[0 : 0 0] welcome thank you for choosing to listen to the spirit-filled word by David entry a time to hear God's word is a time to be visited may you receive a visitation as you listen to this message be blessed so you know I've established the fact that the Christian prayer Jesus said when you pray Matthew chapter 6 verse 5 downwards it spoke about how when you pray do not be like the hypocrites for they pray standing in the corners of the street thinking that they will be rewarded or for men to see they said they have received their reward already and they said by you when you pray go into your room and when you have shut the door pray to your father who is in the secret place and your father who sees in secret not in private God sees in secret is not talking about private privacy privacy Christian prayers are not private prayers Christian prayers are always corporate

Christians are the only ones that usually there's never a time when it is only you praying to God as I said the least in the crowd in the team of Christian prayer is for you God the father God the son and God the Holy Spirit so it's very important to understand that however that is the barest minimum as soon as you begin to pray Satan takes interest ah she's praying okay I gotta go there now so Satan joins the team and when he's coming he does not come alone he come with other devils and the good news is angels also take interest so angels are there to start taking your ways and be running with it and working with it for you and not that just that we also have cloud of witnesses all the time maybe I'll talk about that later all the time in the Bible when Jesus was teaching his disciples to pray when he said when he said when you pray and then in John chapter 14 chapter 15 chapter 16 when he taught them to pray in his name when he said when he said when he said in his name it's not that whenever you ask in my name

John 14 13 14 John 15 16 John 16 23 24 26 14 13 says that whatever you ask the Greek for you is not a singular you ask the greek for you is not a singular you the greek for the you is a plural you he said in matthew chapter six verse six that when you that word you pray enter go into your room and when you have shut their door pray to your father who is in secret in the secret place and your father who sees his name what you openly verse seven and when you pray do not use vain repetitions at the heathen for they think they that they will be heard for there are many words verse eight therefore do not be like them for your father knows the things you have need of before you ask now look at the next that's where we are going after this manner in this can you said after this manner you king jesus says in this manner therefore pray ye my father so say your prayer is not just about you as soon as you start praying you've joined the others even if you are alone you are not private as soon as every christian prayer is the prayer in the crowd with the crowd so when you start praying say our father not only you you are not alone you actually they are already praying somewhere with you other place as soon as you pray you have you have just tuned in you've joined it's like prayer line how many of you have joined the prayer line before some of you have never yeah never that's why you can't say amen in church what if you have joined it if you join the prayer how many of you have joined the prayer line later than it started and then when you join what do you expect to hear you join the prayer someone asked you what are you doing say we are praying you are who me and the other believers but where are they they are on the line so the one who is not on the line who is just watching you thinks that you are by yourself but prayer is our father it's our father thing so the christian prayer has at least four god the father god the son god the holy spirit and the one praying and then satan takes so much interest so he also comes and he comes he doesn't come with demons angels come to do our biddings and the believers are also part and even the dead saints they are not coming to answer they are not coming to talk but bible says that it went to a company we are in a company is that the the the the the church the spirits of just men made perfect seeing we are surrounded by so great a cloud of witness they are always interested so as we meet they are watching they are part of it so the christian prayer is a prayer a corporate prayer now i said all this because satan is also part when you start to pray so what did what what

does satan come to do satan is real let's all say that together say it again he either comes to disrupt your prayers or to stop your prayers that's why he comes in to disrupt your prayers or stop your prayers so when we gather like this how many of you are finding something difficult to pray prayer i want to submit to you that prayer is not natural it's only a little natural when you are in serious problems it to come naturally but when things are okay prayer is not really natural so satan comes to get involved to stop or block interfere not block the prayer but disrupt our prayers to stop it or to disrupt it ephesians chapter 6 verse 10 finally my brethren be strong in the lord and in the power of his word let's go put on the whole armor of god that he may be able to stand against the wiles of who the devil the devil is a person not a feeling not some evil something he's a person don't forget that so the devil is a person he has a will he has emotions and he has intellect he knows you said jesus i know paul i know intellect he knows so against the wiles of the devil verse 12 for we wrestle not against flesh and blood but against principalities against powers against the rulers of the darkness i see really against spiritual wickedness satan is not in hell he's in heavenly places that's why in job you could go before the presence of god satan is up there and your prayer you are going up there he said i'll meet you there he said did you remember in daniel chapter 10 chapter 9 a whole angel was sent to bring answer to daniel's 21 days fasting and he was held up by the prince of persia spiritual powers people are making political decisions by being influenced by the powers there was a king of persia but prince of persia is principality aside he's the one who determines what's happening in persia he's not a king he's the principality he said when the answer was coming so the people of israel can come out of captivity the prince of persia helped hijacked a whole angel and was fighting with him for 21 days yeah angels they're fighting fighting and the prince prince of persia said you are not going the battle became so fierce the prince of persia was prevailing against the angel of god so they had to send backup reinforcement squad team from above a senior officer had to come in so he said michael but the prince of persia was 21 days and behold michael one of the chief angels princess one of the chiefs came to help me for i had been left alone there with the kings of persia yeah angels alone bringing the answer

did you did you see that these are real things in the spirit so we wrestle not against flesh and blood but against principality against power against rulers of the darkness that's not even nice either they are rulers of the darkness of this world satan is real some of you satan is on the case it's actually on your case and sometimes when you become a little spiritual some people are not even born again but they know satan is after their lives yeah so i don't understand when you know with the signs that have gone on in in your the evidence that have been in your bloodline and your life you can see satan is involved and you are coming to play church you are coming to play proud in church and i don't like this person i don't like that always complain look at the devils amount of devils that are assigned to your marriage devils that are assigned to your son to your daughter to your health against your education one course everybody finish in three years you are after after 13 years you are still doing the course and you know nobody in your family has been able to finish a course and the only one finished died yeah i got you something we are fighting we are going to do you want to be prince of this world the prince of this world cometh and he has nothing in me causing the prince of this world when satan appeared to jesus and he says that bow to me if you bow to me i'll give you everything in the world he said if you bow to me i'll give it to you you can't go wrong if you if you stay with god you can't go wrong you can't go wrong you can't go wrong bible says to be carnally minded is death romans chapter 8 yeah but to be spiritually minded is life not only life he said to be spiritually minded is life and peace this life you you want to leave church drama will increase in your life let me finish this what jesus said about the devil he told jesus if you bow to me i will give you in look i will give you the world look chapter 4. he said i'll give you the glory showed him the world and the glories he showed him there what did he say i was saying that give it is that and the devil taking up a high mountain shoot onto him all the kingdoms of the world in a moment now i think go to the matthew version the matthew says that and the glories thereof yeah said all these things i'll give to you no no before then they and again the devil took him into a city high mountain and showed him all the kingdoms of the world and the glory of them the glory how wonderful wow this is something when you're in a plane and you look down depending on which city some city you look down especially in the night it's so nice so nice the sky wow and look at what he said to him in the luke version i prefer the luke version look chapter 4 verse 6 and the devil said all this power will i give to thee and the glory of them for that is delivered unto me i own it now jesus didn't say you are lying because he actually owns it now the bible calls jesus causing the ruler of this world the bible also calls him my physical corinthians chapter 4 verse 4 the god of this world say the god of this world say it louder please the god of this world is the devil jesus calls him the god in fact jesus says the

[15 : 21] ruler again which also means the god the ruler in john chapter 14 verse 30 and then john chapter 12 verse 31 john chapter 16 verse 12 31 john 12 31 now is the judgment of this world now shall the prince of this world be cast out some translation the ruler if i think new king james says the ruler of this world and now 60 chapter 16 verse 11 of judgment because the prince of this world is judged jesus calls the devil the prince the prince the ruler ephesians chapter 2 verse 2 he says that we are by nature children of disobedience and we live in the past according to the course of this world according to the prince of the power of the air that's the devil so he's very powerful he's the prince of the power of the air very powerful so some people are worshipping the god of this world without knowing knowingly or knowingly if you are not worshipping god you worship god of this world the way you are so worldly and is today this and today is the god of this world now quickly i want to use that i have to stop now three ways you are you see that the the the trinity of a human being soul spirit and body soul spirit and body that's what i say soul spirit and body and in your soul you have your intellect your will and your feelings and when you are about to pray those are the areas he wants to use to to uh to to stop your prayers or distract your prayers so in your soul which is your will your will sometimes you just don't want to pray we are too lazy sometimes we don't pray because we are too lazy to pray or too busy to pray so he your will to pray you want to but you are busy you are lazy one of them set down create a lazy situation around you or create a busy situation some of us think that i'm so busy i'm breaking through but you don't know you are breaking down because it is taking you away from spending time in the presence of god to stop demons from your father's background your mother's background social situations from invading your life it's just a matter of time too busy satan is real or too lazy how many of you have felt lazy before when pray every now and then i feel it oh sometimes just this thing and i i just try to wake up and pray if i could see jack oh time is almost one hour already what happened i was i dozed off you have to you have to be aggressive somebody say lord help me that's your will and when it comes to your intellect sometimes your mind sometimes he will use oh god will answer this prayer this thing i've prayed over it for a long time he begins to reason with you that it won't work what's the point of praying this thing when i pray about it the doctors have already said this there's no point he will reason with you against god's word so he'll give you suggestions and use your mind that if if god wants to do he would have done it already oh but he has committed his actions his doings to our praying god is sovereign but his in his sovereignty has chosen to work when we pray in his sovereignty you can't dictate to him what he should do but your prayer creates the platform for him to do that's how he's for a programming so if you don't pray you can't why did jesus pray he was so powerful demons saw him they were shaking but he always had to pray he

was always praying why because without prayer you can't bring the supernatural into the natural i see god intervening in your life and so you will use you attack your your intellect your mind so first he will attack your um will then he will attack your intellect if you that depending on what aspect of your body is strong your soul is dominant or your temperament some of us we are strong willed some of us we are so emotional and some of us too we are so mind mind mind mind some of us are mind people satan will use your mind so there are times you are praying but because your mind is so strong you you are very a mind person intellectual everything there must be a an equivalent intellectual explanation him satan uses it to block your prayer so how many of you have attempted you started praying and something tells you no that this one has no need you pray about it your mind begins to play games on you so depending on your personality or your temperament particularly he will use if you are strong willed he will use your will if you are strong-minded he will use your mind and if you are emotional he will use your emotions easily easily even though you can use all the three the one he uses easily is what you are dominant in and so yeah then you can use your soul your your feelings your emotions your heart is so gone for a boy that god can have a space yeah but don't behave like you've never fallen in love sometimes when you are in love with somebody that girl you can't you can't get a girl of your mind he's live the person is living rent free in your head he's living in your head rent free some of you are coming for prayer meeting because of a guy or because of a lady so this all the prayer we are praying are not praying well you say let's pray for revival you can say revival i'm praying for regina you say revival i need reginal to say his mind i should pray for you oh reginal oh reginal oh reginal you can be so your emotions can be so arrested your your feelings your heart can be so gone you can't actually get proper focus on god to love him and to flow with him there are people sometimes you pray for you can see they are so stiff they are too conscious about themselves what people think about me oh if i pray now what if i fall they think there's a demon in me do you do you know there's one oh there's no one i'm afraid hallelujah oh you people make me preach and then we we have to pray it's a prayer meeting please rise to your feet i have to stop them preaching thank you for listening to this message by david entry the best thing that can happen to you is being exposed to the word of god to hear more from david entry follow him on facebook instagram tiktok twitter linkedin and subscribe to caris church on youtube you can also find more information about caris church and our upcoming services by visiting caris.org be blessed
