Preacher: David Antwi

[0 : 00] Hallelujah! We thank God you've tuned into this message by David Entry at Caris Church. No hand can help you with the fulfillment of your destiny, but the Word of God. May God's hand align you further into your destiny through this Word.

It is very essential and it's important to maximize the moment. Because if you do not maximize the moment, destiny might disadvantage you.

One of the things you have to understand about God is that He is so good at using any situation. It's easy to think God sponsored some bad situations after things have happened. Do you understand what I'm saying? God is so good at using any situation.

So things that have gone bad and are working against you, God can turn it around. And the thing works so well, it will look like the way it went back, it was God who planned it.

[1 : 13] But there are times that God didn't plan it like that, like the way they, when they killed James. It wasn't the plan of God for James to be executed. When they killed Stephen.

It wasn't the plan of God for Stephen to be executed. Some things can happen, but God, you would think God sponsored it. Why? Because God is so good at using any situation to advantage His purpose.

God is so, it's like a master, master craftsman. I just fell in my spirit down. Come and preach. So you might think pastor chose him. But if it is a move of God, God has a way of excluding some people and pulling certain people.

Because this thing responds to a heart condition. Every move of God responds to a heart condition. Response. Every move of God.

Now, listen to this. I heard an illustration which was so perfect for what has been on my heart. You know, let's say, when it comes to prayer and revival, there are times people want to still be in the couch.

[2 : 20] And like, okay, bring it up. When you bring it, I don't mind because I want it. If you bring it, if you bring the fire, I want it. There are people who like that state. And so they'll sit if God brings it fine.

And there are others who will get up from the couch. Go to the kitchen. Pay a price. I'm going to bring this thing here. Are you getting what I'm saying? Now, great moves of God will always respond to people who take the pain and the price.

Disrupt their comfort. If you don't want, If you don't want to disrupt your comfort, God cannot use you. I saw thousands of people gathered in London under Carries umbrella.

Jesus said, whoever is thirsty, let him come. He didn't say it's available for everybody. I'll just bring it. He said, whoever is thirsty, let him come.

Most of us don't want to do that. Come. Bring me the water, Jesus. I'll drink it like that. I like water. You know, Jesus, you know, I like water. But just bring it to me, Jesus.

[3 : 31] He said, for whoever is thirsty, let him come. That's why we are taking painful steps. Painful steps.

Because it's very easy to prioritize things that are not relevant for what you think God wants to do in your life. You prioritize them. And Satan will focus your energy on those things.

Satan has to focus your energy. Satan has to focus your energy on the way. God wants to focus your energy on the way. If we hadn't, look at the extreme steps we took. 92 days of praying.

Because if you don't do it, no one will bring it to you.

No one. Sir, when I come born again, my days are born again. When we come born again, but our passion in prayer was not fueled by problems our passion so most of you young people your passion for prayer should not be fueled it's okay it doesn't spoil anything i mean there's an

allowance for that when you're passing for prayer you need passion in prayer you definitely need passion in prayer because passionless prayers doesn't catch anything you need passion in prayer but for most of us problems so sometimes when god really wants to welcome you and catch up your attention you just take off some covering and a flood of problems starts coming into some people are good at that it will generate the passion some of us have gotten are standing where we are standing with god not because our passion in prayer was filled by problems that's why it's always better to seek god a certain way when you are young before you marry seek god a certain way before you get married when we got born again go in the in the forest hours of praying days oh lord use me lord is what problem are you going to pray for i never even prayed to take me to united kingdom it will fall i never even i'd ever prayed take me to united kingdom to do this for our listen prayer effective prayer must always be passionate one now what generous the passing for your prayer can either be problems or troubles or and it's not wrong or and it's not wrong say anyone flitted let him pray there's nothing wrong with that but that's it's limited in how far it can take you in god you may get answers but god answers prayers but it's limited in how far it can take you that's there but when your prayer the passion your prayer is filled by hope hope it doesn't there's no problem but there's something you are seeing about it something that's why god will always give you visions that's right god will always give you can you imagine peter was taken out of prison an angel opened their door for prison but the people will not open the for peter but the people will not open the door for him to come into the house when you see oh god that's why yesterday i told you learn to listen to the the stories and read the books about great people god has used if you don't do that the kind of hope you see when you do that then you see possibilities you see possibilities this thing is possible in london listen i'm telling you the revival when the revival started one of the things that we're praying about when the revival started is um bend us oh lord yes and it came from welsh revival i was praying i was praying i was praying and i i then i went to praying and then reading and watching the videos and reading books on these revivals and then not because i just want the revival then i just on the the welsh revival as i was listening and i was reading something arrested my heart and their prayer was only one they prayed for nothing but one bend us oh lord bend us oh lord and that thing sparked a revival and it went all global from one place and that thing captured my heart and then i saw how miracles were happening so we started revival praying and our revival prayer was filled by god

united kingdom will be changed you will see the hand of god it it was filled by hope of what god was going to do so when we surrounded ourselves with that i was doing school of ministry everybody needed to come and tell us and read about the some of the people god used everybody you can't be in the ministry school of ministry without and there was time everybody would come in in fact there was a time it wasn't i i gave people opportunity to come and share with the whole church not the 365 the 96 days of prayer people came to share their not their testimony so come and tell us about charles wesley so i'll tell you go and study on charles wesley you do and then come and tell us and they'll come and tell us who charles wesley was how he got born again what happened and how he was thirsty and what did that and this that and tell the telebusters means who goes well this will we did that for a long time so the whole church captured a certain hope for revival yeah so the prayer was filled by hunger for what god said he's going to do uk so you see church growth and also the pretty god give us church growth give us just so that you can look as a powerful person you are not on the same frequency of charles because our prayer was not filled just for numbers just full for a move of god a move of god when you pray and your prayer the passion in your prayer is filled by a hunger for what god said he would do sometimes you want a move of god you really want a move of god but there are times you come into an atmosphere and suddenly that's why revelations are important or insight is important or what you see what god is doing somewhere it begins to paint pictures of this thing is possible and suddenly your passion latches on to this possibility you have seen others haven't seen it so they'll be told why are you praying like that they haven't seen what you have seen and they can't talk you out because you something has entered your spirit and you are convinced that this thing i'm praying about this thing i'm pushing for is possible it's possible it's possible so i have i don't have an extreme hunger for just gathering people to for them to be entertained in the name of blessing that's never been my drive the crowd hasn't been my fundamental drive it's the move of god it's a move of god it's the move of god that's why god has anointed me with miracle working uh manifestations of miracles and testimony but i hardly focus on that i hardly when we gather together our prayer is not always for problems and against the devil satan satan satan satan say where are you satan satan the screen that fell satan make it fall

everything satan you see satan in everything you don't know god i tell you you don't know god hunger for god will drive a man into the to the altar you need a certain hunger listen when you don't have hunger or when your heart is tuned with god the natural things satan used to trouble you loses strength the natural things satan use will use to trouble you dictates when you really develop a heart for god many of the things that you claim to be controlling you will lose influence on your life let's influence in matthew chapter 26 verse 40 says that 41 he says that watch and pray that he enter not into temptation the spirit is indeed willing but the flesh is weak

[12:17] the flesh is weak so that means the strength of your prayer is at the mercy of the state of your spirit the state of your spirit man thank you for listening to this message by david entry we pray you have been strengthened and enlightened you can connect with david entry on all relevant social media platforms including instagram and linkedin you can also hear more messages from david entry on all relevant streaming platforms and the caris church app don't forget to like and share the message be blessed
