Preacher: David Antwi

[0 : 00] Welcome. Thank you for choosing to listen to another destiny-changing word by David Entry from one of our Revival Seeking Youth services. If you want to control your world, catch the word. Be blessed.

What will make God use you greatly? What will make your future bright in God? Some of the... It's a master key for great exploits in God. Master key. Somebody say, master key. What's a master key? A master key is a key that opens more than one door. So every door has a key that opens it. But in a great house, there will be a master key.

Or in a great building, there will be a master key that can open... When you go to the hotels, nowadays, they use their card, electronic cards to open the cleaners.

[1 : 02] They have a special key. They can open every room. It's a master key. A master key can take care of a lot of other things that other keys are restricted to take care of.

And to do exploits. To be great in life and in God. There is a master key that will help you to be great in life and in God. A master key.

Now, in 1 Samuel 16, verse 1, the Bible says something about how... Now, the Lord said to Samuel, how long will you mourn for Saul?

Seeing I have rejected him from reigning over Israel. Fill your home with oil and go. I am sending you to Jesse, the Bethlehemite.

For I have provided myself a king. Know him. Amongst his sons. So, Jesse, the Bethlehemite, had quite a few sons.

[2 : 08] And God, instead of going to Jesse, or instead of going to the son he wants, he didn't go to the son of Jesse who he wanted. He went to the prophet.

Somebody God was currently using. He went to him and he says that, Go to Caris on campus. Go to KOC.

Go to colleges. Because I have provided for myself. Somebody who is going to be great in my name over there. That's how God works.

And at that time, David was just busy preparing for his exams. David was just... He didn't know God had planned for him. Some of you are sitting here.

You don't know the big plans God has for you. But David had something unique. In his life. Which Bible says that God said that David is a man after my heart.

[3 : 15] So, even when he did not know God was planning for him. He was after God's heart. In other words, if someone says that, You have really got my heart.

I know some of you have said it before. You've really got my heart. You've really got my heart.

You've really got my heart. You know, like a song.

I think there's a song like that. These words are my own. From my heart. Oh. I love you. I love you. These words are my own.

God said, David, these words are from my heart. Because you've been communicating to me like father to child. Spirit to spirit. Heart to heart.

How did David... God could make a statement about a human being. And God said, this guy is after my heart. In other words, he doesn't let my heart rest.

[4 : 14] Every time. I'm focusing on something. Before I could say, Jack, this guy is pulling my heart. He's pulling my... What was David doing and was pulling God's heart so much that God said, In fact, I want you to be keen over my people.

You see, I'm a pastor and a leader. Most of the time, I appoint people. I might appoint... The people I appoint to very special services or very sensitive positions are people who I know.

They are my heart. So, some of you, God is preparing you. But you wouldn't know. You know, one great man of God said something some time ago.

It's such a blessing. He said, be careful how you are behaving. Because someone is observing you. Who is capable of blessing you. But you never know.

You never know. Someone is observing you. Or you may never know that somebody here, one day will become so great in life. And you say, I need that lady. I want that gentleman.

[5 : 22] Because many years ago, in KOC, he really blessed me. When they were doing the quiz, and he came and did it, the way he spoke, or she came and did it, the way she spoke, she got my attention.

And from that time, I realized, this person is very unique. So many years later, five years later, ten years later, she still made an impression on my life.

You never know who is observing you, who is capable of blessing you. That's why you must always walk with God, and do what is right. So, God said, go for him.

Go to his house. Tonight, I believe God sent me here, to come to KOC, because he's preparing a great king, a great giant, a great, a great, someone who will make great impact in life.

A great star. I actually see stars here. I can see stars. I can see stars. That's why God sent me to come, and speak into the life of stars.

[6 : 31] See, I'm a champion. I'm a champion. Say it. I'm a champion. Some of you are not saying, say I'm a champion. I'm a champion. In Jesus' name. In Jesus' name. Amen. Amen.

Please sit down. In fact, the Bible says that we are more than conquerors. More than a champion. So, what did David do, and got God's attention so strong?

I found out, from my studies, careful studies in scripture, that David, was a God lover. When you love God, you get his heart.

They came to Jesus, in Matthew chapter 22, verse, from verse 35, 36, what, what, what, what, what, what, what, what, what, what, what, what, hey, teacher, which is the greatest commandment, in the law?

What is the greatest? In other words, if you don't get any of these, if you get this, it's the master commandment. Huh? So, again, what is the greatest commandment?

[7 : 44] Jesus said, the greatest commandment, Jesus said, you shall, hey, wow, wow, so it's not about what you do, but it's about the heart you have for God.

That's the greatest thing God will require from any of us. Not, I have for me, I don't gossip, ask for me, I don't steal, ask for me, I don't lie, that's nice, that's good, I don't fornicate, that's good, I don't watch porn, that's good, I don't, I don't miss service, I don't miss meetings, I don't miss my Bible reading, that's good, but that's not the greatest thing God needs from you.

The greatest thing God needs from you, and wants from you, he says that, thou shall love the Lord your God, not with some of your heart, so a boyfriend has part, and God has part, you are sharing with somebody, a girlfriend, you are sharing your heart with somebody, hey, hey, hey, hey, he said, with all your heart, that means, even if I love my wife, I love her, but I love God more, so when you put my wife and God, I will choose God, when you put my daughters and God, my sons and God, I will choose God, when you put my, when you put money and God, I will choose God, so I won't do fraud, choose God, not fraud, else you become like a frog, frogs can run fast, they just jump, when rabbits are running, you can't be fast, you become like a frog, frogs are not pretty, choose God and not fraud, else you become like a frog, a frog in the fog, hey,

I feel like rapping, you know, I feel like rapping, choose God, not fraud, else you become like a frog in the fog, choose God, not fraud, else you become like a frog in the fog, choose, you you you love for God is the greatest of all the commandments in Timothy he said I think chapter 1 verse 3 and 4 it says the end of the end of the second Timothy the end of the commandment the end the end now the end of the commandment is charity give us a different translation New King James and then we go to NIV now the purpose of the commandment is love how?

from a pure heart with all your heart the purpose of the commandment I don't want to obey the ten commandments no no it's not about the commandment the purpose so if your love is in place you don't need commandments the purpose of the commandment is love from a gen not because of money not because of you know demons are troubling demons they are in church because of demons because they are running away from demons that's why if demons go on suspension they will go back out of church the people who go on so because of demonic deliverance that's why you've gone to church but not because of your love for God change the game if you love God it

doesn't matter which friends you lose you don't care who doesn't like you when you really love God when people hate you because you love God it doesn't affect you because you are you in fact 2nd Corinthians chapter 5 verse 14 it says the love of Christ constrains us the love of the love of Christ constrains us you know what it means it's like we can't do my son because the way I love Christ it's it has restricted me in a lot of the way I can behave

[12 : 11] I can't hate my wife why? because the love of Christ constrains me I can't get into fraud why?

because the love of Christ constrains me sometimes when Joseph when he got a big chance to fornicate yeah Joseph said I can't do this not because I don't like it he said how how then can I do this great wickedness and sin against God I love God I can't hate God I can't do something I think I'm talking to somebody it's not because the pastor said she don't do it but it's because I love God I love God I love God ask somebody do you really love God?

do you really really really love God? do you really really love Jesus? ask somebody do you really really really love Jesus? do you really really really really love Jesus? do you really really really really love Jesus?

I really really really love Jesus I really really really really love Jesus do you really really really really love Jesus? do you really really are you sure are you sure you really really love Jesus?

yes you know in fact i can hear in my spirit there's somebody your boyfriend is sitting near you your boy your girlfriend is you really really really i love jesus and i think we have to call it a day let's end it from here because i want to love jesus the love of christ constraints i know i'm talking to somebody i'm talking there's somebody has been on your mind oh that's well the whole day is on your mind it's been on your mind yeah it's just been on your mind he's been on your mind when you see her oh this girl when you see oh my god my gosh my gosh my gosh my gosh this guy is good do you really really love jesus doesn't mean you don't like other things but your love for jesus is bigger than your liking for other things so you are willing to say let those things go and let my love for jesus grow let other things go and let my love grow i really love jesus do i have some jesus lovers here i came here because not because i love you it's why i loved you i love you i actually love you guys you know guys i love you but i love him more i love him more and the more i'm loving him the more i want to save you the more i want to love you more because the more i love him the more i want to love you because you love him too so when jesus can you imagine when he resurrected from the dead one of the earliest questions he asked a human being on earth in matthew sorry in john chapter 21 verse 15 they were eating fish this one proper fish no farm fish yeah nice grilled salmon they were eating it and then he asked peter he called peter when they had eaten breakfast jesus said to simon peter simon son of jonah do you love me more than this more than your friends more than your food more than whatever is going on in your life someone offended you do you love me than yourself so much that you're offended so you won't do god you won't follow me because somebody offended do you love me more than this that's a serious question peter said jesus you know i love you then he asked him again the 16th he said and then he said to him again the second time simon do you love me he said yes lord you know i love you and he said if you love me make sure you are in koz and you are serving the people then he asked him again children the third time someone i didn't love me peter was grieved now because he said to him the third time do you love me that's a serious one peter was being have i done anything wrong maybe maybe i have to check but he was not grieved not upset because you can't be upset with someone you love and it's just jesus is asking i don't know who i'm talking to and some of you are koz you're about to finish school do you really love jesus do you really love jesus do you really love jesus do you really love jesus do you really love i'm asking you this is not me god is asking us jesus is asking you today you are sitting here do you really love me do you really love me let's cut to the chase this is a love thing do you really love jesus the biggest of all commandments the most important is above all love the lord with all your heart that's all that's the master key david was using so goes

[17 : 32] hi i found someone he's in no one knows him nobody knows him nobody he's he's not the best he's not the top he's not the most popular he's not he doesn't have in fact on his uh social media he only have one follower he doesn't have many friends he doesn't have many friends when he post something no one likes it he doesn't have likes he doesn't have following he doesn't have friends but that's why when they got that when the prophet went david was not invited because he wasn't among he wasn't trending he wasn't trending he doesn't like but god said he's not trending he doesn't have likes he doesn't have views but he loves me because i like him that's the one i want

to i want to make the greatest i want to make a star out of him up to now the heaven has not recovered from the love of david heaven so even he even made some mistakes but heaven said you know what this man is genuinely he loves me heaven hasn't recovered so there's uh now even jesus when he was about to finish the bible he said i am the offspring of david hey he's talking from heaven jesus is talking from heaven and he says revelation chapter 22 verse 16 and 17 he said i i am the offspring of this look look he said i jesus i have sent my angel to testify to you these things in the churches i am the root and the offspring of david why is he that's the last other human human being whose name was mentioned in the bible not adam not abraham nobody jesus now in heaven he said me i am the root at the same time the fruit i am the fruit of the god lover the greatest person who lived in the bible who loved god most and demonstrated was able to were willing to do anything i am his fruits even in heaven i'm the fruit of david will god one day say the great thing is doing in life is can be traceable to you because of your love what can heaven trace to you because you love god what can heaven trace to you your head heaven doesn't care about your hair heaven doesn't care about your skin color heaven doesn't care about who is your mother who is your father whether your mother was amazing or she wasn't amazing whether your father was there he wasn't there heaven doesn't really care heaven cares about how much do you love me and if you love god you might not even be the best in maths the best in in your school if you love god you end up being the top in future the master key for exploits love for god finally let me add this as i am as i am it is a serious thing first corinthians chapter 16 verse 22. first corinthians 16 22. oh first corinthians 16 you can add revelations chapter 2 verse 4 and i have to end but just write those ones that first corinthians 16 22. first corinthians yeah let's read it from the niv are you ready to read it let's all read it let's go if anyone does not love the lord let the person be cursed if anyone doesn't love the lord said let it be cursed what how can you be blessed without loving god meanwhile i said if you don't love god

let the person be cursed so that means blessing is that the foundation for blessing is love for god he said i visit the iniquity of the 2000 generation of those who hate me but the blessing of those who love me i have my message extend to their generations of those who love me if you love god it can't even help your mom your mom's condition can be intervened by heaven because you love him your brother your sister your father your family situation can can be turned around because you are a god lover i'm telling you when you love god people who you you who you care about come under a certain level of immunity and protection because of you because of your love paul said that somebody was sick and was about to die but because god loves me because god had mercy on me that's that's philippians chapter 2 from verse 25 somebody he was so sick unto death my bible says that god had mercy on him and on me too let's let's our sorrow and sorrow and sorrow he said let's uh i will so he said less i should have sorrow upon sorrow so god had mercy on him but he had mercy on me me also me paul because god knows that if this guy dies it to affect me too much when you love god people you care about and are being protected because of you love god your future will be secured love god in revelation he says that you have i have one thing against you you have left your first life you are doing a lot of things right by your first love genuine love pure life foundation basic love the genuine love for me you have left it jesus said i have this against you can't imagine he said nevertheless i have this against you that you have left your jesus he said i have this against you i don't know who jesus may be talking to right now telling you i have something against you jesus me what i've been coming to church i've been praying i've been reading my bible i've stopped doing bad i've been praying i've been praying for you i've been praying for you that's all good but i have something what is it you have left the pure faith basic love for me it's in your bible it's in your down to to beep your beep your bible i'm speaking french down inside down that beep your beep your beep your bible dance inside your your people the people the people he said i have something against you jesus said i have something against you and he's talking to a church not the world said to the church of ephesus i have something against you you have left your first life you have left your first life as some of you especially those of you who are in unis and campuses you're about to finish don't leave your first life love jesus love jesus the master key for exploits i am standing before you not because i'm more intelligent but because i've always loved jesus when you get close to me you know that this guy loves jesus what i just love jesus so much that even sometimes it hurts and when it's hurting i don't feel it because my heart is gone i love jesus that's why i'm standing here for over 30 years of my life when since i became and when from 17 years i've always loved him first love is my first life i'm mad everybody who knows me knows you when you
