Preacher: David Antwi

[0 : 00] Welcome. You are about to listen to a destiny-changing message preached by Pastor David at Karis Phase 2. Karis Phase 2 is our revival-seeking youth ministry where young people are coming to know Jesus Christ.

Faith comes by hearing and by hearing the Word of God. Be blessed as you listen. How hungry are you for God?

We are hungry for you. Jesus said, unless you eat me, you don't have life.

He said, you have to eat me. In John chapter 6, he that eats me, he says that, most assuredly I say unto you, unless you eat the flesh of the Son of Man and drink his blood, you have no life in you.

But I'm alive, I'm not dead. Yeah, you're alive, but you're a dead man walking. He said, you have to eat me. And if you are not eating me, you don't have life.

[1 : 20] Jesus came so we can eat him. We can feed on him. In the verse 32, 33 to 35, actually 35 says that, I am the bread that came from heaven.

I am the bread of life. There is bread of life and there's bread that becomes toilet. People pay more money for it.

But the bread of life, he said, come and buy without money. Isaiah chapter 55. He said, come to me. Buy.

He said, ho, everyone who thirsts, come to the waters. And you who have no money, come, buy and eat. You're supposed to buy anyway.

But it's not everything you buy with money. Buying means paying a price. You can't work with Christ without a price.

[2 : 23] Wow. P-R-I-C-E. Price. When you want to work with Christ, you have to pay a price.

But it might not be money in terms of money. You are buying bread without money. But you are still paying a price. Until you are willing to pay a price.

You can get the price. P-R-I-Z-E. He said, Philippians chapter 3.

He said, one thing I do. Forgetting those things which are behind me. And I reach forward to the things which are ahead.

There are things ahead. The good news is the things ahead are better than the things behind you.

Amen. I don't know what you have been through in life, but I have good news for you. Your future is better.

[3 : 32] Amen. Tell someone, look at me very well. I have a better future. Tell someone, I have a better future. So don't judge me with my past.

Why don't you start treating me based on my future? Why don't you start treating me based on my future? Because I have a glorious future. I have a glorious future. I have an amazing future.

I have an amazing future. I'm actually a future star. I'm a future star. If you haven't seen the beginning of a star, look at me. If you haven't seen the beginning of a star, look at me.

A star. He said, one thing I do, forgetting about the things that lie behind me. Forget about that boy. Forget about what happened.

Forget about what the girl did. Forget about how they lied on you. Forget about those friends. Some of us, you can never enter a glorious future if you still keep those friends.

[4 : 44] Some of you have to just delete some pictures. Delete some messages. It will help you to forget. It will help you to forget.

Forget about what happened to you. That bad thing that happened to you. Forget about it. How can I forget? You don't have a choice. You can't go forward looking backwards.

That's why in a car, every driving mirror is small. And the windscreen is big. So you can't have the chance to look ahead.

He said, one thing I do. Say, one thing I do. One thing I do. There's always be that one thing you must do to give you an upper hand in life. Else, you'll be failing hands down.

One thing I do. What's that one thing? He said, he starts by saying that I do not count myself to have apprehended. That apprehended is like I have it in control.

[5 : 50] I have it in control. I have all the degrees that I want. I've got my man. He said he'll marry me. I've got a girl.

She said yes to me. I've got it. He said, Paul said, it doesn't matter where I am. I do not count myself to have gotten it.

One of the reasons why some people cannot be helped is because they think they've got it. They got it. They got it. I don't need anybody's help. You are very stupid if you say you don't need help. Everybody needs help. That means you always need somebody. You never know. Maybe the one kind of may help you best in life is the one sitting right next to you.

You who don't regard anybody. You treat people based on their hairstyle. You treat people based on their money. You treat people based on where they live, their postcode. You treat people based on their car.

[6 : 51] You treat people based on their background. You are making a big mistake. Thank God. The future is always ahead. No one has seen the future ahead. There's no scientific apparatus that will make you see the future.

All those movies, Back to the Future, it's fake. I can't do this. It's a movie. It's acting. It's not real. In 1 Corinthians 2, verse 9, it said, no eye has seen.

No ear heard. Neither has it entered the heart of any man. But he said, you marry me. He's in it. I'm always in his heart. That's different. What God has prepared for your future has not entered the heart of a man. So whatever he's telling you on his heart is not what God has for you.

Neither has it entered the heart of man. The things which God has prepared. God himself has prepared some amazing things for people who love him.

[7 : 55] You cannot afford not to love God. You are wasting your life. No, but I'm not wasting. I'm telling you, you are wasting your life. So it says that neither has he entered the heart of man, what God has prepared for those who love him.

You can't afford not to love God. You are wasting away. You are wasting away. White towels always get dirty.

And when do you normally use towel? After you wash. So towel shouldn't be dirty. But when you go to hotels, I've traveled, I've been in a lot of hotels.

I'm here to see one hotel that has different color towel. It's always white. If I go to any hotel and it's not white, even if it's light pink, I won't use it.

I can't use a towel that's not white. Why, Pastor, why do you like white towels? It helps me to know that I'm dust. After I wash.

[9 : 05] After I wash and scrub my body. Still, this death never lives. That means I need Jesus. I really need help. I really need help.

I've done everything, but something, my taste is not letting me go. I like too much mess. Some of us, alcohol.

Girls. Boys. Don't worry, that's why we are all here. Everybody needs help one way or the other.

You saw somebody else, you asked me, what are you doing here?

You two, what are you doing here? Everybody needs help. Even the purest of men needs help.

Everybody needs help.

So, what does it mean to need help? It means that you need to be saved. Save me from myself.

Save me from this, my messy life. It looks like I'm having fun.

[10 : 07] But afterwards, I still feel empty. I feel empty. There are people sitting here who feel very empty.

The greatest philosophical question ever, everywhere amongst human beings, is who am I? Yeah. Who am I? Some of you have been asking that question.

So, why am I here? Who am I? Yeah. Who am I? What is my life? What's the meaning of life?

Yeah. When you are becoming aware of yourself, one of the things that you ask is, who am I?

Yeah. Yeah. Who am I and what is my life? Yeah. Yeah. Yeah. Yeah. Yeah. Yeah. Yeah. Yeah.

Yeah. Yeah. Yeah. Yeah. And sometimes when you begin to ask that question, you realize that something is still missing.

That's right. Life can be so empty. How many of you have felt that before? Life is empty. Sometimes you really feel it at a funeral. When you're a very good friend or your classmate or somebody dies, suddenly you feel, so what's the point in life?

[11:13] And at a funeral, you never understand the meaning of life. That's why it's good to go to funeral sometimes. The Bible says that the house, the heart of the wise is in the house of mourning.

Wow. Yeah. The heart of the wise is in the house of mourning. But the heart of the fool is where there's party.

He likes revving and party. That's all you are thinking about. The heart of the wise is in the house of mourning.

People are crying. It makes you do a soul search. Deep thinking. But the heart of the fools is in the house of...

Change it. Give me a different translation. Yeah. Pleasure. And now let's go. A wise person thinks a lot about death. Did you see that? Read it again.

[12:12] A wise person thinks a lot about death. A foolish person doesn't think about death. Meanwhile, you will die. How many of you know young people who have died before? Young people.

Oh, so death is not for only 96 years old queen. Death is for everybody. Some people die at the age of two. Some of you have friends who died recently.

I mean, how you die is different. It's going to be different. Sometimes through stabbing, through sickness, through cancer, through accident.

Anybody at all can die at any time. Because it's appointed unto man who wants to die. You will die one day. I pray that not now. Amen. Say a better amen.

Amen. Oh, sorry. Sorry. I made a mistake. Not everybody wants that. So those who are not ready to die now. Say amen. Amen. Amen. It's being recorded in the spiritual.

[13:11] You guys. deeVis. Yeah. Death comes to everybody.

the heart of the wise it says that a wise person thinks a lot about death while a fool thinks only thinks only about having a good time ooh ooh ooh he says a foolish person thinks only about having a good time doesn't say I want to be happy life is not about happiness life is not about happiness life is about purpose you will never be happy without purpose you always feel empty, it doesn't matter how much you get you always feel empty empty there have been celebrities who take their lives how could that be you wish you have a culture of his life but he doesn't like he takes because he's very empty

I want to tell you many celebrities are empty there was a guy a celebrity big guy internationally known everywhere when you go he told me sometimes this is about five years ago his his best friend told me and himself told me his best friend told me that the guy is so miserable sometimes after every show he goes behind the stage when he's crying he's crying he's not happy he's confused people are shouting I like it you can gain the whole world that doesn't mean your soul is safe message bible how does he put that scripture message bible proverbs is it proverbs or ecclesiastes ecclesiastes 7-4 let's read it a lot of people who don't pass exam is because fun and games

I actually you know I actually don't understand people who are students but are not studying think about you are a student but you are not studying what a foolish student to this why are you saying that because someone must tell you you are foolish because it must be said so hard that you'd never want to be in that category no eye has seen no ear heard neither has it entered the heart of man what God has prepared for those who love him Paul said one thing one thing I do one thing I do someone say one thing one thing I do but one thing I do forgetting those things which are behind and reaching forward give us an energy let's see how if it puts it in no dear brothers and sisters I have not achieved it but I focus on this one thing forgetting the past and looking forward to what lies ahead that's why we are here that's why I like KP2 Paul said I press on to verse the next verse 14 I press say I press I press life is about pressing you have to keep pressing if you have failed as I'm before press if you applied for something a school uni something they didn't give you press you are not permitted to fold your arms and sit down and say I'm tired that's a failure talking all the potentials loaded in you will be able to empower you to press and if you press you are likely to make it many people the press the press is not interested in people who don't press so you have to press and you make news he said

[18:01] I press towards that means you must have a vision you must have a target every young lady here must have a vision in life one of the biggest and the glorious visions you can have is to be a strong woman of God every man here don't want to be it's such a stupid vision to be ladies man what are you going to do with that so your biggest vision must be that you fulfill your assignments in life everybody has an assignment that's the only reason why you are alive the only reason why I'm telling you you won't learn that in school but you learn that in God the only reason why you are alive is because there's an assignment to your life that's why it doesn't matter how wrong you go thank God for our laws that you cannot be killed you cannot be executed no one is permitted under our laws because of the influence of the

Bible in the laws of United Kingdom we don't allow anyone to be killed or to be executed we don't allow it they used to do that but thank God for the influence of the Bible why because there is hope for everybody as long as you are alive there is an assignment for your life and it's your job to look for it and fulfill it however there are many who are walking like headless chicken all they want to do is buy trainers track sheets some of the ladies it's just hair and makeup if all there is to you is body you will be nobody you end up being nobody in life if all there is to you is body I think it's a two-table one isn't it you must have a vision so sometimes when things go bad for you your vision keeps you going you press you might lose loved once but you can press on you might lose money but you press on you might lose friends but you press on the only thing you can lose and press on is when you lose

God when you lose God you are pressing to nowhere you are lost you are thank you sir you are like somebody beating the air have you ever been in the dark and someone is fighting you can't see anything you are trying to beat them you are trying to catch the air catch the there's no vision in your life and there's no God there's God but you don't have vision you have ambition there's a difference between vision and ambition vision comes from God ambition comes from self ambition ambition you are beating the air today I submit to you why do you keep yourself lost many people are trying to alright let me put it this way everybody has got a void everybody has got a void inside you it's not a medical void but your soul you feel it you feel empty sometimes you feel angry sometimes you feel confused sometimes you feel what's the purpose why am I here that's why people even feel suicidal because the void grows so big you feel like what's the point of my life I have to end it all that's why people feel suicidal because it's void so everybody has got a void and the void people are using trying different means to fill that void different means some are going for pleasure how many of you have had a very wild some of you are young so you might know wild weekend partying what partying and as far as you can go drinking and girls or smoking and boys and wild drunk and afterwards you're wondering why what's wrong there's something wrong how many of you have ever experienced that before people try to fill the void with pleasure party after party party after party it only leaves you with wasted days a weekend you spend partying around is a wasted weekend so people try to fill the void by going for pleasure others try to fill the void by going for power power

I'm in charge I'm part of the gang I'm a gang head everybody fears me when I speak but do you know many gang leaders or gangsters are very empty some join the gangs because they feel a void they want a place where they feel accepted it's not that you are a bad person not that you are stupid you are not some of you know you are very brilliant and intelligent you are very smart but the void makes you look like a fool the void makes you use your name to do you open an account so they can transfer money into your account fraud money into your account and you are blacklisted and you are too smart sometimes you are wondering how come I did this thing void it's a void it's a void that is why I will be very stupid unfair to point fingers at you and judge you people do all kinds of things not because they are bad but because of the void

I'm talking about the void you got to do something about the void the void the void every human being was born with a void so that's why in spite of all the things your dad has done be careful when you are throwing stones at him because he has a big void and sometimes people never grow out of it because that void you don't grow out of it it must be filled people die early and they meet their grave early and what is sad is and after that you go to hell the void will send you to hell the void will send you to hell he said for the son of man did not come to condemn he came that the world through him will be saved everybody has got a void everybody religious people don't understand it so religious people will tell you you have to do this you have to take this you have to be a good person but you've tried it and it's not working you try to be good but the more you are trying the

badder you become if I can use that word the badder like the pressure is getting the more you are trying

[26 : 12] I'm trying don't you see I'm trying I'm trying I'm trying I don't know what's wrong with me there's nothing wrong with you just that there's a big void and you are trying to sort that void out without getting it filled you are born that way you are born everyone came deformed with a void so that's Jesus puts it this way what do you what does a man gain if you get Matthew chapter 16 verse 26 for what profit is it to a man that man there is not a male it's not a male it's to a human being what profit is it to a human being if it gains the whole world but you lose your soul that's where the void is that's where the void is you are getting money you are getting friends you are some people try to fill the void by looking for prestige so I want to buy designer wear some look for to fill the void via as I said power pleasure prestige others look for possessions

I have this I have this I have this I have that I have that I have that until you don't have peace you have everything but peace everything you own your TV is smart your cooker is smart your phone is smart your watch is smart your brain is not smart everything you own is smart but everything you are is dumb it's not smart why because of the void some of you ladies looking at me you like boys so much it's chronic it's pathetic it's pathetic unless a guy doesn't pass by then you are following it's pathetic but it's not because you are stupid it's because there's a void there's a void please don't stop condemning people stop writing me pull off it's the void that is responsible some of you are not happy you've tried everything to make you happy but you can't be happy why the void the void the problem is not you the problem is the void inside you and the void becomes a hiding place for demons it's like demons are squirting in your life that's why you can't your addiction is a sign that some demons are squirting yeah addiction is a sign because you don't want to do it something is controlling you it's something stronger than you and unfortunately the thing is not from outside it's inside you it's inside you if the problem is outside at least you can buy some when the weather is cold you can cover up because the weather the cold is from outside but if the problem is inside Cedric can take it out you know I'm describing exactly what has been going on in your life because God sends me to you you have been looking for it feels like sometimes you are standing in the desert alone and sometimes your life is just spinning out of control you feel like you've tried you've tried everything sometimes people don't understand why you burst into all kinds of tantrums some of you are very quiet and gentle but there's so much you are internalizing because life is asking you a question you have never been able life is putting a demand on you and you don't know what it takes to answer and you are learning to adjust but you never are able to adjust because of the void watch this watch this so what does it profit a man if he gains the whole world so you can actually gain you can gain physically what it looks like you have arrived you have it but actually you are still lost because the void the void is deeper than what can be seen is deeper than what people can appreciate is deeper than what people can give to you is deeper than what you can gain is deeper than how you feel around people because when they are gone it's now you the thing is so you that nobody can help you what does it profit a man if he gains the whole world but his soul or what will a person give in exchange for his soul nothing is more valuable than you nothing in your life is more valuable than you girl just kick that boy out boy kick the girl out you are using her thinking that it will fill the void it's not working you are using him thinking to fill the void it's not working you've tried everything academically it seems like you are doing well you are actually doing well so this void got you distracted you were the best in your class but this void distracted you started following some guys started following the wrong crowd you ended up in prison and still the void sometimes when you are quiet that's why you have avoided church because there's something when you come to church it makes you feel

I'm very lost I need help but you want to put up a front to look like I'm fine I'm fine I'm fine people will tell you they are fine they are fine really most of the time they are not fine most people there's a difference between bold face and boldness when the lion comes if you have boldness let him come but there are people who say let him come spider alone so human beings we are vulnerable the point I'm making is there's a void and I know you can't deny it if you deny it you are not living in reality come on today I want to talk to somebody a language you can understand because the void is eating you up it's eating you up

I used to be like that I was even in church I was in church I've never been with a woman I've never drank alcohol I've never been to a night club never I was in church but I wasn't in Christ so the void sometimes I'll be sitting in the church and I could feel I need help something is missing I didn't know

something is missing that's what Bible says that you can gain the whole world and lose your soul that missing piece is the void that's making you Mark chapter 8 verse 36 Mark chapter 8 says that for what will it profit a man if he gains the whole world and loses his soul verse 37 or what will a person that man there is not a male okay what will a man give in exchange for his soul

[35 : 10] I don't understand someone who will run away from church to go into the world you are giving up the only means to fill the void you are giving it up for the world what are you giving in what can you give that is worth it at expense of your soul I want you to do church it will help you because that void will never leave we don't want to hear one day he has taken his life it happens to a lot of ladies rather she has taken her life she wants to overdose her how you came to church and you were so close you are so close by how can you be in the desert and you get to oasis the oasis and water right in front of you and you die through dehydration you die out of thirst how can you die out of thirst in front of a fresh water body who should be blamed you that one you can't blame anybody you if you if you set your foot in church and you hear about

Christ and you dump him and you die a miserable death or you end with the void you can't blame anybody and when you face your maker Bible says it's appointed unto man once to die and after death judgment judgment yeah judgment is coming Hebrews chapter 9 verse 27 after death judgment and in 2nd Corinthians chapter 5 verse 10 it says that for we must all appear including the bishop and the pastor the one preaching will also appear people who are doing church and are dodgy life they will appear they will appear nobody is immune from appearing before the judgment seat we must we say must say must say must we must all not only some of us we must all appear before the judgment seat of

Christ it's a judgment seat that each one not groups we don't go in groups you will speak for yourself each one each one may receive the things done in his body God knows my heart is right I'm doing bad things but he knows my heart listen what you are doing it's not what is in your heart that you will be judged with you will not be judged based on what is in your heart you will be judged based on what you have done there that's it things done not things wished according to what he has done whether good or bad what is it that you are doing people don't know the judgment is coming I'm scared I'm glad you are scared because someone needs to scare you to not stand in the way where the car will knock you you are standing on the tracks the train is coming seven miles away someone needs to tell you a lion is about to eat all your eyes or train is about to kill you you are about to die at least per adventure if it will make you jump out of the tracks it's better than for you to stand there nonchalantly care sera sera whatever will happen let it happen no no it's appointed unto man once to die we shall all appear before the judgment seat of

Christ now let me end by saying this what so what should I do I came to paint the picture of everybody for you you you think others are better than you no they may look better but they are not better if their blood is not good they are not better if their blood is red they have red blood cells and white blood cells they have hemoglobin right they are not different from you they are not different from you we all need a helper we all need the help of God the Bible says for all have sinned we are falling short of the glory of God that is what brings the void sin sin sin creates a void in your life sin creates a void in your life so some of us you are trying to fill the void but you are sinning more so the void is getting accentuated or is getting worse and worse and worse and worse but

I have good news how should I fill the void did you see what we just read it says that in I don't know whether I should go to Matthew or Mark chapter 8 I just quoted Mark chapter 8 verse 20 36 right in fact when you look at verse 34 look at verse 34 and 35 it says that when he had called the people to himself with his disciples also he said unto them whoever desired to come after me let him deny himself take up his cross and follow me there's some cross taken here deny yourself take up look at the next verse why for whoever desires to save his life will lose it but whoever loses his life watch this for my sake whoever loses his life for my sake and not only me for the gospel preaching you will save your life ah so then to save your life you need to lose it for

[41 : 50] Jesus the only way that void can be filled is when Jesus takes over he is the only water of life that's why I started by saying that Jesus said if you don't eat me anyone who does not eat me does not have life you seem to be having fun but you are still void you don't have life so we are talking about what should I do to be saved I need this salvation you are not the first person asking this question in fact you've always been asking but you didn't know that is actually salvation you need you've been thinking something is missing I'm not happy I'm sad I'm not happy I'm stressed I'm very angry I'm not myself and all that I'm stressed I have anxiety all those it's all one thing it's a

void that is responsible for that

Satan can never oppress you until he has depressed you the more you feel emotionally depressed the more Satan is getting closer and taking control have you ever seen someone who has ended their life without being first depressed you're depressed sense of hopelessness Satan it's a barrage of attacks bombarding you and it gets worse after you have tried all the things that are supposed to give you pleasure that some of the things he offers as pleasure is actually meant to move you farther from God and the further you go from God the let me use the word the worse it becomes the larger the void many many people who you think are happy are sad many people they are living in posh houses but they are sad the void people were feeling 800 years ago is the same with human beings 800 years ago how did they make babies it hasn't changed 2000 3000 years ago if you drank poison or a snake bites you would die now if a snake bites you will die it doesn't change 4000 years ago it takes a man and a woman to have a baby to have a child 4000 years down the line it hasn't changed the same human nature hasn't changed technology can change but human nature hasn't changed so how to fill the void salvation the only way to fill is to be saved listen you are not the only one asking so what can I do people have been asking this question for many years there was a man called john the baptist he was preaching in luke chapter 3 verse 10 in luke chapter 3 verse 12 in luke chapter 3 verse 14 they were asking what shall we do

I know you are asking a question what shall I do this void is there I know what shall I do luke chapter 3 verse 10 look at it so the people asking what shall we do then you are not the first one to be thinking this question look at verse 12 verse 12 then tax collectors also came to be baptized and said to him teacher what shall we do tax collectors were the bad guys in town they did fraudulent deals the bad guys they also came so if you are one of the bad guys Jesus actually likes the bad guys if they come they will call you bad but everybody is bad all right depends on what you have been doing if you are breaking law people will tell you say it's bad but they are also breaking God's law so as for so long as God's law is concerned all have sinned you don't have any parking fine because you don't have a car so when it comes to laws about parking you always claim innocence so every law human law somebody is innocent every human law but when it comes to God's law it catches all of us all of us all of us all of us all of us the good bad and the ugly all of us all of us and so they were asking them c them those saying, and what shall we do?

What shall we do? So he said to them, do not intimidate anyone anymore. He gave them a solution. What shall we do? People have been asking this question always. And I know you're asking.

[47 : 13] I know you're asking. That's why I'm going to show you what to do. Peter was preaching one day. In Acts chapter 2 verse 37, the Bible said, and when they heard this, they were cut to the heart.

And they said, men, they're burning. What shall we do? What shall we do? Every good preaching is meant to bring you to the place where you ask, what shall I do? What shall we do? Good preaching. God-filled preaching brings you to start reality of the void. And that is not condemnation. That is awakening.

That is opening your eyes to realize that actually it's a void. What shall I do? What shall we do? Every preaching must make you feel, what shall I do? What should I do?

So in Acts chapter 2 verse 37, they ask, men and brethren, what shall we do? In Acts chapter 22 verse 10, Paul, he was sore.

[48 : 13] He was killing the believers. He met God. He met Jesus. And he said, so I said, what shall I do, Lord? Have you seen before, I was asking this question? The disciples of Jesus put it this way in John chapter 6 verse 28.

They said, what must we do to work the works of God? What must I do? What must I do? Is there something I can do? But I want to take you back to Acts chapter 16.

Acts chapter 16 verse 30, 31. 30 says that jailer said, sirs, what must I do to be saved?

You want to be saved? It's simple. Look at the next verse. They said to him, believe on the Lord Jesus Christ. Not behave. Start with believing. Believe on the Lord Jesus Christ and you'll be saved.

Not only you. You and the people are connected to you. Your family guys will be saved. Some of you, what is going on in your family is not good. Your family needs a lot of help.

[49 : 14] But that's why God wants to start with you. God wants to start with you. We are offering you salvation. You are telling me, how about the gospel according to Thomas?

When you were researching about the gospel according to Thomas, what has he done for you? Your void still remains. You are messed. You are still addicted. Drop the nonsense and look for help.

Get out of that arrogance. Because you still need help. When you come to church, you are bringing this nonsense, racial stuff. Black, black. Jesus is a black man.

Who cares? Who cares? At least be a bit sensible and check history. Check history. The Jews, are they blacks?

They are blacks. They are blacks. And they are more Asians.

[50 : 15] Neither are they Germans. They are not Russians. Moses was not Russian. Peter was not German. And Mary, the mother of Jesus, certainly was never Irish.

So, where from all this white man, blah, blah, blah, blah. It's not a racial thing. It's a God thing. Listen, listen. Don't clap. I'm more concerned about the void in your life. That is driving you mad. That is driving you to hell. That is ruining your life. Wait till you are in control of your life before you talk the way you talk. You are out of control. And instead of looking for help, certain has money to tell you, don't believe the Bible.

Don't believe all those pastors. They want your money. How much have you got? How much have you got? You don't even have some.

Your account is in red. And you are scrapped. They need my money.

[51 : 21] You would have gone around Bill Gates. But did you see there? Pastor Esther, did you buy it for him? Yeah. Did you buy it for him? Have you even bought one?

Why are people so blind? The question is, what you going to do about your mess? Let's cut to the chase.

That's why I'm here. Not because of time. Not because of race. What you going to do about this lack of control in your life? I think you need help.

Just as I need help. Just as he needs help. We all need help. We are all sinking. And there's only one help. The people ask, what shall I do to be saved?

He said, believe in Jesus. I don't believe. Go to hell. Next. Believe in Jesus. Yes. I believe. Be saved. Hallelujah. Believe in Jesus.

[52 : 21] Next. Believe in. I don't really know if I can believe or not. Go to hell. Next. You are running out of time. Yes. You are running out of time.

You are running out of time. You are running out of time. You are running out of time. The time has come. And now is when the true worshippers shall worship the Father in spirit and in truth.

As I bring the message to a close. I know God sends me to you. Because you can't die in your sins. And you can't stay in the void.

There is a solution. What does it profit a man if he gains the whole world and loses his soul? That will not be your story. Your story will be you find your soul.

And you find rest. Jesus puts it this way. Matthew chapter 11 verse 28. Come unto me. Come. Come. He said, come unto me.

[53 : 26] Oh ye. Everybody. It doesn't matter. You can be a Buddhist. You can be Hindu. You can be Catholic. You can be tongue talking. You can be redeemed. You can be dumb.

You can be black. You can be white. It doesn't matter. He said, come unto me. Oh ye. Who labor and a heavy lady. You feel there's this big burden on your life.

You are tired. Are you tired? He said, I'm tired. I need help. I need help. I can't stop. Something is wrong in my life. Sometimes I'm tired of living. He said, come.

He said, come. Come unto me. He said, come unto me. Help Jesus. Not a pastor. No pastor can help you. No pastor can help you. It's Jesus. Come unto me.

All ye who labor and a heavy lady. And he said, me. I will give you rest. Amen. Amen. Amen. Amen. Amen. Amen. Amen. Amen. Amen. Amen. Amen.

[54 : 21] Amen. Amen. Amen. Amen. Amen. Amen.

Amen. Amen. Amen. Amen. Amen. Amen. Amen. Amen. Amen. Son. For friends with us with us, they're with us. Do you know exactly? Amen? That's awesome. I'm going by you. You're going for my executada for us, because, it started using our unit. That's awesome. We are going with us, Kingsley, the overhead in fact. If I caught it in the hole, it's losing our unit. We need to try and save it harder for us, but theciamoe. And I want this akek, that's why, let's take it harder for me.

somewhere. You didn't use that with A for apple, A, A, apple, B for boy, bo, bo, boy, C for chango, cha, cha. And today, look, you are, you are cracking calculus. You don't understand everything at once. Start from where you are and humble yourself. Embrace the first solution and that will entitle you to the next solution. That will entitle you to the next solution. You haven't done a degree. No post-grad, undergrad, you haven't done it. And now you want to go and do PhD. Does it work like that? No. I know you want to be a PhD holder, but they will start you with all levels. All levels, I mean all levels. GCSE. Sorry. Okay, yeah. GCSE or A level. Right? Yeah. GCSE or A level. You have to go. It must be systematic. So, Pastor, what I'm trying to say, I want to give you a solution to the question you've been asking.

What can I do? What can I do? And the solution is biblical. I don't have an answer for you, but the Bible has brought it for you. So, for Satan to keep you in bondage, he will tell you don't believe in it. Don't believe in it. If you don't believe in the Bible, I can't help you go away. Let me tell you, let me say as a man, I can't help you. Get out of here.

And when you go, don't come. Because I can't help you. I can't help you. And you die in your sins. And when you die, it's not the end of it. You burn in hell. When you are burning in hell, what about the gospel of Thomas? You'll be burning.

[56 : 46] Wow. Thank you, Jesus. Thank you, Jesus. For all have sinned and have fallen short of the God. Nobody is perfect. Nobody has gotten it all together. The only one who is perfect is the one who can come inside you and fill the void. Pleasure cannot take care of the void.

Power cannot take care of the void. Prestige cannot take care of the void. Possessions cannot take care of the void. There's only one thing that can take care of the void. Jesus. Jesus.
