

biggest prayer request if god decides not to answer prayer good prayer as you pray and pray and pray you're pushing into god it brings you to a place where you hear god your heart begins to say to god that not as i will so i want this so badly but when you keep praying you get to a place where whether you get it or not is not important anymore that's where breakthrough you have entered into breakthrough that is where the bible says that delight yourself some 37 verse 4 delight yourself in the lord and he will give you your heart desire when you get to that place it's very difficult for you not to enjoy answered prayers then god gives you anything because you don't mind what you forgo you don't mind god can give you anything if you can give up anything for him most of the things we are desperate for is not difficult at all for god to give us but it's likely it to be like a flood that would make us drift there are some things when you pray for god won't give you because as soon as you get that marriage you won't serve in the ushers you won't serve in the choir again you won't serve in church if you get a baby your attitude will change when it's time to come to church you say the baby is cold the baby is cold the baby is coughing my baby my baby my baby my baby so sometimes people are not ready you know i don't want to preach i'm giving a prayer topic but isaac was born because abraham got to a place where he stopped focusing on what he will get and started focusing on abibalex family because the women were all barren the bible said abraham prayed for them and god opened their homes meanwhile his wife's womb was closed can you imagine abraham was looking for prosperity so he was willing to give away his only wife who was supposed to be the mother of the isaac he was willing to give him out because he wanted prosperity until he repented and went back for his wife he wasn't ready for an isaac so sometimes when you pray and it's taking long either god is trying to draw you closer to himself to win you to himself to condition you so that nothing takes you away from him jesus christ prayed matthew 36 sorry 26 36 he said if possible let this cup come and pass but not as i will somebody say not as i will nevertheless not as i will 39 but as you will so i'm praying for this so much but god if it's not within your plan in this season of my life to give me may it be so years ago i was so desperate in the mid 2005 around 2005 2000 i was so desperate for god i said anywhere he goes to hide i will find him if i'm i'm going to love god i'll find him i am very desperate for god and it starts with the holy spirit isaiah 44 verse 3 said i go for i will pour out water on him that is thirsty and flowers on the dry ground i'll pour my spirit upon thy seed how many of us want god to do this for something it might not only even be preaching there are people in the bible god anointed to build god anointed to some of you god is going to give you creativity before i came up as i was praying i saw you know when you come into a meeting that's where you notice what the meeting is yet for so sometimes coming to the meeting and i could smell flavor of anointings say anointings he spoke to elijah in first kings chapter chapter 19. elijah said they've killed all your prophets i'm the only one left god said go when you go anoint jehu anoint elijah in your place anoint jehu asking and then he showed him he showed them some people to anoint chapter 19 verse 15 the lord said unto go return your way to the wilderness of damascus and when thou comest anoint hazel to be king over syria jehu the son of nimshi shall thou anoint to be king over israel and elijah son of shaphat of abel melola shall thou anoint to be prophet in your stead in your room i've appointed somebody to take over your job that's what god i've appointed somebody to take over your job so he said anoint this one anoint this one anoint this one anoint this one that tells you there are different types of anointings some was anointed to be a king the other one was anointed to be prophet so there are different types of anointings look at isaiah 44 verse 3 again for our poor let's already allow let's go

so you see it's it said my blessing and my spirit is the whole thing he's talking about so the first one the water is it symbolizes the spirit of god that's why i said he whoever whoever is thirsty let him come and drink and out of his belly shall flow rivers so one of us the metaphors in scripture for the holy spirit is water in today's reading verse four it says there is a river whose streams make glad the city of god he says that there is a river whose streams make glad the city of god we are the city of god hallelujah he said don't be drunk with wine where it is is excess but be filled with the holy ghost so when the holy ghost comes upon you there is an intoxicating effect there's joy that stirs up in your spirit there is gladness that overshadows you there is the finger of god that comes upon you

because the spirit has come upon you didn't they say on the day of vertigo that they were drunk they said they were drunk they said they were drunk because there is a wine effect that's what makes people joy the streams shall make glad the city of god the holy place of the tabernacle of the most high what it means is that when the holy ghost comes upon you it's like that's where god wants to dwell that's where god wants to dwell look at the next verse look at the next verse verse 5 didn't that tell you that's where god wants to dwell that's where god wants to dwell god is in the midst of her she shall not be moved god is in the midst of her and god is in the midst of her god will help you so you see sometimes you are not helpless because you don't know people you don't have contacts you are helpless because the spirit of god is not on you god is not on you he said i will not leave you without a helper god is in the midst of her she shall not be moved god shall help her and it won't be delayed anymore the hell god is going to be on you is coming very early this year it's coming very early this year it's coming very early this year it's coming very early this year if you believe in shawd he says that look at the there's even more there's more look the nations rich the kingdoms were moved he uttered his voice the earth melted it's like this is the kind of god who is in the midst of us the lord of hosts did you see that has appeared again have you seen the emmanuel there can you see emmanuel there can you see emmanuel there the lord of hosts is with us he's with us

he's with us where does it start from when the holy ghost comes upon you when the spirit is poured upon you when the anointing comes upon you god is with you god is with you shout god is with us shout god is with us god is with us he's in the midst of us verse 7 i like it there are a lot of who let's read the other let's go the lord of hosts is with us the lord of faithful is with us one more time he's with us when we say he's a refugee that means you will not be a victim when we have emphasized on setting prayer so much and we have to say it's good it means that it's good but it means something is not really together if you have to go and park your car on a hill so that just in case the battery doesn't start you push it easily you know that means that you know the car is not okay do you understand as assisted starting yeah that means the car is not in the best of shape if you always need jump lead in your car that means there's a problem with your battery so it said here god is a refuge what does it if we always god help me god protect me god it's a good prayer to pray but if we stay there too much then something something is wrong because when god is with us he is our refuge this is i know some of you are not mathematical but this is just it's almost like a quadratic equation do you understand that if god is with us the god of jacob is actually our refuge so we do not need if you live in a barracks you don't need extra security do you understand so he said god tell three people god god is with us god is with us god is with us god is with us now watch this verse 8 says testimony time come behold the works of the lord what desolation he has made in the earth verse 9 he says this is this is when when god is your refuge this is what happens for you god makes wars to cease to the it doesn't matter where is your problem is coming from god is god can make them i see the war over your family god is making the world to cease i see the battle over your life god is making it to cease i see the the battle the trouble the trouble the frustration over your life i see god making the battle over your life i see the battle over your life i see the battle over your life these are all functions of there is a river he makes wars to cease to the end of the earth this one when i was reading what i saw bible says that he breaks what he breaks them so the boat that they are going to use to fight you go just collect it and

break it it just it just breaks it it's like somebody's using this toy and it's causing a lot of problems so you take it and it's smash it to break it he breaks the boha about the sphere so the spear that has been shot that is coming it cuts it he smashed it look at the way the king james is i think that i prefer the king james when it comes to the sphere one he makes it cuts the sphere asunder so the thing that was shot against you god blasted it made her when god is with you he's your refuge me i have accepted i am a serious refugee when you think he's done enough then he said wait to see the next thing i'm about to say he said relax relax relax i don't know what's going on in your life it looks like flats have been opened against you it looks like all hell has broken loose on you i can't say this to you but the master says he said relax relax relax relax take it easy the other time in joshua chapter 11 i think verse 9 or something he told joshua don't be afraid of them don't be afraid of all these people who are coming against you i'm going to give them in your hands he said relax he says that but the lord said to joshua do not be afraid because of them did you see that don't be afraid because of them do not be afraid because of them do not be afraid because of them you should worry if god is not with you if you fear losing god you'll be careful what sin you play around this fasting some of you have been set free run run this is fasting seize the opportunity which one do

you fear god not be with you or the enemy being against you most of us we only fear the enemies against us it is better to walk in the dark with god than to walk in the light without god let me finish what i'm saying just chapter 11 verse 6. don't be afraid of them don't be afraid of them for tomorrow about this time i will deliver so are you not aware you are the one this thing is describing take advantage of this fasting and break free do you understand what i'm saying release yourself like a gazelle from the hands of the earth he said on mount zion there shall be deliverance i know you are struggling with something take advantage because you don't want it it's a struggle but take advantage of this fasting because you are dealing with destiny robbing situations yeah he said don't be afraid of them i will deliver them for tomorrow about this time i'll deliver all of them all of them slain before israel yes you shall hamstring their horses and burn their chariots with fire i've given them to you already i've given them to you already so it said in this be still and know that i am god [21:35] right i will be exalted among the nations i'll be exalted in the earth because of you god is going to use your situation to get his name exalted and the the last verse is that the lord of did you see the thing has appeared again did you see it has appeared again do you see emmanuel there again have you seen emmanuel again have you seen emmanuel again have you seen emmanuel again the lord of hosts is with us the god of jacob another one again refugees drives are refugees in the house in the spirits if there's a form to fill in the spirits your status refugee you're taking refuge in god where does all the testimony start from there is a river listen if you are not desperate for the holy spirit your life is going to miss out some important things many years ago i was studying and i came up with a statement i said wow this deep that my hunger for god is my biggest breakthrough in life my hunger for god your thirst and hunger for god is your biggest opportunity in life because that drives you into a place where you can be stranded in life it drives you into a place where whatever you need for what you are doing is supplied god is a supplier supplier who is on time the goods come on time they don't snow cannot even stop the goods from arriving you want to pray god give me a hunger for you if you are standing here one of the greatest blessings that can happen in your life is to pray and ask god for a test for him don't take it lightly listen that became my greatest blessing in ministry i was always hungry for god all i want is god that's what better revival i have a great hunger not for revival but for god what i'm looking for is not revival what i'm looking for is god one day i went away for a retreat when you go for a retreat it's like you cut away everything phone off everything it's just you your bible and god and i'm praying i was praying and when you go for retreat that's where you deal with things that are bothering you you need god one day i was praying praying praying i prayed for anything god bless your church build the church i got to a time the only thing i started praying for is the holy spirit and then i said something that really changed my life i said god i don't want gifts don't show me revelations you know when you are praying and you go deep you see revelations you you god begin to reveal things to you i said i don't need any of that i was so hungry i said holy spirit i just need the holy spirit i need you holy spirit i was so desperate for the holy spirit i was so desperate for the holy spirit i don't want anything i don't want a gift of the spirit i don't want anointing for now to this moment i just want you my heart was so sold out and then that was rather when i started seeing deeper things greater things then i asked god i'm not looking for i just need you he said you can't see me i'm a spirit he says that when the wind blows you can't tell where it's coming from where it's going but you can see the effect john chapter 3 from verse you can see the effect in the same way when you are very thirsty and hungry for the holy spirit that is what you actually need in life it's it becomes like a channel that's opening your life

every other thing god wants to do with your life flows into your life because the holy spirit is the presence of god no man can see god he's the presence of god he's the persona incognito he doesn't show himself to anybody he just makes you know more jesus and understand the things of god how many of you are hungry for the holy spirit lift up your hands holy spirit i'm hungry thank you for listening to this message by david entry we pray you have been strengthened and enlightened you can connect with david entry on all relevant social media platforms including instagram and linkedin you can also hear more messages from david entry on all relevant streaming platforms and the caris church app don't forget to like and share the message be blessed
