peace most of health challenges most of major health challenges if you check check check is connected to some of these lapses in healthy family relationships or evil sometimes when someone has done you well and you pay them with evil when you came to United Kingdom you didn't have anywhere to live you were on the road and this sister brought you to her house she fed you you lived there for six months you didn't pay rent you are electricity free going to toilet free using the toilet free drink it juice free for six months and you skim you skim to snatch her husband from her and you fell out with her ask her husband to suck her from the house now you are the madame bible says that anyone who pays evil for good evil will never you see when someone does you good and you pay them evil you have said evil now you are my best friend stay with me for life people say evil will never depart from their house no if evil is in your house you are in trouble if it's at your workplace no problem you can come and sleep wow too many of us are breaking principles for blessings because in the name of

[30 : 36] I'm okay today you may look okay but tomorrow tomorrow carries we are blessed nothing will be able to pull this chair down do you know why because of our connections and our roots and I'm busily servicing those connections and roots honoring those men of God and making sure I am a genuine pastor doing this work of God not work of man that's why I choose I don't want to be a statesman I want to be a God servant and not not you will never have this that me coming to a church member asking give me some money give me some money I have never asked any church member for money never and it will never happen give me money give me money give me money and

I don't relate with people based on what I get from them but I relate with them based on what I'm able to give to them so if you watch anyone who is close to me around this way are people who actually have hearts they are pursuing God you attract me when I say you are pursuing God you attract me to you but if you are not interested in God for some reason something in me doesn't like hanging around you so you may think that I don't like you it's my calling is not compatible with your lack of interest in God you have the money yeah that's no problem it's the money you have contacts that's fine my contact is better are you getting what I'm saying this is not the message I came to preach I was coming to preach six keys to work in consecration so

I was showing revival the keys of revival how you connect yourself to revival and then consecration so at this juncture let's look at how you are consecrated God that's very important but for some reason somebody's situation is critical your situation is critical if you had known better you would have done better but you just did what you knew best and it's landed you or it's moved you out of coverage area into danger but thank God for Jesus this day you are delivered you are delivered if your particular situation is quite complicated you don't know how to go about it because your dad raped you and you haven't been able to forgive him that's a complicated matter but don't dishonor him and attack him you can report him to the police if you want to that's not bad those are legal matters legal matters for instance if your child lives with you is practicing terrorism you have to report it to the police so it's not that you don't love your child but police have to arrest him so he can stop the thing before he kills all of you so sometimes it's necessary to report this child who has decided not to stop the drugs and is messing everything in his life report to the police it will save her sorry self it doesn't mean you don't like it so these are you know necessary hard line for love of love so sometimes it must be in your heart too that if it is well with you you build a house for your mother you build a house for your father if it's in your heart it's good it must be in your heart that one day you want to be a major sponsor of

God's work where when we are looking for a church you can't say the pastor for the rest of this I'm taking care of this it must be in your heart that one day one day one day you say I'm going to build a house here for my pastor it must be in your heart I was listening to Bishop a few days ago he said last year one of his students who had finished Covenant University when he used to go there talk to them impact them the guy finished Covenant University he's got a good job he's doing very well he

bought a brand new jeep fresh nobody has started bought it and brought it please permit me to do this I have a gift I just finished last year and I bought a car for you and he said when you were in school you used to teach us that some of you God will bless you so much you buy me a jet he said we still have it in mind and we are working towards that but we are starting from here Bishop said no I don't need it I have a fleet of them so he doesn't need it the gentleman needs it have a fleet of them he said you know jets we have private three jets already so there are some principles your father may be richer than you but come on come on don't let your lack of money stop you from doing what is honorable I know how money I know how money but you are still able to go and sit in McDonald's and KFC and spread people your your work living due her birthday you went and spent 150 pounds in Nando's Nando's and he said he got a lot of money and you never were able to buy a card or something perfume something mom

[36 : 51] I appreciate you hey this is mother's day message hey are you getting what I'm saying in the name of I don't have enough I don't have enough I don't have enough you will never have enough so you start with what you can manage you can't you are not permitted to say I can't feed my children because I don't have enough and yet you look so rosy your children look like they just came from Somalia those those those young teenagers here sometimes the system fools you some of you are already cross teenager you are now regretting your messy teenage years God the system gives you and particularly the teenage boys the system gives them this kind of false confidence false sense of

I am the one especially those who are bound to fail I am now 16 and you are dripping mouth you live in your mother's house at the age of 19 you are bringing girlfriends to spend the night there she says she doesn't like it and she can't talk she is a prisoner in her own house you are cursed you will not be able to secure any good job or peace in life I'm telling you the truth no I'm not this is how it works I've been praying for too many people I could tell that there's something hidden in their past most of the unnecessary struggles people go through check don't look too far there's something hidden in their past there's something there's a spirit of wickedness that are found an expression in their past so we need to deal with it we need to deal with it okay what I want

I mean my auntie's husband if I go and tell my auntie the husband will know and educate so some of the truth is not necessary it's better you keep it quiet because no it's not necessary now it's not necessary all right that's not it starts from the heart and you find ways of how you can honor people who have to be honored in your life so I'm not preaching now okay this is something wrong restitution restoration there are places for those things at certain times but other times to just move on with your life as I speak your mother she took this man and managed to get him into prison even though the man was innocent and you team out with your mother hey look for the man look for the man whatever prison he is in look for him look for him and announce to your mother if she's dead then thank

God so that you can go and bail yourself out but announce your mother I need to do something about this situation I'm suffering there are too many people who are suffering and they look polished but you're suffering living in fear you don't know what's about to befall you you are living because of the seeds you sown but when you are in Christ all things are new amen all things are new but there are certain things you just have to do put right start from your heart put right and make sure it doesn't repeat itself resolve unresolved issues amen amen amen amen you collected somebody's husband and married him now your kidney is failing you are coming to me for prayers is the woman's husband you gone for Abraham someone won for Abraham Bible said all the women in her kingdom in her house God shut their wombs God shut their wombs and they were not giving birth and so God appeared to him you are a dead man you have gone for somebody's wife I didn't know so how did you know he was married you are lying you knew it you intentionally decided not to remember I didn't know he was married I didn't know she was married sometimes you have to go on your knees especially when they catch you it should be already in your heart but now they know humble yourself ask for forgive please forgive me this is not what I intended to do because you know there are accidents and incidents in life are you guys here with me you are too quiet there are too many people with other people stuff in their coats they look polished they added mary k on top nice suit and tie on top a man jojo a man shoes the last we had the chat about that woman it ministered to me wonderful woman can you imagine after she got born again wonderful woman and she became so unwell kidney kidneys fell and then she went blind so pastor chile said this woman is a good woman oh pastor that woman ah is a good woman

and she loved god she was so then he put me in a conundrum like how can such a godly good person how can this happen sister helena said pastor you know the man he married was somebody's husband but they were all unbelievers you know so and she didn't really know too well later on when she found out it was too late so they got married and the wife of the man said you collected my husband you you will see as

[44 : 06] I speak the woman is dead already they had money wealth what kind of treatment America UK everywhere flew her everywhere nation to nation for treatment because they were so wealthy in Ghana wealthy the woman still couldn't recover she died after they married she died in suffering you know when you die in an accident it's easy like or plane crash oh they started chopping her toes while she was alive for medical reason they were chopping her toes because she was oh that woman died a miserable death that's what could you how can such a good person who is in church get this maybe she didn't hear a message like this to have quickly sorted it before the thing grows and destroys her life don't be deceived for God is not mocked Galatians chapter 6 verse 7 whatsoever a man sows you reap it we will see you are reaping as you are sowing good seeds don't be deceived you you will reap good seeds when that man you had opportunity to go out with him but he knew he was married and you looked at his face and go to hell you go back to your wife

I can't take this and you knew that this man wanted to build a house for you but you walked away from that because you won't step into somebody's marriage guess what your marriage is waiting for your future it will be a Rolls Royce marriage because you fought to preserve somebody's own when you had a chance to destroy it you have stepped into somebody's own and now your leg is cut today sickness A tomorrow sickness B today sickness D most sicknesses are related to some things that people have done in the past if it not awkward maybe it gave you back powers if it is not that then it is a relational issue you hurt and wounded somebody sometimes they may not even know it was you I want to say mercy so I started from mom and there are some young ladies here your marriage we want to bless it but we have to wait for quite a while because of the way you have abused your mom and you have not repented and you are still doing it you are still doing it you look at your mom and you want to come to the altar who will bring you it's very interesting it's very interesting for the

Lord has closed up the wombs of the house of Abimelech because of Sarah Abraham's wife did you see that it has affected every woman became infertile every woman connected to the man because of he's gone for somebody's wife unknowingly and you have a wife and you have another girlfriend on your mobile phone some of you don't understand what that means oh you have cyber girlfriends a mobile phone what's that love love love love love love love love love love that's a text phone girlfriend you know you are flirting you are pushing yourself are you wondering why the problems are not stopping are you wondering why they didn't give you the promotion it's on your mobile phone you find it go and check your phone

God closed the wounds of all the women connected to Abimelech and then when Abimelech came to himself God said you are fortunate I would have struck you but you didn't know so go take his wife back and when you go let him he said go and let him pray for you for he is a prophet not a liar so long as me God I'm concerned this is a prophet so long as you are concerned he's a liar so who is going to suffer I'm dealing with a prophet so the prophet reward is what you get to spiritually the guy carries weight you too socially he carries no weight because he illegal immigrants today is good you came to

Jeziro you see how God loves you when you go look for this song and sing it Jesus loves me this I know go and sing that song when you go home no let me finish my message this is pure love of God you wouldn't have known and your candle is getting dimmer and dimmer in darkness we need to bring it we have prayed and prayed it not coming up check check all is selfish we poured oil we poured every type of oil olive water oil oil coca cola oil and then so he said take the man's wife back to him and let him pray for you put you on the let him pray for you now therefore restore the man's wife he is a prophet and he will pray for you and you shall live you actually you are dying the doctor the diagnosis is not medicinal it's not a medical problem some of the challenges are not medical it's not medical put it back on the screen medical for

[50 : 21] I pray for you to live but if you do not restore her know that you shall surely die you and all who are yours you see death was coming like crouching tiger because you have something in your possession you have something I know I'm talking to a certain lady you have something in your

possession that is not supposed to be in your hands you are flirting with somebody's wife it's not good though telling you maybe sometimes unknowingly you know sometimes you can fall into some trouble unknowingly by the time you realize you're already in oh my gosh oh my gosh oh my gosh I don't know how I got into this I can't help myself no problem keep doing it you get an injection and you come back to your senses by which time you have lost the whole job someone shout mercy that in your hands give it back yeah but he used to be my ex boyfriend now he's married yeah so what don't you understand are you that damn he's not married he's not but we have been friends so so long go befriend the wife and kick him out from your life befriend the okay

I'll go and make friends no no no don't go and visit them in the house let the wife know you are an ex let them know you are an ex don't hide undercover that oh we are twin sisters we were business partners is that how business partners do business secretary many people in the name of secretary and PA I know what I'm talking about in the name of secretary and PA they are snatching people's husbands and wives and we are comfortable in church so when there's no river everything is okay but when there's river distance God will draw attention to it so that if you still persist you will pay for it with your life that's what I told Abimelech Abimelech restored the wife Abraham prayed and my said God opened the womb of all the women and life went normal won't you prefer that one if you touch a spiritual person you have to go kneel down admit that this is what

I did wrong don't say oh everything that I have done I did this what I did wrong please pray for me now I've discovered if you are a spiritual person and you refuse to pray for anybody who asks for prayer God will take away your covering so it's like a police officer who is on duty and I have been called that thieves are here and they will say they will say Ann Roberts are here please Ann Roberts are here okay sorry our car is not around so can you send a taxi to pick us we are coming call Uber do they have guns praise the

Lord go don't say everything pastor you know everything or man of God you know everything or man of God you have touched a spiritual person you know you shouldn't have please God said in your estimation he was wrong he lied but God said in my estimation that's a prophet choose where you want to stand it's a prophet some of you have to go back to certain individuals who raised you they held your hand raised you through your Christian life and you hurt them you actually hurt them you hurt them you curse them dishonor them hurt them you walk away foolish woman foolish man go to hell with this rubbish church and now the rubbish is showing replicating your life please be smart go back if they said try to meet and they say he can't meet you don't worry start and when you go say please

I say oh I just gave the check on you and anything I did is wrong what is anything I went and said this this thing that I said this thing I did I know you didn't know your PA who left I said I told her or him a lot of things about you that when the police officers came to the church I went and told them that there are armed robbers in the church please forgive me I heard God's word I heard God's word I come to release myself please pray for me and I discovered have you ever seen me someone asked me to pray for and I never prayed there are times after evening I am so tired I am so physically exhausted I just need to go if anyone asked me pastor pray I don't have a choice because I am not there for myself so as long as you place a demand please pray for me [56 : 32] I am under oath and obligation by virtue of the calling to pray for you that's how it works so that's how I got the anointing and so many things from most of the men of God who came my way I am thriving against such because of the hands that have been laid on me and the people have served and have worked they are happy it's a spiritual transaction you think I only fast 100 days anybody can do it's not only that one there are things that I can announce you have to do because it's servicing grace somebody's blessed 2016 2016 2016 2016 if you are not saved you are not safe because life is dangerous life is not under your command

I don't see why I should end this service without giving you an opportunity to say yes Lord pastor pray with me because I want to have this bread I want to put all my confidence in him all my hope in him I want to give my life to Jesus if that is your genuine desire just lift up your hand and say this after me say it genuinely from your heart say Lord Jesus I know I'm a sinner I've sinned against you I ask you to forgive my sins wash me with your blood thank you Lord for dying on the cross to save me from today I will serve you I believe in you I put all my hope in you I put my faith in you as my Lord and personal savior I receive you into my life I make a vow with you that I will save you all the days of my life Satan get behind me I don't belong to you I belong to Jesus thank you Lord for saving me in Jesus name father I thank you your word says that you know your sheep and your
