Preacher: David Antwi

[0 : 01] Welcome. Thank you for choosing to listen to another destiny-changing word by David Entry from one of our Revival Seeking Youth Services. If you want to control your world, catch the word. Be blessed.

Last week, what did I speak about? A plan. Can you imagine God has a plan? I know you have a plan, but you're not the only one who has a plan.

God also has a plan. And what's the name of God's plan? Economy. God has an economy. All economy has economy. The better way to put it is household administration. In 2 Timothy chapter 2 verse 20, it says that in a great house.

Many people do know that God has a great house. Say it in a great house. In a great house. Not a small house. That's why he needs an economy.

[1 : 25] Say it in a great house. In a great house. Say it again. In a great house. Say it for the last time. In a great house. In a great house. There are not only vessels.

Of gold and silver. But also of wood and clay. Some for the sun. It's a great house. So, God has a great house. And, Hebrews chapter 3 verse 6.

It says, Whose house ye are. Wow. Wow. Whose house are we?

How does Nick Ineens put it? Whose house we are. He said, But Christ has a son over his own house.

Whose house we are. And this house is a great house. So, You remember.

[2 : 38] Jacob. Jacob. God called Abraham. Do you know why God called Abraham? Do you know why God called Abraham?

What are we talking about? God. Why did God call Abraham? That's why I called Abraham. Not because Abraham was so intelligent.

You see, Religion has presented a God Who is sitting somewhere. Who, We are also living our life And we just have to get him To come and do things for us. No!

That's not a Christian God. Why doesn't he answer every prayer then? If that is the kind of God he is, Then he should answer every prayer. He does everything according to the counsel of his own will.

Of his own pleasure. Of his own purpose. He has a plan. He has a purpose. And which is going to climax at the end of time.

[3 : 47] Amen. So, Everything happening is in the plan. The details. He has planned everything.

The details. The details. Nothing is by accident. The details. And yet, He doesn't tell you, Go and betray Jesus.

However, He has actually planned your betrayal In the details. So much so that Peter said, In Acts chapter 1, Verse 16, 17, Peter stood up amongst the 12.

And he said that, Men and brethren, You know, Men and brethren, This scripture had to be fulfilled. What scripture? What scripture?

Which the Holy Spirit, Ha! So the scriptures from the Holy Spirit, Number one. Which the Holy Spirit spoke, By the mouth of David. David was just speaking, But it was scripture. Eee, Shabby.

[4 : 49] David was speaking, But it was the Holy Spirit speaking. It says that, The scripture had to be fulfilled. The Holy Spirit spoke. How did he speak?

He used David's mouth. So when you are listening to David, You think he is the one talking. But at that moment, It was the Holy Spirit talking.

It was the Holy Spirit talking, Man. So maybe as I'm preaching, The Holy Ghost might be talking sound.

Yeah! That's what God does. God speaks through the speakings of his vessels.

So the Holy Spirit spoke by the mouth of David. This is very interesting.

[5 : 42] Concerning Judas. How on earth would David know Judas? He doesn't even know Jesus. He never knew Mary.

He never knew Jeconiah. They're talking of 14 generations. He only knew Solomon.

So where is, How on earth is he going to talk about Judas? That's why it's the Holy Spirit. But why did the Holy Spirit talk? Okay. From Jesus, David to Jesus.

Let's look at the Bible. Matthew chapter 1. The book of the genealogy of Jesus Christ, The son of David, Son of Abraham.

Abraham begat Isaac, Isaac begat Jacob, Jacob begat Judah, Judah and his brethren, His brothers. Judah begat Perez and Zerah, By Tamah, Perez begat Hezron, And Hezron begat Ram, Ram begat Abinad, Abinad begat Nashon, Nashon begat Salmon, Salmon, Boaz, Boaz, Obed, Obed by Ruth, Obed by Ruth, and Obed begat Jesse, Jesse begat David the King.

[7 : 01] He's the only one who got his title. David the King. David the King begat Solomon by her who was somebody's wife. Yay. It's there in the Bible.

David, the one who had his title added to his name. Wasn't Solomon a king? But it didn't say Solomon the King. After Solomon, all the ones that came, they were also kings, kings, priority. David mentioned, David was the only one, and can you imagine, they mentioned David before Abraham. Jesus Christ, the son of, the son of Abraham.

David seems to be a very important person. David, the king, and David the king had Solomon by somebody's wife.

No, it's not his wife. He had, she had been. There's a difference. There's a difference. the child, Bathsheba, had with David when she was married, that child didn't live.

[8 : 12] And David repented and married her after he killed the husband. So, he went to watch porn.

Do you, how many of you know, porn comes with a lot of attendance problems? Attendant problems. When you finish watching porn, something might follow. That's why you have to watch what you watch.

Because David, instead of going to church, going to battle, he decided to just stay at home. And then, he was bored, so he went to the roof house. He has a rooftop.

He was just walking. And he saw a woman bathing. David said, what? He said, oh, no, it's not good. I can't watch it. It's not good. So, he went. But he said, no, no. So, David called one of the servants.

[9 : 09] Can you bring me a chair? He sat down and finished watching. The woman didn't know she was being watched. Watching women is not a good thing for a man.

Yeah. Watching women. Yeah. Watching women for lustful purposes. How many of you know that when you watch some things, afterwards, you want more?

Yeah. Yeah. After all, you want more. So, it's better not to start. Yeah. Yeah. Yeah. Yeah. Yeah. The lack of discipline that make you not avoid starting, that same lack of discipline will not make you stop continuing until you get into trouble.

And those things can go down slippery slope very quickly. You can get into trouble very quickly. I mean, if you know what I'm talking about.

Yeah. You didn't intend to do anything bad, but you shouldn't have gone to his house because you've started something you might not be able to control.

[10 : 24] And when you finish, you are crying, what have you got? You shouldn't have, you knew you shouldn't have gone there. Especially those guys who say, oh, now I'm fine. I'll just pass by. I used to go there and a lot of things, this time, now I'm strong.

After church, I'm strong. You are not strong at all. When you go there, you eat sand. So, David said, I want to see more.

After was, after the live show. Who's, who's, who's, you see that woman, who's woman is a bringer? And so, Uriah's wife is a bringer.

Uriah is going to, the men have gone for war. David was supposed to be there, but he was chilling out. Bring the woman. Bring the woman. Some of you, when people call you, they say they are coming home.

Tell them, don't come. Yes. Don't come, please. When someone calls you, oh, where are you going? I'm going to Edway. Okay, I'm also driving there. You can't join me.

[11 : 28] Oh, no, sorry. The sister after church said, oh, are you going to Edway? Oh, yeah, I'm all gone. Okay, I'll join you. Can I join you in your car?

You're alone. Say, no. No. And, just to cover yourself, say, pastor said, I shouldn't be.

So, if you ask pastor, then I don't mind. I really would have wanted to go with you, but please ask pastor. Before they come to invite you for bowling.

Ice skating. So, David said, bring her, and when she came, he had to continue what started.

Because, you see, the thing doesn't end.

David said, bring her, and he brought her. They brought her. He said, tonight gonna be a good night. And, she got pregnant.

[12 : 33] So, after the, period, she came with overnight bag. After the period, she went back home, according to the scriptures.

And then, she got pregnant. Hey! And the woman conceived. So, she sent, you know, the woman will always tell you. Yeah.

Yeah. I've missed my period. Hey! I told you, it doesn't start in a problem, with a problem. Start like, this is just something effling.

But, where it's going, you cannot be in control of it. Because, you thought, this is not going anywhere, so just something little. No.

Some things are better, not started. So, I'm pregnant. David said, whoa. He said, I'm with a child.

[13 : 35] Obviously, he knew why the woman was telling him. So, he said, hmm. I have a plan. I have a plan.

You know, just strolling on his, in the rooftop, seeing a naked woman, he should have left the place.

And something happened. So, he said, I've got a plan. He has to think about something.

Because, he can't put himself to disgrace like that. So, he said, okay, the guy is a soldier man, but he's on the field. Send for him. I'm the commander, commander in chief. Send for him.

When he comes, I'll let him go to your wife. Go and have some fun with your wife. And then go, because after being away from home for a while, he must be loaded. Of course. So, come, come and offload.

So, he comes back, and the guy is so focused and loyal like a KP2 person. Yes. He said, my friends are on the field.

[14 : 41] My compatriots, my contemporaries, they are on the field fighting. I can't go and be relaxing and enjoying with my wife at home. The king called for me.

I've come. King, the king said, give him alcohol. They had feast. Give him a, go, go home. He didn't go. He didn't go to sleep near his wife because he said, I can't do that.

I'm too loyal. I'm not supposed to be here by now. I'm supposed to be here. But the king has called me. I mean, the king finished with me. I'm going back. I'm not going to be with my wife. It's not time for enjoyment, boy.

It's time for everything. It's time for everything. This is not time to be changing your sneak trainers and track shoes and Jordan something or Nike, Tech, Tech, Tech, Tech flick.

I don't know how come after the Tech flick. So wait. This is not the time to change. This is time for studies. Uriah said, I won't go home.

[15 : 45] And so it was told David that the plan didn't work. What is it? He didn't go home. Because as soon as he goes home, he will see his wife's body and dad will wake up brother and brother will want to be generous before he leaves.

So he didn't go home. They called him. He said, why not? He said, no, I can't go home and all that. So David felt like, wow.

Because if he goes home and the wife is already pregnant, then it will be said that he did it. But normally when they go to battle, sometimes they can be there for months. So how can I be away for months and my wife is pregnant?

So that's why he said, come back, go and be with your wife. He said, I'm not going. He didn't know.

He's just a genuine person. So David said, okay, plan B. He wrote a letter to the army commander.

And he said, Uriah is coming back. And he gave the letter to him, give it to your boss. And he told the boss, put him in the fiercest part of the battle. Let him be there and let everybody withdraw from him.

[16 : 53] So he will die because I can't take this shame. Yeah. He wrote a letter. Set Uriah in the forefront of the hottest battle and retreat from him that he may be struck down and die.

David, David, David, David, no you. You wouldn't do that. I'm talking about David. God said, David is a man after my heart. David! If you wrote the Bible, you wouldn't put this thing about David. No. Because men wouldn't put this thing concerning David. No, no. Because the Bible must look a bit neat. This is kind of a messy thing inside it. How do you explain this?

But there's a plan. The Bible is not an accident. And this David is the one the Holy Ghost spoke through his mouth. I'm not saying continue doing your porn and then you speak through your mouth.

I never said that. I never said that. I never said that. So, is someone going to say something? Yes. So David said, kill him!

[18:03] And then they told him he was carrying his own letter for his execution but he didn't know. A loyal man said, oh, the king has sent me so happy.

Wow. They said, kill him! He died. And then it was told David that the guy is gone. He sent for the wife and added her.

Oh! He took the widow and made her his wife. Meanwhile, you killed the man. Wow. Nobody knows but you killed the man.

David! But this thing that David had done displeased the Lord. What is it that you are doing that is displeasing God?

This thing that David has done. This thing that you are doing. This thing that you are doing. I don't know who I'm talking to. This thing that you are doing.

[19:09] The God who can bless you. You are displeasing Him. The God who alone can bless you and change that messy story and turn your situation around.

You are displeasing Him. But I won't have anything against God. No. You know. You know He will endorse what you are doing. This thing that David has done displeased the Lord.

Any married there? And the woman conceived anyway. She had already conceived before she was married. And when she conceived she gave birth.

David has a heart for his children. She gave birth and the child became sick and David prayed God don't kill him. Don't let the child die. He fasted. Actually for if you didn't he was a king.

You go and see him in his house he's not eating. He said God my son my son and the son died. So David was told that he's dead. I would say when David was told he stopped the fasting he got up he said God gave God has taken he's going to continue with his life.

[20:20] But did he repent? Yes he did. Because after he took the woman and the thing displaced God it's good to have a pastor. You can be a prime minister you better have a pastor.

Some of you only have a boyfriend. Have a girlfriend. You have a lecturer but you don't have a pastor and yet you have a lawyer. You have a GP.

You don't have a pastor you are in deep future trouble. So God told Nathan what David had done. And Nathan the prophet went to David and David is a king. You can't talk to him anywhere. So he told him a parable story that there was a small town and there was a very rich man he had a lot of sheep and there was another poor man he had only one sheep.

The man loved the sheep. He bathes with the sheep. He sleeps with the sheep. He treasured the sheep. The sheep. And he said one day the man who has plenty sheep had some guests and he wanted to do party.

[21:27] He went to this other man's house the one who had only one and took that one slaughtered the sheep and served his guests. And Nathan told David this is what this man did.

You are the king. What do you think should be done to such a man? David said that such a man must die right away. You see how it's easy to judge Adam people?

You see how it's easy to judge? That's David. So David's anger was greatly aroused against the man. He didn't know he was the same man. Against the man.

And he said to Nathan as long as the Lord live that man has who has done this shall surely die. Look at the next verse. Look at the next verse. And he shall restore fourfold for the lamb because he did this thing and because he had no pity.

Look at the next verse. Then Nathan said you are the man. Yes. You are the man. You are the man.

[22:35] You are the very one the pastor is preaching about. You are the man. It's very interesting.

So now he has already endorsed his sentence. Such a man should even live. And he himself was angry. And Nathan said you are the man. and said that you had many wives.

In fact God he said God has given he said I gave you your master's house your master's wives. Yeah. Into your keeping and gave you the house of Israel and Judah. And if that had been too little I would have given you much more. The next verse. Why have you displeased why he despised the commandments of the Lord to do this evil in his sight. You have killed Uriah the Hittite with a sword. You have taken his wife to be your wife and have killed him with the sword and the people the sword of the people so you didn't kill Ammonite killed him but you orchestrated it.

[23 : 48] You killed him and took his wife. You know why I told you all this story. Such a person. When God was going to give the one to succeed David's greatness the child who Uriah gave birth to.

There are other women and David had other sons but God said it is this one. So they said David the king look at the genealogy of Jesus and this is all in the plan of the arrival of Jesus.

Why do you add this to Jesus' bloodline? Jesse begat David the king David the king begat Solomon by her who had been now you see the story.

And Solomon begat Rehoboam so it's like now Solomon so when you hear Solomon someone's mother was somebody's used to be somebody's wife and David killed the father the man and married her because he was trying to cover up.

Yeah. And then the child that was conceived before she was married died and then when she gave birth to this one God said this one is going to be mine.

[25 : 04] It should never have been that woman. Should have been another woman because David had other women. David had access to other wives. but why must it be Solomon?

That is the irony of God. He likes using ordinary human beings. You don't have to have a perfect history. He's not looking for your perfect history.

He's looking for your good heart. Your open heart. Your genuine heart. Some of you your history is bad. It's so bad. But guess what?

Pastor are you trying to tell me that doesn't matter? It matters to the law but not to the Lord.

Sometimes God can look from heaven and say oh yeah look at that bad girl.

I like to use bad girls. Look at that bad boy. I like to catch them polish them up and show the world what grace can do. So don't be so wound up about where you got it wrong.

[26 : 18] It's not important. It's actually part of the script. God will use all things work together for good. So God will use that as well. He didn't send you to go and do it but since that has been part of your history because Uriah's wife and he said if I was writing the Bible I would have just said David because because Abraham they didn't even mention Sarah.

Why? Oh please. Sarah is such a good woman. How about Rebecca? How about Rebecca? How about Leah?

These are great godly women. Where are they? They only mention these strange women. Five of them. So let's look at it.

Abraham begat Isaac. Should have said Bice. Oh mama Sarah. Abraham begat Isaac. Isaac begat Jacob. With who? Jacob begat Judah and his married.

Judah begat Perez and Zahm. By Tama. Who is Tama? Tama is a bad girl. Tama. She's a bad girl. She deceived her father-in-law for her father-in-law to have sex with her and she conceived Perez twins.

[27 : 38] Perez and God said this is the one I want to use. Oh no God. What kind of God? This kind God do I never see your time. Tama.

She played the hard lottery. She behaved like she was a prostitute. She sat by the roadside and he went saw the woman said the woman has covered her face and so they went and he was very busy ready to come.

He said oh oh oh before you step in I don't want payment just give me your stuff and your your what two things whatever. So he collected it and then when they finished she vanished and ran away with that stuff and she conceived.

So she was at home and then Judah was at home and they said Judah your daughter-in-law Tama has played the hard lottery and she's pregnant.

It came to pass about three months after that Judah was told saying Tama your daughter-in-law has played the hard lottery furthermore she is with child by hard lottery what a disgrace have you brought to my family.

[28 : 51] You see he's also judging somebody meanwhile he's the one he didn't know he didn't know he didn't know he didn't know that it's his seat that has worked there oh wow have you enjoyed this story it's very interesting so Tama they told and he said hey who did this so they called family meeting bring it she has to answer how this happened to her so when she came when she she brought out when she had brought she brought out the father-in-law what belonged to him and he said the man who owns this one he is responsible for this child father you know you just I'm not going to read your bible there are better movies in the bible better self-oppress in the bible he said please determine who these are the signet and the court and the staff please let's find out who this and then

I'm being honest whoever owns this one and when Judah realized that it was him he said she's more righteous than me I've been the bad guy yeah Judah acknowledged him and said she's been more righteous than I it's okay and guess what he said God when he was going to become a human being he decided I'm going to use one of those children she got pregnant with twins and normally something which I've taught you before is called the right of primogeniture the right of primogeniture that's why Prince Charles is the king and not Andrew because he has the first right because he's the first child so normally he's the first child that inherits but this time the first child that came which was Perez no no Tama no Zara Zara was not the one to be the first it was rather the second child because Zara was coming and the other it's a very interesting story go and read it anyway but God says

Bible says that the genealogies is Abraham begat Isaac Isaac begat Jacob and his brethren Jacob Jacob begat Judah Judah begat look at it Judah begat Perez and Zara by Tama and you see they mention that's the first name in the female's name in the genealog of Jesus is the bad girl those of you who used to be bad girls good news for you wow hallelujah if I were you I would shout hallelujah hallelujah this is interesting Tama Tama then you know Jews don't deal with Gentiles Tama look at it let's go and then so Perez Perez begat Hezron Hezron begat Ram Ram begat Abinadab and Abinadab begat Nashon Nashon become Salmon like fish salmon begat Boaz by who is Ram why do you keep mentioning these bad girls yeah yeah that's the genealogy of Jesus full of bad girls full of the wrong women and they take the Bible takes its time to mention these wild women but the beauty the beauty of it that is why he's God because he has plans and all that fits into his plans because his plan is about human beings so shall we go back to the genealogy Jesus the other women coming of Rahab was a bad one in fact Bible says Rahab the halot yes madam faith comes by faith Rahab the halot

Rahab clean halot not like it's cheese alright so Rahab so someone's mother was so someone begat Boaz by Rahab Boaz begat Obed by Ruth another one she wasn't a bad girl but she was a Moabite Moabite don't come to Israel they don't mix put you on the screen so she's a Moabite but why would God choose to add a Moabite do you know who a Moabite is when Saul's lot's wife turned into a pillar of salt their daughters felt like now we are only with our father we are two girls and our father and we need somebody there are no men here so they got their father drunk and the drunken man fired his daughters the first one went and conceived the second one also repeated and conceived and God said this is a curse this is a curse Moabites should not enter so Moabites [34 : 04] Jews don't have Moab and yet Ruth was a Moabite that means that everybody can be in everybody can be in Ruth so these are there so we have heard about who Tamar and then Rahab and then Ruth the Moabites and then let's see the next one and Jesse begat David the king David the king begat Solomon by her somebody's wife this one is no good at all somebody's wife she shouldn't have married him but she doesn't have a say you know women are strong when they want to do something they can they didn't even mention her name they just mention who she used to be somebody's wife so that's number four let's see let's go Solomon begat

Rehoboam Rehoboam Abijah Abijah begat Asa Asa begat Jehoshaphat Jehoshaphat begat Joran Joran begat Uzziah Uzziah begat Jothan Jothan begat Ahaz Ahaz begat Hezekiah Hezekiah begat Manasseh Manasseh begat Ammon begat Josiah Josiah begat Jehkunia and his brethren about the time they were carried into and look at the next verse look at the next verse and after they were brought from Babylon Jehkuna begat Sheetiel and Sheetiel begat Zerubbabel and Zerubbabel begat Abiud Abiud begat Eliakim Eliakim begat Azor Azor begat Zadok Zadok begat Achim Achim begat Eliud Eliud begat Eleazar Eleazar begat Mathan Mathan begat Jacob Jacob begat Joseph the husband of Mary Mary was the next woman mentioned and she was a clean one a virgin one virgin took care of all those other ones and

Mary gave word to Jesus and then he began to tell about the Jesus story but when you studied a very careful look at this the one I was looking for so all the generations from Abraham to David were what 14 generations and David unto the captivity of Jokoneia's time 14 generations and from the captivity unto Christ is another 14 14 generations do you know what it mean you gave back to this one generation two generations this one gave back to three generations like that how would David have known about Judas Judas look at the difference from Abraham to David 14 from David to Jesus 18 28 sorry 28 28 generations and yet David spoke about Judas but why David David wasn't that bad because when he saw his fault he repented God God works with a contrite heart God works with a broken heart the reason why God is not smiling on you is because your heart is not broken when your heart is broken because you have broken God's law God said it doesn't matter what you have done come come and let's talk come and let's talk verse 17 or so the sacrifice of God are of a broken heart a broken and contrite heart this oh God you will not despise David said Psalm 51 after he did the wrong he was caught look at verse 1 David went and prayed he says that have mercy on me oh God according to your loving kindness according to your tender mercy block out my transgressions wash me thoroughly from my iniquities cleanse me from my sin this is David praying this prayer I acknowledge my transgressions and my sins are always before me against you this is very important when it comes to your relationship with God not against the boy not against the girl she might not know your mom might not know your dad might not know but your sin is not against the government your sin is not against your sex partner your sin you if God forgive you it doesn't matter who says they will forgive you that they don't matter against you only have I sin and this evil in your sight that you may be found just when you speak and blameless when you judge God I deserve anything you have to do cleanse me it says that behold I was brought forth in in in sin I was born twisted I he wasn't excusing it he was admitting it look at the next verse I was born like this people were born crippled they received healing I was born like this I was born what behold you desire truth in the inward part but verse 9 I like verse 9 it says purge me with hyssop no no go to verse 7 purge me with hyssop and I shall be clean wash me and I shall be whiter than snow this is a prayer of a broken heart after killing somebody and marrying their wife and him being told what you have done that's his prayer what prayer have you prayed when we say you want to come to Jesus raise your hand you are struggling to raise your hand you don't really want to come to Jesus you don't mean it because listen when you really meet [39 : 57] God face to face the first thing is God what should I do should I jump should I lie down whatever that's the sign of a broken heart so David said against you alone have I sinned until you pass through January repentance you can ask verse 9 verse 8 make make me hear joy and gladness that that the bones you have broken may rejoice David was shattered with what he has done and he knows the law of God is against him look at verse 9 I like verse 9 hide your face from my sins and blot out my iniquities wow that should be your prayer that should be your prayer after all that has happened what did I say after all what has happened today looks like I'm really preaching to somebody after all that has happened for you to remain relevant in the plan of God you have to learn how to pray this prayer else you'll be very irrelevant in God's plan and your destiny will not forgive you for that it's your relevance in

God's plans that determines your relevance in life it's not your money it's not your certificate it's not your beauty it's not how many guys like you that doesn't determine your relevance in life let me finish the text ah I'm enjoying this message hide your face look at verse 10 create create in me a clean heart of God and renew the steadfast spirit within me cast me not away do not come from your presence cast me not away from your presence and take not your Holy Spirit from me restore unto me the joy of coming to church the joy of serving in the choir the joy of restore it I've lost it because of what I did restore it unto me Lord I want it back I want to be excited about outreach restore it unto me Lord restore it unto me that's

David's prayer no one in the Bible calls him David the king David the king you'll be fixated on what he did with Uriah's wife but heaven has gone past that heaven said David the king look at the kind of heart he had he said create in me a clean heart create me a clean heart why is the pastor talking about porn because of you because of you you you there's one person here it's because of you I'm talking about porn every time porn because every time you are doing it usually the arrogant take offense in the message that is supposed to save them that's why I said I will deliver you from those I'm sending you to because there are arrogant people who I can't save and they will begin to attack you because they are within those I want to save so I send it to a mixture of people some are

arrogant they will attack you but some among them look arrogant but they won't attack you when you are preaching they may not shout but they are sitting quiet they are sitting quiet and in their heart they are saying

God creating me a clean heart creating me a clean heart creating me forgive me restore unto me the joy of salvation restore unto me it doesn't matter how much you have gone off come back to church and ask God to create you a clean heart it doesn't matter who knows about it you can tell everybody who knows David has married somebody's wife but that was not his problem you are always interested in what people think about you your image is what matters to you you be disqualified out of the plan of God so David this David guy speaks about Judas so Peter said the holy the scriptures must be fulfilled which was spoken by the holy spirit by the mouth of David concerning Judas who became a guide to those who arrested Jesus so what am I trying to tell David spoke about Judas when he didn't ever have a clue about Judas because this whole thing is a plan this whole thing was a plan not a plan of David because David's plan didn't work well not a plan of David but it was a plan of God from the beginning of time and did you see the genealogy of Jesus you see those bad girls before God any name that was mentioned in the line was part of the plan they were just living their lives they didn't know so those who were going to trap their father and not to sleep with them they were doing it by their own God it wasn't like God said go ahead do it no if there was never a

[45 : 26] God they would have still done it so there was no external influence for the Moabites or for the Lord's daughters to sleep with there was no external influence for David to sleep with Bathsheba God didn't plan there was equally no external influence for Judas to betray Jesus there was no it was like even if nothing ever existed and life was just going normal Judas would have done it but the beauty of it is which I told you is called the providence of God is that people were living their own thing but as they are living it it has already been scripted from eternity that someone will do this someone will do this someone do this someone do this someone do this and they just come and act it without any influence they do it by their own choice that is stronger than a miracle it's called the providence of God that someone has pulled the gun and pulling the trigger and if it was going to be used by

God to make you a preacher global preacher but God didn't send him God didn't touch the trigger they are doing their own thing but God has added that before they did it to the script so that's why I told you he said they they decided by the predetermined counsel of God to kill Jesus they killed him not God didn't say go and kill him so then the truth is if they were being judged for killing Jesus they were culpable they were not innocent they were guilty for killing Jesus according to normal standards of judgment they were guilty they murdered him so that's why in Acts chapter 3 he said you by lawless hands have murdered lawless hands meanwhile God didn't have an influence in it God didn't have an influence in it but he had already scripted it it was part of the plan you think it was

God who sent you to go and do that drugs no but it's part of his plan so that by the time you get to church you are already humble because you know they are not qualified he likes using people who know they are not qualified that's why sometimes pastor's children get left out because for some reason they think they are qualified and it's not a big deal what is it no nobody has inherited it's not your family right to be used by God he said I will have mercy on Romans chapter 9 verse 16 I will have mercy on whom I will have mercy and I will have compassion on whom I have so then it is not of him that will it neither is it of him that run it but it's of God who shows so it's just part of the plan okay so now

Peter spoke about how all these things that have been happening in life especially anything that has been recorded in the Bible how many of you know not everything has been recorded in the Bible some of you who don't know I'm just telling you your great great great grandmother is not in the Bible okay I'm just telling you but she lived no more human but it's not in the Bible okay so how about Abraham's Abraham's auntie they lived Alexander the great lived before Jesus was born he was not recorded for what what what what's the purpose of recording everything recorded in the Bible is called the redemption story it's playing a role in our salvation so even Jesus Christ there are so many things that way he did he lived hey what

I'm trying to say the Bible is not a history book why is it not in the Bible it doesn't have to have everything in it because it's not a history book it's a unfolding of the redemption plan that's why you can see Tara Tama you can see Perez you can see Rahab it's an unfolding how about Rahab's

mother what has it got to do with them how about Rahab's family what has that got to do with them they don't matter they don't matter it's a redemption story so in the book of John chapter 20 verse 29 I think so let's go to verse 30 first verse 30 yeah that's the one I'm looking for Jesus did many other signs in the present not like in a corner people saw it but why didn't they write it which are not written in the book but why didn't they write it but these are written why there's a purpose for the writing of this that he might believe that

[50 : 51] Jesus is the Christ and believing he might have eternal life so it is meant for redemption this is a redemption story everything here everything here is explaining and unfolding the plan for us the plan from the beginning so anything that is not recorded is not part of the plan for redemption everything here is for redemption so okay I have a lot of questions about the Bible I think you should think about your redemption think about your redemption because you are not that smart none of us is that smart to assume that I should have questions smarter minds have been blessed by these sins inventors I'm talking inventors inventors inventors have believed in the Bible and have accomplished so much not an Oxford scientist who hasn't accomplished anything busy always in the lab or busy always doing research and you haven't changed anything there are some other Oxford Cambridge Yale professors who are fan believers of us John 15 18 remember that if the world hates you know that it hated me the world will hate Christians and they will tell us we are bigots they will tell us it's hate speech Christians don't hate they said don't judge me I'm not judging you you just don't like the truth so now is someone getting something out of you are sure you are getting something God has a plan we saw that according to Ephesians chapter 1 verse 10 that so that in the fullness of time at the climax of time

God's plan will play out so he's working a plan he's working a plan he's working and every generation he has key players I pray that God make me a key player in this generation that's a very good prayer to bring that God puts me in the center of your plan even that prayer might still be part of the plan because God doesn't use people on a long term basis if they don't have a hunger to be used so God must inspire a hunger in you you meet a guy called David Amci and the way he loves God the way he's hungry for God is to spark a hunger in you and because God wants to raise you as a generational changer watch this he's raising you but he can't do that if you don't have a hunger for him so he orchestrates your path you were walking at shepherd's book and someone invited you to charis and you came into contact with this

African man it's all part of the plan you hear him speak but when he speak you have never heard anybody speak like this as he speaking your heart is burning you can identify I don't know what he saying but this is my future God is me and while he's preaching God is using that to include you in the plan and so that desire that is generating in you is all that God is waiting for to enlist you in the great changes the great generals to enlist you among the great generals it's a beautiful plan no human being could plan it you have to live long enough to make sure it comes to pass but God from generation to generation he's the unchangeable God he's the unchanging changer he's the common factor in everything from beginning to the end the end will come and still be there God said I'm working up my plan a few things have happened in your life that made you very sad very angry and all that but God said don't worry I'm still working on my brain don't run away from church don't run away from church don't run away from church church you have to be grateful to God for the day you were invited to come to the express place so you have to be grateful to God for the day your foot stepped here or you might call it a stray you strayed into this place and you didn't realize that you are fated into destiny let me end by telling you this to be honest this whole plan

[56 : 39] I'm talking about I haven't told you what the actual plan is I haven't told you what God's actual plan so why would God who is all sufficient who is content self contained community he's content himself he doesn't need me he doesn't need you to be God sometimes singers say God created us to worship it's not true he doesn't need our worship to be who he is oh you know when we go to heaven all we are going to do is to worship is to worship depends on how you define worship when we go to heaven we are actually going to be eating see the way you're happy eating what the food you eat and which doesn't turn into toilet that must be very special and it's so sweet and

Christ is the fruit himself God just enjoying God and we will be singing and we just God and everything we are God so God is content in heaven he's fine doesn't need anything so why did he do this why did he create the world for the devil to invade the world and cause so many people to suffer and all that why did he bring this plan so what is the actual plan we have always seen that

from the foundation of the earth God had a plan and he worked the plan from Adam through Enoch Abel the whole of it mentions them through Abel through Enoch through Noah through Abraham Isaac Jacob Sarah through the 12 tribes

Moses Rahab Rahab there are names there God all through God is working so when you look at the genealogy of Jesus it tells you how he's been working then you go to the Old Testament and you expand the story you get a storyline like how he says that David begat Solomon by him she who has been Uriah's wife now until you go to 2nd Samuel 12 you won't know the story so the Old Testament tells us the story but the New Testament tells us the plan fulfillment where he's going where he's going until Jesus arrives and Jesus arrives he lives on the earth for 33 years and they kill him and his death brought us redemption ah that was where the game changed so in Adam all died in Jesus all lived in

Romans chapter 5 it's actually in Romans chapter 5 verse 12 says that through one man sin therefore just as through one man sin entered the world and death through sin and that death spread to all men because all have sin for if by one man's offense death reigned through the one much more say much more those who receive abundance of grace and of the gift of righteousness will reign through life through one so it's like Adam is a type of Jesus in what sense you didn't have to sin to be a sinner you just have to be in the Toledo Toledo of Adam the generations of Adam makes you a sinner in the same way to be righteous okay look at verse 19 just to make it let the Bible speak I feel like preaching let's go one more time how did you become a sinner how did all the many become sinners so they didn't have to sin someone sinned on their behalf and

God Bible says that Adam gave birth in his likeness Genesis chapter 5 oh after he fell if he had given birth before he fell that would have been a different story and Adam lived 130 years and begat son in his the son looked too much like him so he inherited the sin and so you also gave birth when you give birth your child is a sinner he doesn't have to do anything wrong so the reason why you are a sinner is not because of the bad things you did but it's because you are in Adam so he said but that's not fair because you don't want to take responsibility for your righteousness that's why you are saying that's not all were classified as sinners because of Adam so look at this for by one man's disobedience were the many so also what's not fair about this so now you have to choose where you be so being a sinner or being made righteous is not based on what you do it based on where you are it says stop talking about it's not fair choose where you be it's just simple as that so also by one man's obedience the many were made righteous so

[62 : 54] I'm not righteous because I be well so good I'm righteous because Christ behaved it Christ obeyed God and when I come into Christ I receive the credit of his obedience is that also not fair you are saying it's not fair because you don't want to take responsibility to come into Christ you so even if Christ has not come even if Adam has not come and it was you you would have done what you are doing you will still disobey God because now you are doing it when he has given left or right black or white light or darkness Adam or Christ and you have chosen God made man in his image but sin came in and the image how many of you have seen a broken glass before but it's not shattered or it's broken but it's still in place when you look at yourself in the mirror how do you see yourself your nose will be here and your eyes will be a very distorted image

God created us in his image but sin was like a stone it came and hit the glass smacked the glass now you can't see the image of God in us again distorted and Adam gave birth in his likeness sir you are too much like Adam to think you are okay your escape route is to be so much like Christ that's why we are in church to be like Christ so so God made man in his image so that man can wear God or better still God can put God can put himself into man God and man become fused together can you separate yourself from the food you ate yesterday show me what scientific experiment or scientific process last week's rice you ate that has been digested in your system that they put you through a process to be able to extract the rice can it be done why the rice has become you that's why watch this that's why

God created man and gave them instructions to eat in the garden it's all part of the plan so that and God put the tree of life there Jesus said I'm the life and I'm the tree Jesus is the life that's why I said unless you eat me you don't have life unless you eat the flesh of the son of man you don't have life me you have to eat that's when you offended how can we eat you how can we eat you I am the one I am the one I am life so Jesus Christ Bible said in him is life he told he told Martha I am the resurrection and the life me I am I am John chapter 11 verse 25 I am the life I am life I am life in 1st Corinthians chapter 15 verse 55 Adam the first Adam became a living soul the last

Adam became what a life giving I'm the life giver I'm the life giver I'm the life giver so when God in Genesis chapter 2 verse 8 Bible says that God created a garden and put man who we are from he put him there and out of the ground God made every tree to grow that was pleasant to the side and good for food say good for food so God put it there and then he put man in the garden and Bible says the tree of life was also in the midst it was in the middle in other words if I stand here and someone enters the room do you know who you see first so prominent God put the tree of life in a prominent position in the garden that there's no way you miss it but what is this tree of life and then Bible says the tree of knowledge of good and evil was also there and verse 16 and God commanded the man that of every tree huh every tree can you define every tree yes all the trees in the okay let's look at the trees that were in the garden verse nine out of the ground every tree to grow that was pleasant to the sight and good for food and then what the tree of life also so three categories of tree the one pleasant good for food tree of life and then there's another one and a tree of knowledge all these trees three categories in the garden and God takes man whom he has formed takes man and puts him in the midst of the garden and he says every tree eat that's the first commandment I keep saying it the first commandment is thou shall not the first commandment is thou shall eat no you don't know what you're talking about

[68 : 53] God didn't create us to worship he created us to eat that's why the first thing he told them to do was eat eat eat eat he didn't say sing he didn't say worship he didn't say anything he said eat I want you to enjoy garden eating means pleasure so he put them in a garden of pleasure for partying for partying and just the way David gave Bathsheba's husband Uriah said come and let's party and give him alcohol and he was drunk but he was smart so he thought when he gets drunk he would go home and sleep with his wife but he didn't go home so in the garden God also said come and party and come and eat start eating and then God himself packaged himself as a tree of life and stayed in a place where you can't miss him so that why so that we can eat as soon as we eat because watch this

God created us in his image so that if God enters us it's so seamless by unforced himself he said now come and take me he said take of me learn of me for I'm good and then he says that unless you eat the flesh of the sun you don't have life in John chapter 6 verse 33 35 particularly he said I am the bread I am the bread of life I am the bread that came from I am the bread of life I am the bread of life he whoever comes to me will never hunger and he believes in me shall never taste I am the bread of life what do you do with bread eat I am here I am here I am here I am the bread that gives life bread and so in the garden there was a tree in the garden but this tree was different from all the tree and yet there was also another different tree so when

God told them in verse 16 of Genesis he said of every tree you may freely eat in order to eat as much as you can it better than Chinese eat as much you are free to just eat so as you are eating natural fruits and from the natural tree you end up eating me too because the reason why I created man is so that I can put myself into man watch this eat say eat and then verse 17 he said but there's another tree there don't eat that one that doesn't represent my nature it represents another nature if you eat that thing you didn't have to elaborate but if you eat that thing whatever you eat you become you that that is why they can't separate that shaki you ate last week from you if they take you to lab because you have become that's why your health your health boy girl your health is at the mercy of your diet because wherever you eat you become haven't you heard this you are what you eat it is how

God created us so that if you eat God you are what you eat he created man and the first instruction he gave man he said eat and he placed himself before man as a tree that if you can eat me if you can eat me I will become me if you can eat me I will be mingled with you I will be fused in you so much that he who has seen you has seen you the bedrock of Christianity eat and yet as soon as God brought a woman and as soon as they were alone

Bible says in Genesis chapter 3 the appearance of the devil comes in he was the most cunning Satan is very sly don't think you are smart just follow the rules because inadvertently invariably you'll be beaten if you don't follow the rule you are not smarter than an ancient devil I know we are just friends I know how to manage it I know you don't play it according to the rule your aspirations of doing ministry will be dashed so Satan came cunning serpents he said has God indeed said the first words of the enemy is to attack the word of that's the devil's first assignment to attack this is God really say how can this be the

[74 : 39] Bible it's not only atheists it's not only that mad professor how can you believe in God it's King James who wrote it King James was a bad man to enslave black people you sound so much like the devil in Genesis chapter 3 he first targets is not you is to attack the word of God has God indeed said you shall not look he even added some to it you shall not eat of every tree of the garden he didn't say you shall not he actually said we shall eat you are scripting he said we shall not he didn't say we shall not he said we shall eat God commanded that he said that's what I was teaching the commandment was to eat not you do this he didn't say don't do it he said enjoy this Satan said did God really say you shall not eat God never said you shall not eat he actually said you shall and the woman said we may eat she got it right but not fully right we may eat of the fruits of the tree of the garden but look at the next one but of the fruit of the tree in the midst of the garden

God has said you shall not eat not I God didn't add touch she added to the word Satan invalidated the word the woman added to the word not touch it look at the audacity the devil had the serpent said you will not surely die he challenged the word he said you will not die you will not surely die he said you will not surely die then he asked he said God is a bad God he doesn't want you to enjoy your life that's why he said don't have sex he just want you to struggle that's why he said don't have a boyfriend that's why he doesn't want you to live your life the way you want it really he said God knows that in the day you eat it you your eyes will open and you will be like God knowing good and evil so now he said

God's intention was to stop us from being like him meanwhile he created us he created us in his image to be like him but he said Satan twisted the word of God twisted the word of God look at the next verse this is getting interesting so when the woman saw be careful what you're watching I told you be careful what you're focusing on and what you are contemplating whatever you keep thinking and thinking and thinking will affect your behavior we are just friends we are friends but they are bad guys they just do you start doing very soon you don't have to show me who you are let me just know your friends once I see your friends I know you are a thief show me your friends and I know whether you pass exam or not I see your friends and I know that you never finish education your friends most of you who dropped out wasn't it based on influence of friends you always have a group of people you are messing up with friends friends so

Satan said don't mind God he lives in some funny space he doesn't understand what's God let's be real times have moved on times have changed this Bible was written many years ago it's out of date it is not in touch with the morning thou did who would live that throw it away so Satan said throw away the Bible they are brain washing you tell them the way your brains are dirty you actually need more the way you are talking this is a clear classic sign of a dirty brain he said God knows so when the woman saw that the tree was good for fruit and it was pleasant to the eye and the tree desirable to make one wise she took of the fruits and ate and she passed it on to the husband who was with her who you marry determines whether you can do ministry or not so you marry based on hips based on shortage of men so so she gave it to her husband and that began they disobeyed God is not only the disobedience two things happened the biggest problem actually both are big problems so I don't know which one is bigger than the biggest because Bible said through Adam's disobedience don't underestimate the place of obedience through his disobedience the many were made sinners through the disobedience God said don't he decided to go and do it so the many were made sinless and through Christ's obedience the many were obedient it's Christianity that's I don't know one can tell me what to do that's disobedience now it's the spirit of disobedience that's what was in the devil Christianity is about discipleship you'll be told don't sit here do this pray like this instructions reconcile with your mother reconcile with your dad if you can do that go back to school pray every morning don't miss church go to outreach go to campus fellowship do this this is just basic sets of instructions in your life when you are painting it's just brush but all those instructions are strokes of paints by the time you realize a beautiful picture has been painted of your life instructions so two big things number one disobedience but number two the scariest part was the nature of

[81 : 03] Satan entered us because we obeyed him Bible said to whom you obey you become their servants whom you obey whether to whoever you obey you become the servant of Romans chapter 16 know you not that to whom you yield yourself servants to obey his servants you are to whom you obey so when you disobey God you say I can't serve God when you obey the devil you say Satan you are my boss so the nature of the devil as soon as we ate the fruit it's not apple for your information the nature of Satan enters and from that time the flesh became damaged and it became

beyond redemption so the flesh that is what make us flesh not just when I say flesh

I don't mean your human skin flesh I'm talking about the fallen nature is called flesh and that nature is serpentine that's why Jesus could look at them and say you brute of vipers so Jesus himself became like also on the cross he was like the way Moses put the serpent on he was also like a serpent according to John chapter 3 verse 14 as Moses put the serpent the same way Jesus on the cross he was mimicking the serpent because serpent nature has entered us as soon as we their eyes were open they said who am I who am I and then God was coming they were running away from God since that time people have been running away that's why when you are trying to preach I don't need God I don't need God I don't need God since that time people have been running away from God some of you ran from God that time people have been running away from

God it wasn't like that but when the nature of the devil came into us it's like when you bring north pole and north pole magnets we began it began the run Bible said we all have gone astray Isaiah chapter 53 for we all as sheep have gone astray all of us for all have sinned Romans 3 and fallen short of the glory of God the nature of the devil entered from that time the struggle began from that time you start envying people from that time you start lying from that time that's why you are born again but you still have lust sexual tendencies that you know does not please God you have it anger bitterness arrogance envy where from these things

God didn't create us that thing we eat you are what you eat that thing we eat now Christ has come to save us but not our flesh so that's why when you come to Jesus Christ it's like you have come to the tree of life and then suddenly your spirit Jesus said John 10 that the enemy the thief comes not to but to still kill I have come that you have life so I brought the life and in revelations this is interesting revelations chapter in the Bible it said there was the tree of life in the garden in heaven in the midst and in the middle of streets on every side of the river was the tree of life that's even interesting on every side of the river was not the trees of life the tree of life in revelation it was in the genesis and still in revelation in the climax of time ah the tree was in the beginning and when everything is worked out so now what is happening is

God is that's the message now what's happening now God is working himself into us producing the church so what's the church church is human beings where God has been worked into them so as you see me better than Israel Israel were the people of God but we are the sons of God did you receive something God bless you for listening to this powerful message may the power of God be evident in your life don't forget to like and subscribe to Carish Church on YouTube and listen to more messages from David Entry on all relevant streaming platforms you can also connect with David Entry and our youth ministry at Carish Face 2 on Instagram and TikTok and at Carish on Campus on Snapchat so you are blessed
