Preacher: David Antwi

- [0 : 0 0] Welcome. Thank you for choosing to listen to another faith-building message by Pastor David Entry. Faith comes by hearing and by hearing the Word of God.
- May your knowledge of Jesus Christ increase as you listen. Be blessed. God speaks to us and He speaks to us through His Word.
- He speaks to us sometimes personally and sometimes most times through His Word. And He speaks to us always through the Holy Spirit. So He pairs now His Word, the Spirit of God.
- And I spoke more about the Spirit of God and how the Spirit of God just doesn't speak. But when He speaks, He speaks in pictures. When He speaks, you see.
- Because you can be, you know, there's something that people don't realize. I have a, I know there was a certain guy, I know him.
- [0 : 5 9] He was one of my groomsmen at my wedding. For my wedding, He was one of my groomsmen. And He wasn't married. He used to always tell me, I'm looking for a wife.
- I'm looking for a wife. I'm looking for a wife. Don't you have anybody you can recommend? And this is quite a few years ago. And one day, because he was my friend, one day in a conversation, he said, Oh, man, my brother, I'm about to invite you for my wedding.
- I said, What? He said, I found a woman. He said, Whoa! Whoa! After this long wait. And he was older than me. So those years, this is about 16 or 17 years or so ago.
- And I said, Whoa! This sounds great. I'm so happy for you. I said, Finally. So who is this person? And he mentions her name. I said, How did you meet her?
- He said, That is even the interesting story. I said, What is the story? Tell me. Go on. Go on. Tell me. I want to know. So he said, That's why I saw her in the choir of our church.
- [2 : 0 9] He was in the choir. The lady was also in the choir. They knew each other. Hello, hello, hello. But he didn't even register in his mind ever that this woman might be single or she can be my wife.
- They are not friends. But in the choir, he was looking for a miracle breakthrough. But the breakthrough was right near him. But his eyes needed to be touched with an eye salve.
- Yes! So, and so when they started talking, he asked the lady, How long have you been in this church? She said, I've been in this church for a long time. I've always been in church.
- I hardly miss church. She said, How? Since when did you join the choir? I know you are in the choir. Since when did you join the choir? He said, I've been in this choir for a very long time. And it even looks like either she joined the choir not long after he had joined or one of them.
- You know what? She's been in the choir for a long time. And they both said, How? And he asked her, Have you been in a relationship? She said, No, I've been believing God for marriage.

[3 : 16] But I also never noticed you in the choir. Oh, my God. Hey, whoever has to notice you, they don't have a choice now. This January, they will notice you. They will notice you for a promotion.

They will notice you for a proposal. They will notice you to position themselves for your proposal. Hey, I'm telling you, they will notice you.

They will notice you for that pay rise. They will notice the way you have been laboring and working hard and you haven't been promoted. They will notice you. The agency will notice your CV and refer you for that big, big dream job.

They will notice you. They will notice your certificate. For a long time, they have never even known that you are a master's holder in this company. They will notice it. Whoever has to notice you in the mighty name of Jesus, may their eyes be open to notice.

And whatever you have to notice, whatever you have to know, sometimes you can be next to your breakthrough, but your eyes are closed. You can be next to your breakthrough, but your eyes have not been open to it.

[4 : 20] I prophesy in the name of Jesus. I prophesy. Open eyes. May your eyes be touched with eyesalves. May your eyes be anointed with the eyesalves.

In the name of Jesus, so that what the Lord has prepared for you, you will see it and enter into it. That door God has opened for you. You will not enter the wrong door.

You will enter the right door. You will not use the wrong key. You will use the right key. In the name of Jesus, may God enlighten your understanding. May God help you to see the things that are working for you.

To see the things you have to see. May God help you to notice the things you have to notice. In the name of Jesus. Jesus, some of us might have some toxic people around us who are destroying everything you are doing, but you never know that your enemy was so close to you.

You never know that the ones you have been telling your matter to is the one who have been telling them your matter. And it is working against you. You never knew. But I believe God is about to open your eyes.

[5 : 20] God is about to make you discover people who are traitors around you. God is about to make you discover people who are destiny helpers around you. Sometimes your energy will be focused on your traitors and you abandon your destiny helpers.

But after tonight, God is about to shift your focus to the right people, to the right thing, to the right places you have to be going, to the right things you have to be saying. In the name of Jesus.

In the mighty name of Jesus. May God touch our eyes. Enlighten our eyes that we may behold wondrous things. May God enlighten and touch your eyes. Open your eyes.

May you discover. May you discover what you need for your next phase. Hey, may anything that is hidden from you, but is necessary for your next phase. Any secret that is, oh my God.

Oh my God. Any secret that is hidden from you. I prophesy. As we relate with the Holy Spirit. As we walk in the Spirit. I prophesy. As we fast and we pray on that platform.

[6 : 17] May your eyes be opened. May your eyes be opened. May the secret be made known to you. In the name of Jesus. Shout amen. Amen. Amen. Amen. One of the things you have to know about God.

Is that he is a revealer of secrets. Yeah. There are things that will always be kept secret. There are things going on around you.

That you will never know before it's been kept secret. Yeah. Yeah. There are things in your background. That you might never know. You have been sending a lot of applications.

But you might never know. That you have put some information there. That you didn't even realize. That that information is what is discrediting you. And hurting you.

But you never know. Tonight. May God open your eye. To anything. That is in your life. That you are not aware of. But you have to be aware of. The things that you don't know.

[7 : 19] May God. He said. Call upon me. And I will show you great and mighty things. Jeremiah 33 verse 3. Call upon me. And I will show you great and mighty things.

Which you did not know. Which you don't know of. Call upon me. And I will show you. Call upon me. So that tells you right there. Prayer has a way.

Prayer has a role. A place. In us accessing. The secrets of God. In us accessing the secrets. Necessary for our laughter. Necessary for our breakthrough.

Call upon me. And I will answer you. And show you great and mighty things. Which you do not know. And we know. There are things you have to know. But you do not know.

He said. For the lack of knowledge. My people perish. The lack of knowledge. Cause my people perish. Is it Hosea chapter 4 verse 6? Because my people. My people are destroyed.

[8 : 16] For the lack of knowledge. Because my people have rejected knowledge. I also will reject you. From being priests for me. For the lack of knowledge. My people are destroyed.

You will not be destroyed anymore. You will not be destroyed. The things that you need to know. We are going to pray that. Oh God. That I might know. That I might know.

That I might know. Paul said. Everything that was gained to me. I count them lost. That I might know him. That I might. Philippians 3. 9 and 10.

That I might know him. That I might know him. That I might know him. Verse 9 and verse 10. Philippians chapter 3. Verse 9 and verse 10. And we found him not having.

And then verse 10 says that. That I might know him. I want to know him. Whatever were gained to me. I count them lost. Because you have to know.

[9 : 13] There are things you can't afford not to know. You can't afford not to know. There's a lady you are planning to marry. There are things you got to know to help you.

To make your decision properly. We decide. There are things you have to know. There's a guy coming around you. There are two guys coming around you. One of them is going to lead you into trouble.

But how would you know. There are things that you got to know. That you discover something about the guy. And he will never know. You noticed that. And you saw it.

And that will help you to stay out of trouble. Things that you need to know to stay out of trouble. Things that you need to know to get into blessings. And get into breakthrough. I prophesy that tonight will be a night of Holy Ghost revelation.

Holy Ghost is going to bring you secrets. Holy Ghost is going to reveal some secrets to you. Secrets in your family life. Secrets in your family background. Secrets in the health history of your family.

[10 : 11] Secrets about things that have gone on. That have the propensity and the potential to hurt your future. God is about to show you the secrets. In the mighty name of Jesus.

Shout Amen. Amen. In Daniel chapter 2 verse 28 and 29. Let's see what it says. Secrets. Hmm.

But there is a God in heaven. Who does what? He reveals secrets. He reveals secrets. And he came to tell us.

Somebody's dream. Which the person has actually forgotten. He came to tell us about the person's dream. God can reveal things to you. He reveals secrets.

God is the revealer of secrets. What sort of secrets? Not people's secrets. But secret things of life you have to know to have triumphs and victory.

[11 : 11] The things you have to know to end up where you have to go. The things you have to know to be where you have to be. The things you have to know to stay out of danger.

The things you have to know. God is a revealer of those secrets. Secrets that pertain to your blessing. Secrets that pertain to your prosperity. Secrets that pertain to your healing.

Secrets that pertain to your marriage. You know. There are times that you might not know. That your attitude and your contentious relationship with your mother. Is blocking an aspect of your breakthrough.

You might not know. That this constant fight with your husband. With your wife. Is what is blocking the manifestation of God's life. And God's goodness in your life. I know.

I've known one or two situations. Where some husbands were believing God for big business contracts. They were so close to business contract. But then it falls through. Every time they come close to business.

[12 : 11] Things were not flourishing. And these husbands. I mean one of them in particular. He told me. Pastor. It looks like there's always tension between me and my wife. And I told him.

Man. You have to sort it out. Because this breakthrough you are believing God for. Until you sort out that tension. That situation. That breakthrough might be interrupted. Interfered with. And it's not one.

It's not two. I've seen people. Who are about to step into destiny. But suddenly. All of a sudden. It backfires in their face. Because of a certain toxic.

Toxic relational issue. Between them and their wife. Them and their husband. Them and their mother. Them and their father. Them and their pastor. Sometimes.

Your relationship with certain key people. Might be the reason why things are not working. But you might not know. You might not know. You are believing God to get married.

[13 : 06] And you have done everything. It's not coming. And you've forgotten. That you had. You broke this woman's heart so bad. You betrayed her. You hurt her. And she was wounded. And you never apologized.

You never admitted. And you think you can go on free. Ten years down the line. That thing is still haunting you. And you are not aware. That that is what is eating you up. And you have to make mens.

Not to go back to her. But you have to make mens. And you have to. There are some times. Listen. I'm about to say something. There are times. You need to go to somebody. And apologize for you to be free. Yes.

You might need to go to somebody. And say. I am sorry. Now. If they choose. Not to forgive you. That. You are still relieved. Spiritually. There are certain principles.

Now. Some people have the. Legit. I don't know where I'm going to this. Some people have the. Legitimacy. To hold some things against you. And it to work against you. They don't have to do anything physical.

[14 : 05] It's not about police. It's not about physically harming you. They don't have to do anything. They are living their lives. But they hold something against you. And the thing. Because they are holding it against you. It can work against you.

Such people are like mothers. One day you told your mother. I regret you. You are my mother. I hate you. You are useless. I don't want to have anything. To do with you. Again. And you abandon her.

And later on. You. Hello. Merry Christmas. But you have not admitted. And repaired. That thing you did. You have not got to say. I am sorry. I am sorry. I am sorry.

Please forgive me. And release me. That should be up. And for her to say. I don't have anything against you. She might say. I don't have anything against you. But you have not repaired. What you did. So.

When you go. And you say. I am sorry. I am sorry. You are. You. You impregnated a girl. And you abandoned her. She gave birth.

[14 : 59] And you abandoned her. And the child. And you traveled. To United Kingdom. And came to marry. Hey. Came to marry. Yes.

And you have abandoned. A child. Was crying. Daddy. This woman. Suffered. That.

God said. To Sarah. The cry of the Lord. Has entered my ears. Yes. My God. The cry of the Lord. Has come to God.

And so. The angels said. God has sent me. To come and show you. Where there is water. So that the Lord. Will live. Genesis chapter. I think 21. Somewhere 15.

16. Somewhere there. Somewhere there. Or chapter 22. The cry of the Lord. Has entered. And God heard the voice. Of the Lord. God.

[15 : 54] Hey. I am preaching. You are preaching. He did. God heard the voice. Of the Lord. How much more. The blood of the Lord. It has gone into something deeper.

Wow. Deeper than you are ready for. Am I free to continue? Yes. After saying that. I just feel a bit frozen. Hey. Because.

God told. I'll come to Genesis. 21. 17. God told. Cain. The blood. Of your brother. Is crying out. Genesis chapter 4.

I think verse. 9. 8. 9. And 10. The blood. Of your brother. Is crying out to me. You shed blood. He said. What have I done?

What have you done? That. When God asked him. Where is your brother? Look at verse 8. Look at verse 8. Cain talked with Abel. His brother. And it came to pass. When they went.

[16 : 55] Cain. Cain rose up against Abel. His brother. And killed him. The first mother in the Bible. He killed him. And look at the next verse. Then the Lord said to Cain.

Where is Abel your brother? Look. He had the audacity to ask God. Why are you asking me this kind of question? You know. When people. When you ask them questions. They say. Why are you asking me that? Where have you been? Why are you asking me where I've been?

You went to a girlfriend. That's why you are asking back. Where have you been? Where were you? Why are you asking me that? Your wife is asking you. Where have you been? You are asking me. You are asking him. Why are you asking?

Why shouldn't she ask you? At that time. When you went to Morrissey. And she said. Where have you? So I just went to Morrissey. But this time. You are asking her. Why are you asking me? It's because you are guilty. Why are you asking me?

When your husband asks you. The money. The other time. The money you receive. What has happened? You are asking. Why are you asking me about the money? If you haven't done something dodgy. You wouldn't be asking back. Why are you asking me?

[17 : 52] That's it. Usually. Those who are guilty. I'm not saying always. Usually. Please. So don't go and tell your husband that. That's why they ask you. But I don't say that. But usually.

Those who are guilty. Don't like answering the question. When you ask the question. They'll flip it back. It's like. They will attack you back. Why are you asking me this question? Oh. Oh. Oh. Sorry. Oh. Sorry. I didn't know.

I didn't know. No. It's okay. It's okay. I didn't know. They don't want you to come into that one. They will attack you back. Why do you. Why are you asking me? Whose phone is this? Why are you asking me? Who am I talking to on the phone?

Is this a problem? Abel did the. Ken did the. He said. He said to God. Why are you asking me? Am I my brother's keeper? God.

And. God knew what he didn't know. Why did God ask him? God told him. Why I ask you? Because. I'm not having peace in heaven. Something is crying out for vengeance to me.

[18 : 50] He said. He said. What have you done? The voice of your. Not your brother. His blood. Blood speaks. That's why Jesus has to share his blood. So we can go to God in the name of Jesus.

His blood speaks for us. The voice of your. Your brother. Your brother's blood. Cries out to me. From the ground. Hey. You are believing God.

For a certain type of breakthrough. You have to come. To the father. And to the throne. And. Ask. Lord. Forgive me. Because.

That situation has not been resolved. I think this one doesn't look like a fasting preaching. Oh. I'm telling you. This here. We are being prepared.

For a certain level of. Breakthrough. Yeah. Yes. Especially some men. You. A man. Look at how you treated. Your wife. Hmm.

[19 : 46] You promised this woman. I'm going to be with you. I'm going to. She abandoned everything. And you forsook her. And went. And you are staying with somebody else.

In secret. God will judge you. Wow. Wow. Tell your uncle. I said God will judge him. What he's doing to his wife.

He's left his wife in Zambia. he's buying ipad and mobile phones and computers for somebody's children because he's dating their mother and his own children he's telling them i don't have money you to why i don't have money you to why i don't have money you to why i don't have money you to why and you don't understand why your liver is failing i think let me know good it's getting too strong let me come back a little bit all right but there are things somebody might must have to know yes please you have come to know the pastor please pray for me i don't know why when when when i every time i'm invited for an interview they tell me they like me but afterwards i don't get the job i don't know why and you have failed to realize that that your brother or your sister who is always the strongest christian praying for you you've made yourself their enemy and you're undermining them to their your mother or your father and i'm your and the thing is working against you but you never knew you never knew there are certain things that when they persist in your life they you know medication they said take three times a day for seven days if symptoms persist you have to consult your gp or your doctor there are some the way we are fasted and prayed about something did you see the lady she said the one who said i wanted to hear from god shavinia she said i determined i prayed longest on saturday when she prayed the answer came the next day she heard so when you pray pray and pray and you prayed and prayed and prayed you have faster and faster and faster don't say fasting is not working maybe there's something you got to know because something else is play is using the back door to fight against you something else is trying to work against you you have prayed and prayed and prayed and prayed and prayed and prayed young lady you have prayed you have believed in god for marriage there's no out of sacrifice you don't get involved with you give tithe you are you always are sowing seeds and give listen some sowing seed and offering offering is also a seed okay the reason why we say seed is because the bible says that we that sows sparingly we respond so your giving is not just something physical you are giving it's an act of sowing and what you sow you sow a seed so that's why we say seed but it's offering is also a seed just that tithe is more of a covenant relationship and responsibility but offering is a seed but why do you then say seed seed usually seed the difference between the normal offering and seed should i explain it yes please that's usually in charismatic circles when they say someone sow a seed it's like a special i'm giving a special offering with a particular expectation in mind i'm giving a special offering with a particular expectation in mind so there was a time a man of god i had a man of god he was preaching powerfully and he said how god used him he's my friend god used him to raise the dead and so many things and his wife was struggling to have a child and god just miracle they prayed to god something like that at that time i was also waiting for a child this guy i went and took my some money i've saved this is years ago and i i gave i didn't tell him why but i saw that i gave it to you as a seed and i used that as the point of contact to believe god for my testimony of children see so i see that it's not just offering but i was sowing a certain seed and sometimes i can sow my seed into some most of most most services every practically almost every service when i see the holy ghost moving i saw a special seed i give a special seed a special offering i don't give normal offering when i see a move of the holy spirit and i exercise my faith and

i believe god that god whatever i see you do the miracles i see you doing here i connect myself to it i saw this special seed so that's just just the the the different offering is all still offering okay but what it is in in political circles it's what we call a donation but spiritual is not a donation because god doesn't need your donation god is not poor for you to give him donations so it's very important and once you understand that you know you are not doing god a favor by trying to give to him you're actually doing yourself a favor by connecting yourself but you have sold seeds you have done this and you don't know why your marriage is something it's like something is holding on to your marriage there there is a certain uh uh proverb that uh-huh okay let me show you i'll use this my pen as an illustration okay i hope you don't mind i actually didn't know how i ended up preaching this this powerfully uh preach yes this will be better now you see this pen there are some pens that i think i need to show you something if i want to open this pen all of us no pens how do i open it you pull it apart isn't it yes and it's open wow and that's it but look at this one it's a special it's not coming why because something is holding up to it some of us we are fasting and doing everything but the breakthrough is not coming you have to believe god to have the this insight into how to handle this you might you have to still pull it but this this one you can't turn it you turn it and it comes screw it you don't pull it you screw it you don't pull it like the other ones so you see everybody opening their pens you also open your pen but this thing is not working when you are pulling something is not coming something is holding on to it when you are doing you have done everything and marriage your marriage is like there's a demon you know when you go to chinese restaurant that buddha thing yeah it's like a demon like that is sitting on your mind look at the stomach how how you get it yes i'm just joking but that thing is is is is yeah so it's like buddha buddha is sitting on your testimony on your miracle and you are not aware that because of your toxic relationship with your father because of your bad relationship with your mother i'm not saying that they will always be right or that results or because of the wicked way you have treated your wife you have treated your wife the way you are treating this woman there are some guys when i look at them i know they will die early yes the way you are treating a wife i know you that you are married and you are messing up with different different different different women different different women and you don't have regard for your wife and so what is this my life i surely know you will die early you will die early it's not a case no you watch anyone who lives like that they don't live long but but you never know so you think i'm having fun i'm enjoying my no you are dying slowly you are that tell your uncle i say he's dying you are dying slowly suddenly the doctor said your liver has developed a lump where did that want to come from suddenly i'm not saying everyone the doctor said something about but they are saying they come so sudden where did this come from a young lady you are you are messing up with somebody's husband you are messing up with somebody's and you are believing that you think that this man is so good and he has promised you that maybe one day his wife is very bad woman so one day you'll be there well how so sometimes some things will be holding on to your testimony

because of some things in your past now there was you can repair you have to repair the ones you cannot repair you have to believe god god humble yourself save the work of god save an anointed an anointed servant of god commit yourself save save save knowing that you just need the grace of god to break something off your life you need the grace of god to tend and then engage in in seed so is engage in altar building engage in church activities or platforms where there's power at work and engage in commitment to the work of god commitment to the work of god tells your story there is a lady i know she will always was arguing with her mother content she was actually they were at serious serious long guide until she came to caris when she came to caris through the teachings she went back home leaving home but still there was tension with between her and her mother those of you who are always extreme argument with your mother back and forth back and forth and you are so angry you hate your mother sister is usually just that ladies sister sister sister i'm telling you this fast it is happening to know the secret to know the secret so you don't hurt your future to know the secret sometimes maybe your mother hates you no problem make sure you don't replicate or you don't respond reciprocate you don't hit back just stay in safe zone when she says something is not good there's a mom but you can't say that say no no what what jimba i can't say it's okay no problem you suffer in silence so you can have peace in the future there are certain battles it's not worth fighting there are certain battles you don't have to fight you will never win young man you think you are the one to teach your father sense you will learn sense later you are the one to teach you you're going to hold your father's neck who do you think you are sir you have compromised on your future you have compromised on the beauty of your future you are for go back you sometime ago you had your father's neck you push your father down go back you are praying and fasting now go back and tell him please forgive me please forgive i didn't know better please forgive me i denounce my behavior please forgive me have mercy on please forgive me he said don't worry that's fine don't worry now if he says i don't want to see you that's a different story you have spiritually you have ticked a certain box but you can't go and say that way doesn't say i can't be bothered i don't even want to see his face you that the impression will be more on you than him my goodness i'm teaching your teacher teacher this lady was still at log guys it her marriage became like a tug of war one day pastor when i told her listen this thing you are believing go for marriage marriage seems to come and then it slips by someone sees you interested within a few weeks so the thing phases away and you are growing you are growing you are growing you are believing god i told her we told her sort this issue out with your mother and show her appreciation show her appreciate some of us when people do things for you you don't even say thank you oh you don't say thank you sometimes you have to let your your your mother or the one who housed you when your house burned down the one who housed you and said yeah it's as yeah they are funny people because they when you are going to bath they said don't use hot water yeah it's bad but don't worry at least they they accommodated you for two weeks wow wow learn how to start to say thank you when you're about to do your wedding some of you you marry when you marry you leave home you and your husband or you and your wife don't have the sense to go back to go and tell your father or your mother mom thank you for all the help dad thank you and you go with something to we appreciate it doesn't have to be big when it comes to parents when you are giving them something it doesn't have to be big

[32 : 21] the heart behind it means a lot and when you move your mother's heart because you honored him hey when you move your father's heart because you and your wife honored your father your marriage will receive will see certain levels of blessings they don't have to pray things will just work sometimes what is hurting is you don't even know what is working against you yeah yeah you don't even know some of the things you have to take care of and sort out so our prayer tonight is oh lord show me the secret of the things i got to know show me the secrets there must be something to do to trigger a certain level of testimony there must be something to do to see what i have to see there must be something to do he said the voice of the land god has heard the voice the cry of the land yes and god had the voice of the land then the angel of god called to hagar out of heaven and said what what is bothering you fear not god has heard the voice of the land where hagar left the boy somewhere because he said i don't want to see this boy die because there's no solution now the boy is about to die so he got left the boy was going the angel said don't worry you are not with the boy now but god has heard the voice of the boy wherever he is god has heard the voice of the blood you have to pray and say god i relieved myself from that mistake i made in the abortion i released myself from it i released myself i asked for forgiveness and address that thing address it and don't let it stay on your mind again address it and know you have addressed it with god and with god once you have addressed it you have turned your back against it you have addressed it some of these things i'm teaching might be revealing of secrets bible said then the secret was made known to daniel by night god reveals secrets then the secret was revealed to daniel in the in a vision in the night vision so daniel blessed the god of heaven god revealed that god and remember jeremiah 33 verse 3 call upon me and i will answer you and show you things you don't know so it's all within the the remits of our prayer as we pray you have to know things you have to know things you have so when he says that when the holy ghost comes he will show you things to come yes he will show you john chapter 16 verse 12 and 13 when he the spirit of truth when he comes he will guide you into the truth for he will speak not of his own authority but he will hear what whatever he hears from uh he will speak and he will tell you things to come he will be talking to you you are walking by the spirit of god is telling you things he's telling you things one of the benefits of the holy spirit is he shows us things he tells us he gives us information he blows the whistle for us any secret anything you have to do engaging that will bring you promotion but you are not aware of may god guide you into it may the holy spirit guide you into it and when the holy spirit comes upon you number two he also gives you boldness boldness bible says in acts chapter 4 i think that's 30 when they saw the boldness of peter and john and they knew these guys are not learned it bible says that they they took notice of them and realized that they have been they were marveled and realized that these guys have been with jesus when the holy ghost came the guys were speaking with boldness boldness someone always feels the holy ghost you you tend to know things and then you you tend to preach with boldness you speak with a certain level of audacity listen if there's anything you need it's not another another issue no your miracle is not attached to some of these physical things

i'm not saying they are not important but don't put your for confidence there it is in god and if it's in god there are things that you have to know thank you for listening to hear more from david entry follow him on facebook instagram twitter and linkedin why don't you subscribe to our youtube channel at carish church and subscribe to our podcast so you are always up to date be blessed
