Some of you might, the problem is you are too gentle. Because action faith is a faith that can be seen. There was a time a man was born crippled in his mother's womb.

That means he doesn't know how to walk. Even if he now suddenly gets strength in his leg, he doesn't know how to do it. Because he's never walked. He wasn't a boy, he was a man.

And this man, as he heard Paul speak, in Acts chapter 14, as he heard Paul speak, and Paul saw, verse 8, 9, 10, Paul saw that he heard Paul observing him intensely, and seeing that he heard Paul speaking, and seeing that he heard Paul speaking, watch, watch, watch, watch, watch, watch, watch, watch, watch.

[1 : 37] The preacher was preaching, but the one who was receiving the word had something, the preacher knew that you got it. Someone, you can even receive your healing before it's physically manifest.

The word was coming forth, and the preacher saw something, because I believe the guy was sitting there, and said, thank you, Jesus.

He hasn't been to preach, so he didn't know how to walk, but he said, thank you, Jesus. I'm going to buy myself a shoe. He was disturbing Paul, and Paul, you know, the guy has got faith to be healed. And Paul now said, I adore you, I speak to you.

He raised up and walked, and the guy was waiting for that moment, and he rose up, and he began to walk. He said, I knew I could walk. I knew I could walk. If you have faith, we will see the way you ask.

We will see the way you shout. We will see the way you come to church. We will see the way you rejoice. Shout! Listen.

[3 : 02] I see. So, faith is not an ideology. Pastor Frank, let's appreciate God for his life.

He said, it can be seen. It's not an ideology. Watch this. Faith. Guy, it's a conviction.

It's a conviction. It's a conviction. It's a conviction. They asked me, who is she? I said, that's my wife.

Is it an ideology? It's an ideology. What I'm telling you, it's not an ideology. That's my wife. He said, no, she's not an ideology.

I said, my friend. You don't know me. You don't know my wife. That's my wife. We came from home together. I know it. I said, you see my daughter.

[4 : 02] I said, who is that? I said, that's my daughter. I said, no. It's not. I saw her with Pastor Frank, so maybe it's Pastor Frank's daughter. I said, no. You are mistaken. I said, I have every evidence to show that that's Pastor Frank's first child.

I said, no, it's wrong. You're wrong. You're wrong. That's my child. You thought, because they maybe bear the same first names, so you may think, no, that's not Pastor Frank's child.

It's not an ideology. I just, it's a conviction. Now, when you have faith, there may be other opposing evidence around you, but it doesn't matter.

It doesn't matter. And I was here and I noticed that Pastor Frank said something. He said, he realized actually much of his life must be spent developing faith.

Yeah. Your problem is, you are not aware you don't have a problem. You didn't get what I'm saying.

[5 : 16] Jesus. Jesus said, Master, care not that we perish. In Luke chapter 8, verse 25, yeah, 25 or 26, 25.

Luke 8, 25 says that, he said, where is your faith? And they were afraid and marveled. They said, but where is your faith?

They woke him up and said, Master, we are done. He said, ah, what's your problem? What's your faith? What's your faith? What's your faith? You think you have a problem, but you don't.

You don't have a problem. As long as you have access to faith, you don't have a problem. You, you, I'm about to dare someone. I believe from tonight, you, if you work in, you, if you, if you, if you think evil happened to you in 2015, 2016, you are actually working in disobedience.

I dare you that you don't have any reason to think that it don't work for you. Did you hear what I said? If you begin to think that the thing will work against you, you, Bible calls it, you have an evil heart of unbelief.

[6 : 34] Upon all this you are hearing, you still think that God will not do it. You still think that you are going down. It's an evil heart of unbelief. And when you come into that level, God, Bible says, and God swore that you will not enter my rest.

God swore I'm bringing you into rest and you have the audacity to say, no God, there's no rest. So, our problem is we don't know that actually that thing is not a problem.

You think it's a problem, but it's not a problem because of faith. I can't speak for those who don't have faith. their faith, their faith, F-A-T-E, is, T-E, sorry, their faith is unpredictable.

Mark 4, 41, Pastor Frank was talking about it. Mark 4, 41, and he said, and they feared exceedingly and said to one another, who can this be that even the winds obey?

they feared. These guys love to fear. Even after the miracle, they were still afraid.

[8 : 03] They were afraid. Thank you, Jesus. Why are you afraid?

Matthew 8, verse 26, O G of little faith, why are you afraid? Why are you afraid? That's where the problem is. The problem is your confidence in the challenge.

You are certain that this challenge is about to drown you. That's the problem. And the devil is pushing, advertising it heavier. And unfortunately, because he's got much of your attention, it's easy for him to push his adverts.

you can't advertise to someone whose attention you don't get. So when it comes to marketing, the first rule of adverts is get the attention.

That's why they will insert the adverts in the movie, the part you like most, or the football, the part you have to insert it there. That time they've got your attention. That's why we are trying to win your attention off those rubbish, those other things, those TV programs, those situations, the things that you focus on, the parties that you've been going, the things you've been hearing, it gives a time and advantage to be able to advertise his commodity to destroy your life.

[9 : 28] Come to church, some people won't come. Come and hear message of faith, they won't come. And yet, critical situations, they will come, please pray for me, please pray for me, please pray for me.

So why are you so fearful? In the book of Luke, it's an amazing text. When Jesus got to the house of Jairus, when they told Jairus, your daughter is dying, when they told Jairus that, Luke chapter 8, verse 50, Luke 8, verse 50, when they told him, you know, in Mark chapter 5, verse 36, let's hear what Jesus said, then we'll go to Luke, John.

Mark 5, 36, Pastor Franco said earlier on, Jesus said to him, the ruler of the synagogue, do not fear, only believe. But, I found that he said more than that.

Do not fear. Why did he say do not fear? Because in the verse 35, the Bible says that whilst they were still talking, people came from Jairus' house, whilst they were still speaking, some came from the ruler of the synagogue's house, who said, your daughter is dead, why trouble the teacher any further?

Proceed no further. The situation has expired. It is too late. There is nothing that can be done anymore. That is human thinking. That is walking by sight.

[10 : 56] But we walk by faith and not by sight. Because as they look at the situation, they were only seeing one thing, that the child is dead. That's all they were seeing, and it's not ready for burial.

Let's begin to plan for the burial. But there was a reality that they didn't see, which only the eye of faith can see. But I like this one. For that reality to be a physical reality, you need to move out of fear and move into faith.

As soon as you move into faith, you authorize it to work for you. As long as you stay in fear, it cannot work for you. It doesn't matter what they tell you. The adverts is not getting through.

The information is not getting through because you are staying in the arena of fear. So Jesus turned to her, said to him, and he said, fear not, only believe. In Luke chapter 8, verse 50, Luke 8, 50, it's the same account, but let's see what Jesus said further.

But Jesus heard it, he answered him saying, do not be afraid, only believe, and she... so you are not just believing and I believe, you are believing that this situation will turn around.

[12 : 11] I believe that my marriage is going to be okay. I believe that I shall be healed. I believe that I'm getting the job. I believe that I am buying the ass.

I believe that I am getting married 2016. I don't care what you think. I believe it is happening for me.

Shout yes! Shout Lord, I believe!

Lord, I believe! Jesus said, Jesus said, fear not, don't be afraid, only believe and she will live.

She will be made well. It's there though. It doesn't matter. They have not seen there. There's another reality in the realm of faith. There's a reality there, but as long as she walk by side, she will know.

[13 : 17] Faith is what taps into another realm, the realm of God, and pulls it down. And then those who begin to, those who are mocking you, begin to see how God is making you.

God is making somebody. I said, God is making somebody. Your presence here is important, but, I mean, so long as this service is concerned, so long as this service is concerned, your presence here is important, but there's something more important than your presence here.

Other than that, you have wasted my time. One of the things, every now and then I go on Facebook or YouTube, one of the things I just don't like is for me to be added to a certain statistics of people who have viewed something.

so sometimes I know the news feed, Facebook, it will be coming. So you see maybe it has 65,000 views, and it's not anything edifying.

It may not be bad or evil, but it has because someone made some prank, whatever, call, and everybody was laughing some rubbish stuff, and I should click it for them to add me to the account, the devil is a liar.

[14 : 39] No, no, no, I feel insulted to the people who have added during the statistics. I won't watch it. I won't watch it. I don't want to be part of that statistics.

But if you tell me to be part, I don't mind being part of statistics of those people who watched Tyson Fury's intelligence exposition. I don't mind.

I want to be part of those who viewed it. Are you listening to me? Now, if you are here, and you are not engaging, you are watching, hey, these people are excited.

What's wrong with you? What's wrong with you? If you are watching, and you are just watching, hey, look at them, look at this one too, it's there. Oh, look at this one too. Are you not sick?

Don't you have anything to do with your time? Why are you watching something like this? No, we are trying to get help. Other than that, you are wasting our internet bills. I'm telling you, I'm telling you, God, God is behind this thing.

[15 : 48] God is behind this thing. The reason why we are able to stream live is because somebody needs to hear this for God to be able to break through the situation in your life. other than that, you are better off watching a movie somewhere.

Your story is changing. Your story is changing. Whilst, before you sit down, whilst Pastor O was talking, she quoted the scripture and it brought something to life like, it hits me.

I've never seen the scripture, I've seen this, but I've never seen it in this life. I've been, you know, sometimes I think into the scriptures and I look for what God is saying. But there are some scriptures you just leave it away.

They are because you try, you let me take it away and understand. It's in Hebrews 4, verse 2. I love that one. It says that the word that was preached, it said, for indeed the gospel was preached to us as well as to them.

The problem there was that, but the word which they heard did not profit them. Why? That was where my challenge is because faith comes by hearing and hearing of the word.

[17 : 04] Now the word comes for me to have faith and you are saying the word is coming back. I need the word for faith to come. But you are telling me when the word comes, mix it with faith. But the faith, I need the word for the faith to come.

So it's like you are presupposing I have faith. And mix it. it's okay, so it's not just you are listening to the word for faith to come.

The little you have already received, when the word comes now, for that word you are hearing right now, for it to work actually, mix it with, uh, uh, mix it with the faith you have.

Mix it, mix it. So what does it mean to mix it? If you don't mix it, you are wasting our time. You are wasting our time. How I wish God would have given us this privilege to do this.

What am I talking about? God would have given me the privilege to put a meter or some charging system on everyone and those who are listening. So that if, if, if you didn't mix it with faith, you have wasted this whole energy.

[18 : 11] You have to pay for the energy wasted. Thank you for mixing. Thank you. Thank you. Thank you. Thank you. Thank you. Thank you. Thank you. Thank you. Thank you. Thank you.

We have fin to close now. Because, I'll be surprised if 2016 end up being the same for you. No. It is too late.

It's too late. Do you know why? Because, you have seen it already. Say, pastor, some people are standing here they have already seen their wedding it has happened they have already seen their their new home they put it already when did they bite when the word was coming they had gone they saw it they knew it has happened so they are not bothered about that landlord they are not bothered about that report they are not bothered about that new policy they are not bothered because they have already bought it they have seen it and they are about to enter into it move to three people of heaven tell them i believe god me i believe god me i believe god i believe god i believe god i believe god i believe god god that it will be just it will be just as it was i believe god i believe god god god i believe god i'm not afraid anymore god Why?

Some of you have concluded already. And that is very unreasonable conclusion. Yes, it's misbehavior. You are misbehaving.

[23 : 39] Why? Why? The lady was kept in detention center. She said, I'm not going anywhere. She was receiving prayer. Three times they attempted to take it.

But for several reasons, it didn't work. One day she was there, she said, go. Just go. Why? Why? Why are you so fearful?

That's unfair. That's unreasonable. Why are you so fearful? Where is your faith? So, but why are you? I thought you said you are a believer. I am a believer.

You are feeling the form. They asked you what faith. They asked you. They expect that there's something somewhere. You should have put there no faith. But you take a faith.

And why? So why then? If your end will be and your status, the situation will be like every other person. Then who are you? Why? Why do you take faith?

[24 : 38] Because you don't need it. You are just like everybody. So you don't need it. You don't need it. You don't need it.

I'm telling you, you don't need it. You will never see me home. Because I don't need them. I don't need them.

Like, you know the tonguing machine for hair. I mean, look at Brother David and you say he's going to buy clippers.

For what? He doesn't have the hair to shave it. Did you understand that? So there are some things that is not necessary.

And some of you have convinced yourself. And thinking you are wise, you are making a fool of your destiny. Convince yourself. Because you are only looking at things the way everybody is looking at things.

[25 : 40] You are looking at things the way everybody is looking at things. Tonight I came to challenge somebody that you at least be a little bit reasonable. Give you some...

Exercise some sense. In God's word. Exercise some sense. You are panicking so much. I thought the whole world is caving in. And abusing the ability of God.

Questioning the ability of God. And oh, you remember. Big shoes, big hairstyles. Big cocoa tea. Walking around like that. What is that? What is that?

Put that aside and beef up your faith. I feel a burden of anger. In my spirit.

Let me see. What's the auditorium? Moses. The earth is the Lord and the fullness. You are worried about the auditorium.

[26 : 44] You should be worried about how you are building your faith. You are worried about a job, a house. Tonight I want to show you how you can use the currency. You can buy.

The best time to buy is when you don't have the money. He said this morning.

Pastor Joshua said, we are not on the front line. We are on the faith line. Yeah. Yeah. Yeah. Two different things. Two different things. And the world will be trying to convince you.

Satan is the God of this world. Don't forget that. Satan is the God of this world. So he's using the world system to let you, to detour and divert your focus from God's word.

And as soon as you divert your focus from God's word, your faith is kaput and nothing works for you. And you become a victim of situations and circumstances. But you were not created like that.

[27 : 42] You were created to have dominion. To dominate. To overpower. To overwhelm it with your presence. You overwhelm it with your presence. When you show up, they begin to back off because you are in town.

Satan, I believe God. Never let you be found without confidence in God in your heart.

Confidence. You can be locked down, but still, I believe God. In the middle of dire situation.

I believe God. For your information, you are not the first person. Many, many, many thousands have passed through where you are passing through.

And even worse situation and are thriving. Have thrived. Have done well. And many more. With worse situations, you will know. Will be striving. And you.

[28 : 45] Well, that's what I mean. You know, they went. Drop it. It's not about you. No, no. To God, I always went from the foundation of the earth. They were in the.

Shipwreck. Shipwreck. The experts. They were trained. They realized that there is no hope. Yeah. They didn't know they would survive. So, the best way is. Let's.

Let's get rid of their prisoners. Let's throw them overboard. So that. At least. If we die. We know that none of them escaped. And if we also live. Maybe that's fine.

Because there was no hope. Then Paul said to them. Hey. Don't throw anybody overboard. No one execute anybody. Because. The angel of God.

Whom I serve. And. Whose I am. And whom I serve. The angel. Appeared to me by night. And told me. That Paul. I given. Those who are genuinely.

[29 : 44] They are all been given into your hands. And there shall be no loss of life. Do not. He said. Do not be. See. See what the angel told. He said. Do not be afraid.

He has to sort out that fear thing first. He actually. The angel attacked the fear. Let me tell you something. Everybody will have some.

News. There are a lot of news going on. Letters from the doctors. Letters from the council. Letters from the court. Letters from your exes. Letters from your enemies.

Letters from your neighbors. Letters from your bosses. Letters from the washing machine repairers. In fact.

When you go to the council. Almost every office have different templates. Letters. Letters. Letters. They just send letters. They just send letters.

[30 : 39] Now email has made it faster. They send it. They be sending it. They send it. Sometimes they make a mistake. Home office will send somebody's letter to you. With your name on it.

But it was meant for somebody. then you see and your heart is scared and then later on they change it our sister was there i remember they came they call her not knowing the council the officer the ds or something tricked her they have called immigration officer to come and take her straight to jamaica and when she went to the office they said sit down we are coming when they were then this woman came and shut the door behind her she noticed that ah today trouble coming she said jesus you don't know a violent calling jesus jesus she looked at the woman the woman began to be afraid because there was something supernatural she had engaged now the woman said what's the problem you know what i'm supposed to take you away but let me show you what you can do she began to give her right there and you when you send the letter i'll also try me working when you apply your faith everything begins to change to work in november and most of us as for me normally this is it happens bad for me like this you better stop that crap in our house nobody really gets married and marriages don't work your head i mean what why why why ask for me if i if everybody applies as soon as i apply doesn't work are you surprised it's not working listen prophets can't fix that kind of crap they will just get a bit of money for you from you it makes them feel useful that's for me that's for me you know in hand you know i'm thinking of leaving this country i'm thinking of leaving landry leave landry wherever you go the same thing is there yes i'm telling people are struggling in america oh yes people are struggling some are struggling in syria some are living so good in peckham others are struggling in peckham everywhere oh in landing church is hard why why would you be soft based based on what you are saying it's not permitted to be soft yeah yeah you said church is hard that's what you get right yeah pastor david do you know the poor the lord bless him move the church from bernonsey to um darford there are things about around 2000 or so he lost half of the members because the journey is practically within two three years triple more than triple the members big church doing fantastically well in the same london in the same london i went for conference in witness and i realized that sometimes most of us we are our own undoing how i went for conference in witness about three years ago and it was winter i went for a long time and i was like to see you know the people who are not going to be a big day london l-o-n-d-o-n-n-n 6 a.m the car park was full the auditorium was full the i'm not talking about 15 people auditorium i'm not talking about 200 people auditorium i'm not talking about 1 000 i'm talking about more than 3 000 london london london school people is 6 a.m in the winter so why do we think oh 10 a.m is too early let's push it to 11 or 12. it's the same if they won't come with the one come yeah yeah yeah yeah listen you are adding yourself too much to the bunch who are useful for

the garbage you know sometimes when you are cooking something cut chicken and stuff and you made that make a mistake and there's part you are going to put it in the bin and something like the liver parts you didn't notice and they added you take it back and put it bring it back because this one is not going watch it quickly it's coming here he's coming he's not going there ah hey or like some of you you know like someone like mr joe you can tell he likes the shaki or the cow food and then um his european wife is cooking and put the car food so what is that that that you know i thought you doing he said where did you put it pull it out of the thing this one is useful for the masters you bring it back that's what i'm telling you some of you situations have made you added yourself to what is going waste tonight you are exempting yourself you are exempting yourself you are exempting yourself nothing is final they were in a shipwreck paul said that i believe god that shall be unto me what just as it was told me i believe god and do you know what happened exactly what was told him is what they get it will be told you first of all then just a fear note then he said put you on the screen said fear not do not be afraid paul you must be brought before caesar you are going to rome you are going to rome so you can't die in high seas and then he said yo i've lost my house i don't have anywhere sleeping i've lost my job i can no no no no no you won't have the chance to say that i'm believing god for a child i'm believing please i said last the last year of this year that there are certain prayer topics that from this season they are going to be redone you won't need that prayer topic again my my brother is here he recently he just he came he arrived from from ghana and he's been trying to travel for a while now because his wife and uh child is here trying done everything and it's the devil has been fighting and he's been for prayer meeting upon prayer meeting believing god that god i need to be with my family i need to be with my family sir would you ever need that prayer again would you ever need that kind of prayer again that lord you wouldn't need that now that prayer is obsolete the wife can never pray god send my husband said we don't need that prayer again because my husband is here so somewhere i stand here and i prophesy to somebody there are certain prayer topics you have this year in the year 2016 it shall be redundant it shall not be necessary you will need to pray those prayers again because god has given you the answers i believe god jesus i've got 10 more minutes please be seated i feel i have a mandate i feel i have a mandate tonight that's not what i'm prepared for but prophetically i feel i have a mandate to dismantle that fear that's right that's right that's right i came with a demolition mandate to demolish that fear the problem is not the truth is the fear you are entertaining the fear you are harboring the fear

you are hosting you are hosting fear you are hosting fear don't host fear host faith don't host fear have faith in god that fear must be evacuated out of your life with immediate alacrity he said why are you so afraid yeah yeah don't be afraid only believe and your daughter will be well is there are you not going to explain it to me you either take what i said or you leave it some people will mock but they don't matter they actually don't matter because they were crying before jesus got there they started mocking change from crying to mockery that tells you these guys are not serious they are flaky i wish someone has a medical report in your back which you can look at the report and tell the report is this over now it's over it's over now i don't know what challenge you have as you are seated here or as you're watching me it's over it's over it's over i like bishop bensi i bishop bensi in the whole sense example pastor frank cited he was he had a motor accident his legs were broken in 10 places and the doctor said you're going to be here for a long time i said i'm going to leave him tomorrow morning so why he said because i saw in the bible that his bones were not broken but no your bones are broken he said no i'm telling you his bones were not broken but it's your bones that i said i'm telling his bones were not broken the next day he was in cast i he he he moved himself after the hospital because i can't stay here this is not the place because my bones are not broken but you are in car it doesn't matter i can't walk but my bones are not broken my god my bones he put his faith into action stop comforting yourself don't worry don't worry don't worry you are waiting for someone to come and be tapping your back don't worry don't worry don't worry remove the eye and throw it away who told you i'm worried i'm worried and what don't ever be expecting pity from people that's why you have made your face so morose so that they can see you and feel sorry for you and give you money or give you some offers and no you didn't come to take over cover you came to take over they are not looking for mercy from men you came in the name of the lord it was a blessed is he who cometh in the name of the lord i am blessed i am blessed i am blessed i am blessed learn how to always respond by i believe god and put a smile on your face and fear not and fear not knowing that if god doesn't do it can't be done so anyway that's how our situation is back it's changing reports you will always hear reports reports you shall hear but as to how you handle it is in your hands faith gives you victory is the victory it's actually the victory faith is the victory it's not an ideology as i was stood there i just knew that there is so much god has released he's actually released himself in our midst to show himself and he's just waiting for someone to say yes yes oh

and when you see when you see only see like that you realize that but why was i worried like why was that i so worried yeah why was i so worried that's why jesus asked said jesus said why are you fearful why why why oh what's wrong with you oh no but pastor what you are talking about you don't know this thing this is a serious situation okay it's a real situation because four different doctors have confirmed it pick yourself together and gather yourself in god's word yeah god's word do you know how bible calls it said the god the word of god in in romans chapter 10 said the word of god is called the word of faith think about that it's a word of faith the word of faith verse 8 romans 10 8 the word of faith which we preach it's called the word of faith that is the word of faith which we preach the word it's called the word of faith because when you hear it what you are supposed to get first is faith if you don't get faith you have wasted it you have wasted it because that is the only thing god will depend on and god will look for it's just waiting to see your faith paul saw that he got it he got it said paul seeing that the man had faith to be healed he got it he got it he said to him rise up and walk faith two things i want to say about faith and we are we are done faith is a a a a connector it connects you to the supernatural faith is your connection point to the supernatural to this god there's nothing god cannot do there's nothing god cannot do he said behold i'm the god of all flesh in jeremiah chapter 32 verse 27 i'm the god of all flesh is there anything too hard for me hallelujah that means watch his face watch watch watch take note of don't ignore this one i'm the god of all flesh is there anything too hard for me so that why are you not doing it god because i've just been waiting for your faith there's this woman who had the issue of blood in luke chapter 8 or matthew chapter 9 or better say mark chapter 5 mark chapter 5 she had an issue of blood i prefer to look where she look account verse 40 luke chapter 8 verse 40 she came to jesus from verse 40 down the bible said she has had this situation for 12 solid years 12 solid years she came behind the press behind and touched the borders of his garment and immediately her flow of blood stopped so she touched him something came into her and because something came into her something had to leave her right it's displacement something was displaced you know where bible talks about in act chapter 19 verse 12 bible says that the god did amazing things through the hands of paul so that aprons from his body were sent to the sick and the sicknesses left or the diseases left and the diseases left

[47:11] the arrival of the aprons the arrival of the aprons the handkerchief means the departure of diseases so when she she touched jesus something left jesus and came into her and when that thing came into her that thing that has been messing her up left and she felt in the body something has gone happen and jesus also felt somebody has drawn something and jesus said ah who touched me everybody was touching me at that time who touched me said no this one the person has drawn out of me peter you peter you guys you don't know what i'm talking about it's not just unnarrated no it was a touch of faith so when she found out that the is the woman he told the woman daughter your faith has made you well daughter be of good cheer for your faith has made you when you were touching it was your faith she so faith connect a lot of people were touching but because they didn't have faith they didn't have access to the supernatural power of god they couldn't go past the natural right they stayed in the natural not sure if i touch you what is wrong with touching you i touch you hello what's that so but supernatural as i touch you and if there's faith depending on where the power is flowing from if there's faith in you as i be preached and i touch you yeah you connect and draw something immediately immediately immediately or if i'm touching you and there's something i'm looking for for you or the power is resident as i touch you when i release my faith i try it immediately so it takes faith to tap into the supernatural to make a redrawler to connect without faith you can't connect to the supernatural you cannot connect and listen listen brothers and sisters i am i'm just getting too frustrated with this morning day christian christian fashion show where where pastors and who normally may want to call themselves prophets have been made to feel like it's they it's them me and me i'm the one who if i pray for you everything happens me i'm the i'm the one i'm the custodial everything no it's not like that it's not like that jesus was an embodiment of the the deposits of god's power but people could take it from him without his permission because that's how it works they can by faith draw it and pull it out where we pick they were drawing and pulling they were drawing and pulling they were drawing and pulling they were drawing and i can imagine two people one came to jesus called jairus my servant is lying and her come home and he's a ruler of the synagogue i'm about to say something very interesting synagogue synagogue jairus a ruler of the synagogue mark chapter 5 verse 25 a ruler of the thank you a ruler of the synagogue he came and in in matthew chapter 8 verse 6 7 and 8 7 6 and 7 there's another centurion who came it was a centurion he came to jesus and now verse 5 verse 5 says now jesus had entered when jesus had a centurion came to him pleading with him what was he pleading he said say lord my servant is lying at home paralyzed dreadfully tormented the next verse verse 7 jesus said i will come and heal him the man said you don't have to you don't have now ruler you know what his analog is

it's religious place a spiritual atmosphere and he's going to say he's a senior pastor i mean those are the people who sit normally on the front row you know those times they won't be sitting on the front they sit on the stage and he said he said come home my servant is dying come home come he said say no worry i'll come a centurion who understands power the way power works you see you see you see listen listen listen sometimes your background can affect you your background your background i was just trying to be a bit mild so that people don't think that your background can affect you sometimes the way you were trained to receive things can affect you the way you were trained to handle things can affect you god is a century a centurion he understood power he understood order he understood how things work when there's power what the the priest oh what's he knew well so if you are the one then come then and so the centurion said to jesus verse 8 he said no no no no you don't need to come to my house i'm not worthy lord i am not worthy that you should come under my roof but only speak the word and my servants shall be healed you see the understanding yes only speak the word so the servant he knew that the servants will not die if i can get this man to just speak your word whilst jairos was saying travel let's travel come jenny no wonder before he could get someone who was also with the issue of blood was looking for help intercepted the thing and then by the time they finished speaking bible said whilst he was still speaking he didn't finish speaking mark 5 35 while jesus was speaking with the gent and the lady and the daughter you'll say you'll see you have been made whole and while he was still speaking some came and said that is too late jairos if he was like you and i he would have said jesus just speak the word before someone hijacks you in traffic traffic conditions can stop can disturb your flow is someone getting what i'm saying you don't have a problem you don't have a problem your problem is that you don't have faith your problem is that you are too fearful from tonight just walk comfortably with this mindset i believe god i believe god you have to make a song your compose your own song i believe god i believe god your children should know this so much about you and it is daddy we believe god mommy we believe god your neighbors must know that you are a god believer is someone listening to one yes faith will connect you to the supernatural faith is a connector believe in matthew chapter 9 in matthew chapter 9 verse 27 okay 27 and 28 28 is where i want to read but 27 when he says 27 when jesus had when jesus departed from there two blind men followed him crying out saying son of david have messianus look at verse 28 very interesting text and when he had come into the house the blind men came to him and jesus said let's read that from jesus said and jesus let's go and jesus said one more time louder and some of you are not reading let's read it louder let's go and jesus said to them

do you believe that i'm able to do this do you believe that i'm able to do this they said to him yes lord that's what he wanted he said you are you are making noise following me oh lord 2016 oh lord this last three days of 2015 oh lord he said it's okay it's okay sit down do you believe that i can do this because that's what will release the supernatural wow someone shout i believe god why are you so fearful so do you believe god that i am able to do this yes it's a simple thing you know it's a simple thing but situations have bullied you to think that is not that simple it's complicated the devil is a liar if the person sitting near you is not is not a child slap the person on the shoulder tell them i believe god i believe god that's a soldier man so he knows how to receive it if you talk about this where he said i just jumped my soldier man he said yes sir i believe god listen don't be don't be fearful don't fear don't fear you are writing a very beautiful story so so when you see hurdles showing up that's okay when you see obstacles showing up that's okay it's okay just don't entertain fear it comes with fear that leave the fear and then sort that thing out it's okay as long as you take the fear it's bringing you can't do anything about it you can't do anything about it they come with fear it's coming like a liar with fear as soon as you panic you spoil everything it's like someone who is who is a thief who's going to steal something from the shop and the thing is in your maxi you are walking you know you have to walk and when they say hey someone said you know i discovered that a place like b and q and some of the shops i know it has happened some of you sometimes you go in the shop you are coming out then the alarm just goes and they don't know i'm no one about this they don't say anything have you noticed that i was wondering about and most people people sometimes people will stand and they're coffee why is this and the the security man will be bothered you just go do you know it's a trap too so that if you're a thief i start to hear anything what's what's going on if they'll catch you that thing will fall you drop it and run away but if if first time you just want what's going on you keep your cool it's bringing fear the devil is he has organized a fear campaign against you he's organized a fear campaign that is organized you see you are losing all your hair at least get married before everything goes so so now you two you are you are you are becoming restless i don't know what's going on now can you imagine next year already i'll be 35 and i don't know i don't have a husband yet you know what if i don't i don't have a child

last last december just this december about three weeks ago in witness i heard somebody's testimony in kenalan nigeria who had been married for several years then the man is 75 the wife is i think 60.

they've been married for 35 years without a child and they've had just they've just had a child sometimes when you are even old you can love your children better we'll ask abraham and isaac i said it's this was it this morning or yesterday about jacob his son he knew his son was dead but god knew his son is not dead over after about 20 years after about 20 years he saw jacob and he realized that so why did i make when i was crying if i cried and vowed that god you have let me down he might have said things the thing was actually working for him the point is here the point here is when you work with god god he said see a man said to the righteous it shall be well with him he shall be well so when you walk with god that's why i like the song a brother sang when we walk in with the lord in the light of his word what a glory he shares on our way while we do his good will he abides with us so the fact that you are doing what god wants then know that he's abiding with you doesn't matter what you see he abides with us still and with all who trust and obey trust and obey for there's no someone shout i believe god faith is a connector to the supernatural he said as this science will follow those who believe it begins to follow you christians chapter 1 verse 19 he said and that you will know the exceeding power greatness the exceeding greatness of his power which works towards our core as the ingredient of his power towards who as we believe so when you believe the greatness of his power is all release in your direction believing connects you to the supernatural faith is what connects you to the supernatural faith is what connects you to the supernatural if god said i am the god of all flesh there's nothing too hard for me then it's better you believe to release his not it is nothing too harmless someone listening to me and let me just add one more thing faith is a universal currency it works everywhere works everywhere let me take you again to look chapter chapter 8 this lady who had the issue of blood from verse 40 from verse 40 quickly look chapter 8 oh matter there have been miracles in the house is it your sick is it is this the sickness don't worry is this housing don't worry is it job is the lease of the problems is it money oh money and faith they go together seriously i discovered that the more faith you have the more money you have the more faith you have the more money money responds to faith seriously in matthew chapter i'll come back to the in matthew chapter 17 verse 27 he came and said taxes taxes hey taxes taxes god jesus told peter don't let us offend them just go to the sea and then nevertheless let us we saw it so we don't offend them go to the sea cast in a hook and take the fish that comes out first doesn't matter the size any fish cast the hook the fish that comes out of faith and when you have opened its mouth you will find a piece of money take that and give it to

[63 : 38] them for me and you tax the attacks is that that one one single fish can pay all that money the money is in the fish's mouth he said that's faith yeah money is in abundance everywhere everywhere for the for the people of god it's your faith that releases it your way not your job so i shouldn't work you have to give a means you have to give it a means but faith um george moola in his lifetime he was known as the man of faith in his lifetime he raised the equivalent of 100 million pounds by faith by faith how did he do by faith he just trusted god and took every step god says you take and then waited for me for the money to come then someone come in fact i had a story about somebody in america so funny there's a woman who was believing god for i think two thousand dollars a pound dollars believing for something and she was praying she's been praying lord i release this money i know i've received i've received that money i know one morning she was there and there was a dog there's a knock on her door her neighbor upstairs came came to her said what's this this is two thousand dollars take it and tell that your god to stop disturbing me i'm i'm an unbeliever i don't believe in god i'm an atheist but take this tell your god to stop disturbing me god god knows how to make unbelievers to save you money should be the least on your agenda faith should be the highest the highest of the priority so then if you leave faith seminar and go and work tells us your faith is very little it's a very strange ideology faith seminar to build faith you leave it to go and work and there are people here they have been leaving god for an incident to happen to them for for insurance payoff oh oh you don't know some of you are saying oh but you are the one i'm talking about you trip at work and you shoot their company because you broke your hip bone yeah and that's it's a big breakthrough for you can you imagine that big breakthrough for you so the rest of your life some you had a little problem and they have they've given you 50 000 pounds and you are happy you exchange it with your that's what i'm going to think they are waiting that something's you are so some of you some of the people who uh the cyclists those of you who cycle sometimes you see a big truck come you don't you don't you can't be bothered you are waiting for it to hit you so you can have insurance claim okay may i advise you please recently i met an insurance lawyer a certain top lawyer who works for a certain insurance company and he told me that when there is an accident and someone is injured becomes a court case and then the insurance tries to fight to see how little they will pay you so if the injury is very bad and like it's like life threatening the insurance has to pay huge amount of money because of carriers and so many it's big money so if the person gets maybe like injured seriously and i said so if the what if the person dies he says it's even easier all they pay is the funeral cost and unless the person has dependents so they try and take care of the dependents so it's very easy for the insurance if someone dies that someone is really damn injured

permanent injury ah so in certain circumstances death for the those who pay is beneficial for them they say ah this guy should have died this guy should have died this guy should have died it should have saved us thousands of pounds this guy and you too you want us as your breakthrough you are you are authorizing a breakdown in life money and faith they go together you check all the all the men of god who operate in strong faith they don't like money all the men of god chief of them our own papa bishop is loaded not because he has been looking for money but money has been looking for him money is coming to you because of your faith say i believe god let me finish this thing i've gone too far beyond my time what did i say the scripture he said never universal currency luke chapter 8 verse 40 so it was when jesus returned that the multitude welcome him for they were all waiting for him verse 41 and behold there came a a man named jairus oh that will take too much of my time let's jump forward and verse 43 now a woman having a flow of blood for 12 years who had spent all hell who has been watched this watch this watch this who have spent all her livelihood on physicians and could not be healed by any how much has she spent oh how much has she got left how much has she got left she spent all her livelihood so that means she's not got any money left she had faith currency listen you can buy a house without money you can buy a car without money you can finish do all your shopping without money we have seen it in this house several times where people go and do shopping they give it to them free a gentleman came recently i think he lives in ghana he's a businessman coming to buy some things and he saw people coming to afternoon prayer so he also decided to follow them and come and find out when he came if he realized that prayer was going on i had a word for him i said god is about to do give you a miracle give you a surprise he said to his amazement when he went he left he went to meet the business partners he was going to take a container of goods when he went he said you know what we give it everything take it free you don't two is it two containers or something one one container said take it free he said something should have paid for a lot he said take it when he got to uh the post in ghana he had so much he didn't have to pay and he didn't have to pay and one shiloh hour he came back to testify one shiloh hour you see you are making too much noise about money you don't have you should be very worried about the state of your faith so jesus this woman has spent everything she got but because she had faith she could still access what

she needed let me let me blow your mind the last scripture in isaiah chapter 51 one isaiah chapter 51 verse one isaiah chapter 51 verse one thank you jesus somebody shout hallelujah consider it done because of the word god has spoken to you thank you jesus Thank you, Holy Spirit.

Very strangely, for the first time, I have gotten so excited I miswrote my scripture. All right. It says that come and buy without...

55 are good. Thank you. Yes, Nasi, thank you very much. Isaiah 55, verse 1. Oh, everyone who thirsts, come to the waters.

[73 : 14] And you who have no money, come buy and eat. Yes, come buy wine and milk. Without money and without price.

But you can buy without money. Yes. I said you can buy without money. You can buy without money.

They will give you the entire company. So, take it to your hands. You see, this is what makes the world want to mock you.

You are living in a fool's paradise. We'll really find out who lives in a fool's paradise very soon. Because most of us want to live like ordinary men.

And it's abnormal to live a normal life as a Christian. As we heard this morning by Pastor Joshua. You can't live without money.

[74 : 17] Buy without money. Buy without money. This is the best time to buy. This is the best time to buy.

Buy the house. Buy the car. Buy it. Buy it. Buy it. Buy it. Buy it. Buy it. Buy it. Buy it. Buy it. Buy it. Jesus said, do you believe that I am able to do this?

That's all it requires. That's the entry point. If you believe, the faith currency will work everywhere. It will procure and secure anything.

You heard Pastor Frank. He says that things in life gravitate towards faith. So when there is faith in your life, things are coming to you. When there is no faith, things are moving away from you.

So you have to keep chasing them. You have to keep chasing them. You have to keep chasing them. You have to keep chasing them. But change. Reverse the trend. Reverse the trend. Start chasing God. Start moving towards faith.

[75 : 23] And as you are building your faith, it's coming. The things are coming. The things are coming. The things are coming. The things are coming. Because, watch this. Faith is the substance of things hopeful.

Others are hoping for you. I've got the substance of it. so they don't have a chance, but they manifest in your hands. Somebody shout hallelujah. Last, this year, last year I prophesied, and this year I prophesied again. I remember very well, I prophesied that there are people in our midst who do wedding without a cost.

Who have wedding without a cost. Didn't we see it just last month? It was a reality. The cake paid for.

Reception paid for. Everything. Dress, suit, everything. Everything paid for. Food, car, honeymoon, everything.

Everything paid for. It's waiting for you to just believe. And you are saving money for those things.

[76 : 44] Yeah. Some people cannot. They won't set a date. No. Yes. Some people, instead of set, you found this man, or you found a woman. Set a date, say we are waiting to save. My savings must build to a certain level.

Then I can set a date. God is changing somebody's story. Today is the last day that kind of frustration and lack stayed in the night.

in the night of the night. In the night of the night, Jesus. I prophesy over your life that your faith is working. That your faith is working. God is changing your story.

I cast the power of fear in your life. I cast the power of fear over you from your life. I cast the power of fear from your life. And I release the grace of God upon your life.

Today to believe. Receive grace today to believe. Receive grace today to believe. Receive grace to believe God. Receive grace to believe God.

[77 : 46] Receive grace to believe God. Receive grace to believe God. For your health, for your money, for your marriage, for your finances, for your career, for your family life, for your children, for your ministry.

Receive grace to believe God. Receive grace to believe God. Receive grace to believe God for the rest of this year. Receive grace for a major miracle within the next three days.

Receive grace for a testimony within the next three days before the end of 2015. Receive grace. Receive grace. Receive grace for 2016 to triumph.

It's your year. It's your year. It's your year. It's your year. It's your year. In the name of Jesus. Come on, come on, come on. Give God a big shout. Shout of faith. Shout of faith.

If you are not saved, you are not safe because life is dangerous. Life is not under your command. I don't see why I should end this service without giving you an opportunity to say, yes, Lord, pastor, pray with me because I want to have this bread.

[79 : 19] It means I want to put all my confidence in him, all my hope in him. I want to give my life to Jesus. If that is your genuine desire, just lift up your hand and say this after me. Say it genuinely from your heart. Say, Lord Jesus, I know I'm a sinner. I've sinned against you.

I ask you to forgive my sins. Wash me with your blood. Thank you, Lord, for dying on the cross to save me. From today, I will serve you.

I believe in you. I put all my hope in you. I put my faith in you as my Lord and personal savior. I receive you into my life. I make a vow with you that I'll save you all the days of my life.

Satan, get behind me. I don't belong to you. I belong to Jesus. Thank you, Lord, for saving me in Jesus' name. Father, I thank you. Your word says that you know your sheep and your sheep know your voice.

No one can come to you except your father brings him. I pray that let your grace be upon them. Help them to be strong. I pray that the grace of God will come upon you. The power of the Holy Spirit will come upon you and help you to be a strong Christian.

[80 : 28] In Jesus' mighty name. Amen. Thank you for listening. For more resources, please visit caris.org or call us on 0207-740-9960.
