Preacher: Bro. Donnie Neal

[0 : 00] Well, I'll just move it down here like you're sending it. Yes. Everybody's saying, Jesus' name get fixed.

Hallelujah. Everybody in the church that wheeled tonight, now if there's any visitors, you're welcome to do this with us.

And if this is your first time here, you're welcome. Baptists, welcome. Methodists, welcome. Presbyterians, welcome. If we got any of those hard-headed Pentecostals, you're even welcome. I'm new.

I don't know who's here, who's members, who's not. I don't know too many people. That's just like that at home too. I don't know too many people, but I want you to do something for me for a second. I want everybody in the whole church to turn around and look at the person sitting right next to you, right square in the face. Doesn't matter if you know them or not. Look at them right now and say, Heidi. Now look at them again.

[1 : 10] I want you to say you're looking better than you did. Don't be lying. Don't be lying to some of y'all here in the house of God.

Now I want everybody to do this with me. I'm trying to see if we can get... The Bible's real definite about all his people getting in one mind and one accord.

I know I'm in a church, Bible-believing church that knows a lot about the Bible, so you know I'm telling the truth. The Bible says that we can get in one mind and one accord. And I just feel like we're having a great service, great singers, great musicians, great sound effects and everything. But I feel like we just may be lacking a little bit of one mind and one accord. I wonder if I can get everybody in the church to do this. Now see if you're old or young or ugly or pretty, you can all do this.

I want everybody that's pretty in the church to do this. One time I want you to wave your little finger. Come on, I'm looking for everybody in the congregation. I believe just about everybody that done it.

[2 : 13] So I won't have to ask any of the ugly folks to do it. Now I want everybody to say amen. Amen. Now all you Louisville people listening, say amen.

Amen. Say hallelujah. Hallelujah. Y'all say anything. Amen. Let's just enjoy the Lord tonight.

Now I want to say it again. Good spirit in here. Good service from last night. But let me tell you, for those of you that maybe you feel a little something. You know, we've been a person, but you feel a little something.

Is there anybody that feels just a little something in the background? The devil's mad from last night. I believe last night there was spirits going down Melrose Street on crutches, on walkers, black eyes, bloody noses.

I said, look out. And I believe they went to the boss and said, boss, we got whooped down there at Melrose Street last night.

[3 : 23] And I believe that the boss said, I'll go up there and check it out myself. So, brother Donnie, we just shouted our heads off. How can you feel? I'm just telling you, just a little somewhere back in the northeast corner, you can feel just a little the devil trying to hold down.

But let me tell you something, ladies and gentlemen. If we all plead the blood of Jesus, see, there's nothing the devil can do if we get a hold of the blood of Jesus. If he ever comes in contact with the blood, he'll be saved.

Some of y'all didn't hear me. That went plumb over your head. If the devil could come, if you're covered in the blood of Jesus, and he comes in contact with you, he has to get saved. He's not immune to the salvation power of Jesus.

How many of you in here is covered in the blood? Say amen. Did everybody that will with me say, Jesus, I plead your blood tonight. Cover me from head to toe. Cover my neighbor on both sides. And every visitor that's here. Now everybody says with me, And Satan, I rebuke you.

[4 : 30] No, I rebuke you. In the name of Jesus. Get in, get, get, get out. Give the Lord a hand clap tonight if you believe that.

I'm going to do it slow. I can't throw everything off just for a minute. I've made up my mind. I'll follow Jesus. And I'll say no to Jesus.

And I'll say no to Jesus. All of my ungodly lusts. And the world will say I'm crazy. And he'll pull at my will.

[5 : 56] But my destination is atop of Mount Zion's hill.

Who's going there with me? So I just made up my mind.

And I'll just follow Jesus. And I'll just...

I'm singing to somebody. Say no to... All of my ungodly love.

And the devil will scream I'm crazy. And he'll pull at my will.

[7 : 12] But my destination is to reach the top of my Alzheimer's hill.

Hallelujah. Now let's all lift up our hands and do that right now. Say, Lord, I make up my mind to follow you. Hallelujah. Lord, you're worthy. You're worthy.

Hallelujah. Hallelujah. Hallelujah. Hallelujah. Hallelujah. Oh, somebody lift up your hand and give him one more praise, would you, tonight?

Oh, he's Sunday. Hallelujah. Hallelujah. Hallelujah. Hallelujah. I wonder how many of you believe if you could just reach out and touch the hem of his garment.

Oh, you need. Now I know we're going to sing rock that doesn't roll and we're going to sing sea of Galilee if my throat will hold out. But right now I feel like going this way. Is that okay? If I was to miss God, y'all just pray for me a little bit.

[8 : 34] But I feel like going this way. If we could just reach out. Let me tell you why I'm going this way for it. God has shown me, just like last night, he came and said he was going to heal people. Everybody listen to me real quick. Listen to this. Listen.

If you don't hear nothing else to say, hear this. God has shown me some people have come tonight. I don't believe you were here last night. God has shown me there's some hurting people here tonight.

There's some people that come tonight and nobody knows the hell you've been through. Nobody knows the torment and the pain that you've, and I see it's not the devil that's inflicted it on some people here tonight, but church people and churches and preachers, some of God's own people. You know people can be cruel. Even Christians can be cruel. Who's with me? I feel it just as sure as I felt people needed to be healed last night. There's some people here tonight and inside you're, listen, you know I'm talking right to you, you're screaming for help.

You're screaming for relief. You've been seeking for something and you're just about to give up and thought you couldn't find it. And God has just lit on my shoulders and told me he's here tonight to meet your need.

[9 : 43] He's here to take away that pain and that hurt. Oh yes. He's here tonight to ease that burden off of you. There's no sense in you suffering any longer. Who's listening to me?

I need four or five good saints to lift up your hand and give God a praise. God wants to lighten your load tonight. Listen to me.

Somebody came tonight and you were thinking this on the way to church. If I'm wrong, I'll be wrong the rest of my life. You was on the way to church tonight saying, God, if I don't get help soon, if I don't find an answer soon, if you don't send relief soon, I'm going to quit.

I'm going to lose it. I'm going to lose everything in my mind. You know, I'm talking straight to you just like nobody else in this building, but me and you. God said he heard you and he's coming to your rescue, but you got to reach out for it tonight.

By faith, reach out and touch. If Jesus could come by, you know the story well, that woman couldn't get to him, couldn't touch none of him, but she got ahold of the hem of his garment. I would like for you to lift your hand and say, Lord, if I could just touch the hem of your garment.

[10 : 50] If I could but touch the hem of his garment.

If I could but touch one part of his robe. If I could but touch the hem of his garment.

If I could but touch one part of his robe.

Then I know I'd be healed. My sins are forgiven. How many of y'all believe that tonight?

If I could but touch him. I know I'd be. I feel the Holy Ghost. Listen. Well, a woman one day. Let the music go down just a little bit.

[12:08] So many physicians. But they could not heal her. So the Bible does say.

But she heard someone say. Here comes Jesus passing. And he reached out and touched her and healed her that.

I tell you, saints, the Holy Ghost is moving tonight. Oh, if I could but touch the hem of his garment.

If I could but touch one part of his robe. Then I know I'd be healed.

Come on, lift up your hands and let's give God a prayer. Woo! What if he walked by? And I believe he is right now. Would you reach out and just get a hold of the hem of his garment.

[13:10] Somebody praise him. Get a hold of him. Oh, if I could but touch the hem of his garment.

If I could but touch one part of his robe. And I know I'd be healed.

And I know I'd be healed. My sins are forgiven. If I could but touch him, I know I'd be whole.

But Jesus came by. And I know I'd be healed. Now blind Barnabas said. By the wayside of begging.

Nobody could help him on life's dreary way.

But Jesus came by. But Jesus came by. And saw his problem. And he reached out and touched him.

[14:18] And he saw that day. Yes, he did. Yes, he did. Oh, if I could but touch. Come on, do it, say. Reach out and touch the hem of his garment.

If I could but touch one part of his robe. Then I know I'd be healed.

My sins are forgiven. If I could but touch him. I know I'd be whole. A woman one day.

I like your story in the Bible. She saw many physicians. But they could not heal her. So the Bible does say.

But she heard someone say. That Jesus was passing. She reached out and touched him.

[15:29] And she's healed that day. Oh, I love it. Come on. If I could but touch. The hem of his garment.

And she made it through. If I could but touch one part of his road, then I know I'd be healed.

My sins are forgiven. If I could but touch him, I know I'd be whole.

Come on and give Jesus a great big mighty. Come on. Give him a royal welcome tonight. Oh, it sure doesn't feel good in this place.

Let's just pray tomorrow. We're about to sing. My voice is going, but we're going to let her go. I can't think of a better way to lose it than singing, shouting, and preaching. God bless these ones that's been a praying.

[16:51] But I still feel like there's others. Hallelujah. Let's all get in and join the Lord and just enjoy him and just have a big, wonderful time. Amen.

Amen. Yeah, I believe it's loosening up. I believe my vocal cords is loosening up. Amen. Hallelujah. Hallelujah.

Hallelujah. Woo. Yeah, yeah, yeah, yeah, yeah, yeah. Woo. I wonder how many of y'all can say that. Yeah, yeah, yeah, yeah, yeah. Boy, y'all will.

Y'all say anything. Yeah. Well, well, well, well, well, well, well.

Let's try a little bit of this. One time I had some fishermen.

[17:49] I had them scared half to death. They cried, master. They cried, master.

Could you make the stormy sea rest? Jesus paid me no attention. Jesus paid me no attention. To all my wild waves of wrath.

He didn't even care. He stretched his hand out over me. He said, hey, Galilee, relax and rest.

What could I do? Yeah. I am the sea. The sea of blue Galilee.

Don't you know, don't you know, don't you know I've been blessed. King Jesus walked on top of me. Yeah, he did.

[18:56] Yeah, he did. Yeah, he did. Yeah, he did. Even all my little bitty fish Got drunk, had torched, and shattered with glee They said, I thank God we live In the sea of blue Galilee Come on and pray God And pray God guitar solo guitar solo

I heard them scream out, Master, oh, could you make the storm a sea rest? But Jesus paid me no attention while I was showing off all of my wrath.

You know what? He started walking on top of me. He said, hey, Galilee, you better rest. What could I do?

What could you ever see? The sea of the blue Galilee? Don't you know, don't you know, don't you know I've been blessed?

King Jesus walked on top of me. Yeah, he did. Yeah, he did. Yeah, he did. Even all of my little bitty fish got drunk at church and shattered with glee.

[21 : 35] They said, man, thank God we live in the sea of blue Galilee.

I'm going to tell you all a true story.

This is in the Bible. Well, once the devil was an angel, lots of power and lots of might.

But the Lord wanted honor, so the devil started to fight. He took a little group. He started to rebel.

The Lord just moved his throne and then created hell.

Well, the devil thought he's smart when he got kicked out above. He stole some songs of joy. He stole some songs of love. He took a little note and a rock and roll beat.

[22 : 57] He's got the world bowing down at his feet. But that wasn't the end. Last chapter.

Well, when the devil fell, he did not take them all. There was a church he hadn't heard about. Before the fall, there's a song about the bride.

One and all who's got their feet on the rock. And their name is on the rock. Yeah! I've got my feet on the rock.

My name written on the road. I'm going on for Jesus. Don't matter how far goes. I've got a made up mind to leave this world behind. And that's why I like to rock.

And I like to roll. I've got my feet on the rock. And I like to roll. I've got my feet on the rock. I've got my feet on the rock. My name is on the road. I'm going on for Jesus. I'm going to keep going. I've got a made up mind to leave this world behind.

[24 : 06] That's why I like to rock. And I like to roll. And I like to rock.

I'm running over Jesus I'm going to go on I got a mate of mine To leave this world behind That's why I like to rock And I like to rock One more time I've got my feet on the rock My name on the road I'm going over Jesus I'm going on I got a mate of mine To leave this world behind That's why I like to rock And I like to rock Come on!

How many of you got your feet on the rock tonight? How many of you want your name on the road book? You know, to the world we look silly tonight We're acting crazy and wild and everything But there's coming a day when there's going to be a roll call And he's going to call out your names And if your name's on there, you're going to go And ain't nothing you can do to change this If your name's not on there, you're not going to go But you can get down and fall on you And you can say, Lord, be my Savior Because I want you to put my name on the road Everybody say, my feet's on the rock And my name's on the road Do we have a problem with our music?

Is something wrong with the band? Yeah, what is it? Your guitar is on there Oh All right He said, what's wrong, brother?

Been something wrong with music? And I said, yeah He said, what is it? I said, your guitar's not loud enough See, most police say, won't you turn it down Hold it down But we're in Louisville now, amen We got more devils up here than you can shake a stick at We need some good old holy ghost music Drive the devil Come on back Over across the river to Indiana Or somewhere else anyway I look at this world around me Full of confusion and a bunch of bad news Then I think about my Jesus I wish I would love them now with you

[27 : 08] Yeah, tell you the truth Sweet home new city now Lord, I'm coming home to you Sweet home new city now I hope I get there pretty soon Yeah, dude Now I remember September 11th All the big old buildings Started falling down Then I started to get a little worried But I started looking up But I started looking up

But stopped looking down Yeah, and you know what I found Sweet home new city now Lord, I'm coming home to you Sweet home new city now I hope I get there pretty soon I hope I get there pretty soon Yeah, dude Yeah, yeah, dude My sweet home Sweet home Sweet home new city now Going home, home, home Going home, home Going home to that new city now I'm going home I got a home Are you going?

Who's on the going home? Is anybody going? Is anybody here going? I'm going, going to my To my home, home To my home To my home, home, home I'm a going I'm a going, going home Going, going home I'm a going, going, going, going I'm a going, going, going I'm a going, going, going

Sweet home new city now Lord, I'm a coming home to you Sweet home new city now He's been filling in for us While Brother Jason's been on But he's sick He went outside Is he able to get back in here?

Yes, if he is I want him to play a number Will you see these folks here They come all the way over Across the great big muddy water Over here To get over here The Canaan's land to see There's another picker here somewhere But he's out sick It's a drummer It's a drummer Yes But he's sick He stayed up all night last night And out in the rain All day long today Has not been to sleep Since sometime yesterday See when They thought they had to go fishing When you're younger You'll do stuff like that But when you get older Amen, brother You got that right They're cleaning up mess Let's turn it way down We're going to do country Well, somebody wants us to sing this When we do a little bit of We've done a little blues gospel

[31 : 38] We've done a little bluegrass gospel earlier And then we just did some contemporary gospel Now we do a little country gospel song Give you all time to just We'll wait for you to come back in Song I sang last night Somebody's asked for it again Wait just a minute Oh, wait If this young man will leave you For a couple songs here You know, we'll be preaching that thing He is He's sick Bro, a boomer feeling that Gee All right, change of plans Well You know the devil don't like What's going on around here Amen Well The devil don't like What's going on around here The devil don't like What's going on around here But we don't care What the devil don't like We don't want to be here Anyhow The devil don't like What's going on around here The devil don't like

This music around here The devil don't like This music around here But we don't care What the devil don't like We're gonna play it anyhow The devil don't like this music round here Well, the devil don't like Piano playing around here The devil don't like Piano playing around here No, he don't But we don't care What the devil don't like Just gonna play it anyhow The devil don't like Piano playing around here Now put something on him right there Well, the devil don't like no bass guitar here.

The devil don't like old bass picking around here. But we don't care what the devil don't like.

Brother's going to play the bass anyhow. The devil don't like no bass guitar around here.

Well, the devil don't like no young guitar pickers here. The devil don't like them young guitar pickers here. But we don't care what the devil don't like.

The young'e's going to play it anyhow. The devil don't like no young guitar pickers here. Give the devil a black eye, brother. The devil don't like no drum playing around here.

[34 : 27] The devil don't like no drum playing around here. The devil don't like no young guitar pickers here.

The devil don't like no young guitar pickers here. The devil don't like no drum playing around here. But we don't care what the devil don't like. Brother's going to play the drums anyhow.

The devil don't like no drum playing around here. The devil don't like no drum playing around here. The devil don't like no drum playing around here.

The devil don't like no drum playing around here. The devil don't like no drum playing around here.

The devil don't like no drum playing around here. The devil don't like no drum playing around here.

The devil don't like no drum playing around here.

[35 : 46] The devil don't like no drum playing around here. The devil don't like no drum playing around here. But we don't care what the devil don't like.

We're going to have church anyhow. The devil don't want us having church around here. The devil don't like no drum playing around here.

Well, once I was a sinner, I was living all alone. Didn't have a church I could call my own. Heard somebody talking about a crux of five ways.

Just in the middle of the night. But I need you, Lord Jesus. I need you, Lord Jesus. Well, I need you, I need you, I need you down in my heart.

Yes, I need you, Jesus. I need you, Lord Jesus. I need you, Lord Jesus. Won't you come down in my heart?

[36 : 49] I ran up to the altar, fell down on my knees. Said, I need you, Jesus. Won't you help me, please? But it calmed down and I felt the mighty power. I've been changed ever since that night.

I need you, Lord Jesus. I need you, Lord Jesus. Well, I need you, I need you, I need you down in my heart.

I need you, Jesus. I need you, Lord Jesus. I need you, Jesus. Won't you come down in my heart? I need you, Jesus.

there. Does anybody used to get a little toke and feel a buzz?

[63 : 17] Does anybody understand me tonight? Now, some of you real holy-filled people that ain't never done no wrong, you won't understand, Brother Donnie. But those of you that do, is there anybody that's ever had that little buzz in there?

Tell anybody. Come on. It's an escape. It's an escape. But when the buzz leaves, guess what? Another day. But this Holy Ghost won't leave you. This power won't leave you.

Man, this stuff I got is industrial strength. Make room for him. Look out, somebody. He knows what I'm talking about. Let's give Jesus a big hand clap of praise.

The Lord's cleaning house.

[64 : 39] The Lord's cleaning house. The Lord's cleaning us up. It takes a real woman to come up and want to get cleaned up.

Somebody, Brother Dime, won't you do something? I am. I'm getting out of the way and letting the Holy Ghost. Well, he don't need me. He knocked me out of the way. Let the Holy Ghost move. Big time preachers.

Where'd Brother Ben go? Big time preachers call this dead time. They don't believe we'll have any dead time. This is the livest we've been. Oh, I wish my wife could have been here.

She wouldn't say much. The biggest drug dealer in five counties down there. There ain't no story. She was. Run from them helicopters, not laid out in them muddy fields when they was trying to find her, the dog sniffing after.

She tell you stories, make your hair stand on end. Unbelievable. Never used it, just sold it. Made thousands and thousands and thousands of dollars. Owned many homes, many cars.

[65 : 44] My God Almighty. Lived for the devil, lived like the devil. She whipped more men than she ever whipped women. Barroom brawler.

Now for five years she's been saved and filled with the Holy Ghost. You know what she tells me? Every time we come out of a good Holy Ghost service like this, she said, I never felt nothing like this before.

Never had the peace I got now. Used to have all the money. Had to sleep with one eye open.

Wondering when one of your friends is going to turn you in. Wondering if the next knock on the door was going to be the man coming to get you.

Anybody ever live like that here? I know some of y'all so holy, you ain't never done nothing. But I got to preach to all the rest of us. I'll leave it alone.

Well, I ain't never smoked no dope, Brother Donnie. Keep preaching. I ain't never took a drink, Brother Donnie. Keep preaching. Hallelujah. I ain't never done none of that. You ever fooled around with another man or woman?

[66 : 51] You ever been unfaithful? You ever stole either? I'm trying to let you know, we all have sinned and come short of the glory of God. There ain't nobody perfect in this place.

There ain't no perfect people in here. I wish George Jones was here tonight.

Because he's got a song I like that says, The only difference between sinners and saints, one is forgiven and the other one ain't. That's the only difference.

Now, I'm not belittling the blood. Listen, I'm preaching my sermon tonight. I'm not belittling the blood of Jesus and it's better to be saved than not saved. It's this simple. Let me preach the simplest sermon to ever be in. If you're saved, you're going to heaven.

If you're not, you're going to hell. End of the story. It's that simple. Now, what do you want? So, I've heard people say, I met a man down in Wichita Falls, Texas.

[67 : 58] He was a Mexican guy named Natito Alegria. And God Almighty, folks, he was mean. Oh, God, he was mean. And he said, I ain't afraid of hell because when I go there, he said, I'm so mean, I'll be the devil's helper.

So, I'm not afraid of hell. I said, buddy, when you get to hell, you're going to look like a little Sunday school teacher. I don't care how big, how bad, how gross you think you are, however I've been.

But when you meet the devil, you're going to know you are nothing. So, I'm not belittling the blood of Jesus.

It's better to be saved. But I don't like when people get saved. I don't like it when drunks get saved and dopeheads get saved and prostitutes get saved. And they get in church for about a year and all of a sudden they hold in person.

And another, you let a drunk get saved for about a year in church and another drunk come in the door and they'll move on the other side of church. They can't sit over there by them. That's one of them old alcoholics. What was you a year ago?

[68 : 58] Now you're worse than alcoholic. Now you're a hypocrite. Hypocrite's worse than alcoholic. Oh, I better quit preaching. Y'all take my offering back.

I'm for Christians. I'm for church. I've been doing this for 30 years. But I don't like people starting acting like them Christians like you. Sometimes we should come big thunderstorms, just drown some of them.

I've been preaching for 30 years. I've been in 28 states. Two foreign countries. Can y'all hear me preaching? I can't stop and let them go.

The most stuck up people I ever met were in church. I've been out on the street preaching to meet a drunk. He goes, offer me money.

Preach. You know, good. I like preach. I like church. Friendly. I met church people stuck up. Y'all think I'm against church if I keep going. I don't want to ever leave church.

[70 : 00] I don't want to ever backslide. I don't want to ever be a whoremonger again. I don't ever want to be out there in the world singing in beer joints ever again. I've been there and done it. But, I'm not going to forget that if it wasn't for the mercy of Jesus, if it wasn't for I just had to fall.

I ain't no better than anybody out there tonight. Down at the Lucky Tavern on Main Street. Or when I was a kid growing up on Market Street down at 24th, 25th Market was the Pink Elephant.

Or when I was born and raised at 9th and Market Street, it was Ox Beer Joint. God Almighty. God Almighty. That preacher sure doesn't know where all them beer joints are.

Yep. Bobby Dale. Well, ain't this good? This is what God said he was going to do.

Now, if I understand it, when service started, I said somebody was here needed relief with her mind and all this, but she wasn't even here when it started.

[71 : 14] Well, I guess that still counts. Oh, this is a good revival. I don't know what to say.

It's one of them nights when you can preach on a shoehorn and it'll be all right. Let's strive to be a church that the Holy Ghost can move like this, but we don't ever forget who's out there needing help.

There's people out there tonight, saints. They just love to find something like this. They love to.

There's people who spend \$200 tonight trying to get a thrill.

Let's just lift our hands and thank God tonight, would you?

Let's just thank you. Just love him in your own way, however you feel comfortable. Say, Jesus, I love you. I appreciate what I feel here tonight.

[72 : 29] You just tell him in your way. He understands you. Keep praising. Let me listen to you while I say this. Keep praising. There's not a person in this building night God don't love.

There's not one person in this building night that Jesus hates. There's not one person there he's got anything against. Every man, woman, boy, and girl, he don't have anything against anybody.

Brother Donnie, you don't know who's here.

I still say it. Ain't nobody here tonight. God's never give up on you. God's never looked the other way and said, well, they're hopeless. Never done it. He's never done it.

Hallelujah. I love it. I love serving God. I love serving God. I love serving God. What is that?

What song is that? Oh. Yeah.

[73 : 39] Sounds good. We're just lingering for a second, letting the Lord get on doing his work. We. I've always found best when God starts doing this, just let him do it.

Give it all. Give it all to Jesus.

I don't know if I wish I did. Hum, hum. I can hum. Hum, hum, hum. Give it all.

Give it all. Give it all. Give it all to Jesus. And we'll turn your sorrow into joy.

My voice changed. Y'all notice that? Let's do that one more time. Give it all. Give it all. Give it all.

Give it all. Give it all to Jesus.

[74 : 48] And hearts and broken families. Broken home. Now everybody say, everybody say.

Give it all. Give it all. Give it all. Give it all. Give it all to Jesus. And. And he will turn your sorrow into joy.

Now let's give Jesus a hand clap for all he's done here tonight. Give him a big, wonderful hand. You know what?

She don't even look the same. She did when she came in. She don't even look the same. She don't even look the same. Hallelujah.

It's been a wonderful, wonderful revival. I hope it goes on for 18 more months. Oh, I thought y'all might get mad. Be sick.

[75 : 54] That's like the Brownsville revival or something broke loose. It started in Brownsville. And I have a friend named John Frost in Murfreesboro, Tennessee. Church of God of Prophecy.

They had a revival. And it started two years ago. And they're still going. For two years now. They've had four churches branch off now and started four different churches. That's helping them.

But four pastors in that church went out and started churches from that revival. And John Frost, my friend, is one of them. He's got his own church now in Smyrna, Tennessee. From that revival. So God, they're going to tell folks what's going to happen here.

Which way y'all going to go with the walls? Where are you going to build to? What are you going to do? What? Need to build a new church and we got the money. The bad news is it's still in y'all's pockets, he said.

I like it. Now what we got to do is, if we prayed up, what we need to do is pray God puts Holy Ghost conviction on some doctor, lawyer, rich man.

[76 : 57] Come in here and say, oh, y'all need to do church while here. Some of y'all look like hoot owls on the fence. You don't even believe me. I believe in that. I believe in that.

See, I worked for a few years with a man named Brother Dave. And I learned to believe that stuff.

We went driving down the road. Now I can tell you how I do this, but I've seen it work. He said, Brother Donnie, come from Kentucky down to Florida. Help me, I'm going to start a church.

Meet me in Ocala, Florida. I got down to Ocala, Florida and got in the car and I said, where's your church? He said, I don't know yet. We went to drive. I thought, my God, I ain't got no money and I done drove all the way from Livermore, Kentucky.

We're driving down the road, went out towards Silver Spring Shores. Anybody ever been to Silver Spring, Florida? Got out there and he went, oh, grab the steering wheel shirt. I said, what's wrong? He said, God said, we're going to build a church here.

[77 : 56] I said, Brother Dave, I thought you had one for a call. You know what I was doing? I was scared of death. I thought if I had the money, I'd go back home, but God was teaching me. Yeah. Yeah. Yeah. And he said, I brought \$4,000 with me.

We went and found a storefront. We went to the funeral home, bought some folding chairs. I thought he'd lost his mind, but God was teaching me. I never forget the night we opened it up and had four people.

he got up and said I'm going to believe God tonight for a thousand dollars in offering I thought that old commercial I used to watch cuckoo for cocoa puffs I'll tell y'all the truth third night of the revival running eight or ten at night a lady walked in named Sister Pat Johnson my dear friend to this day dear personal friend to me and my family husband was an author wrote many books and he died about a year before she walked in the church that night she looked like sad sack remember that old comic book now I'm so amazed she looked like that little droopy dog used to be on a cartoon said hooray, hooray she couldn't smile and I thought what did she even come for but boy she was so miserable had lost her children had lost her husband all she had was a bunch of money she come in that night and Brother Dave preached a message

I never will forget it and I can see that woman's countenance changing right there in that service y'all know what's coming don't you and at the end of the service she come up and said oh my life was miserable and she said I come in here with the weight of the world she said I have money I have everything I need house in Oklahoma Florida on Lake Weir I'm talking about and I got a home down in Bellevue Florida I got a home over in Sanford Florida she said and I'm miserable but said I felt something tonight just lift off me she said I feel so happy what do y'all need but they said I need a church she said I'll sell my house down on Lake Weir I'll sell that house it's only worth \$150,000 but we'll sell it and we'll build you a church you know what I got to be associate pastor in that church that's see I wasn't just fun and I'm talking about what I'm talking about and I can tell you on and on and on went to Sanford Florida started a church there today 250 people on five acres beautiful church you've ever seen 2200 square foot house we left it there

I'm talking about 250 shouting holy go like y'all doing in here went in there with nothing not a dime put up a big old tent but they put an ad in the Orlando sentinel paper that big spent every penny we had he said we out of money I mean I just kept staying scared constantly I'm from Livermore,

Kentucky you don't go to Florida ain't got money to get home on opening night I'm telling the truth put out 150 chairs biggest tent chair I've ever seen in your life but 150 chairs all we had one man come in the door one man I went in the house of Brother Dave we can't have church there's one man he said oh no he'd been doing this for 45, 50 years he said oh no we have church I went out there and got on the guitar I never will get it I live it right now I closed my eyes and started singing beating that guitar he's a rock that doesn't roll just me no music no help no nothing just me and my guitar I sang

[81 : 41] I kept my eyes shouted I jumped all over that platform hey and that man kept sitting there just writing I said let's everybody raise their hands and praise God I'm just hey he just kept me writing I said oh God's so wonderful here tonight isn't it great if God's outpouring I said now here's the man of the hour the speaker former RCA recording artist and Grand Ole Opry star preached all over the whole entire world here he is Brother Dave here he comes brother Dave come walking out of the he comes walking out the side of the church and I thought now he can get some of it one man out there I've been up there singing myself stupid and there's one man sitting there and he won't even do nothing but write Brother Dave got behind the microphone he said Brother Donnie come back to the guitar because I'm going to take up an offering I thought what

I'm telling a true story tonight I didn't make this up one bit some of y'all feeling the way I felt and you ain't even been there you're just embarrassing the story I got a stinking offering pan and passed the offering to one man I did and he didn't give nothing y'all thought I was going to say give a million dollars I went brother Dave got up if any of y'all knew him you know I'm doing just like he said open your Bibles he said we're going to have an outpouring of Holy Ghost power tonight sin convicting devil killing angels salt heaven bought

Holy Ghost slobber knocker tonight I'm sitting on the side thinking it's all over he preached like I've never heard in my life a lot of people don't like him but I've been in places with him I've never the things I've learned folks he preached the greatest sermon I believe I've never heard and I like John Hagee and I like Rob I never heard a sermon like he preached to that one man that man kept going when we got done let me go and cut to the chase when church was over I thought well I done did everything else he knows we're idiots I'll go shake his hand and I went over to shake his hand and said brother we're all so glad you came tonight brother Dave was standing behind me shaking in there I said what's your name he said I'm Bill so and so I'm the writer for the Orlando Sentinel I'm the reporter for the religious section I've seen that big ad y'all put up for Dave Rich former RCA recording and I wanted to come down here and see what a move of God was going on

I could just I visioned the next day paper idiots are in Sanford stay away we pulled out two chairs and sat down and talked for over an hour he was writing brother Dave telling him about how in 1972 he sat in a motel room with Merle Haggard and told him about the end of time in the Bible and Merle Haggard said just like in the Bible Merle Haggard said man Dave you make it sound like Jesus is coming tomorrow he said almost you make me get out and get saved but he said I got a goal I'm headed for he told a story about sitting in a coffee shop till three o'clock in the morning talking to Roy Orbison tears flowing down his cheeks telling him about Jesus talking about his first guitar picker he ever had in his first religious!

story after story I can tell you all of them and that man said well God bless y'all and he left and I didn't say another word we went on in the house and I went to my bedroom brother and we went to bed the next day you ought to have seen the article Holy Ghost powerhouse move of God has taken place in Sanford come early to get a seat I'm telling you a true story Dave Rich worldwide famous evangelist former RCA recording R.C.

[86 : 25] Grand Ole Opry Star is starting a new powerhouse move of God in Sanford Florida members are looking for members on and on he went Donnie left handed upside down backwards guitar picker as an associate pastor and mouthpiece and there's an article that big he took a picture of Brother Dave and the article that big the next night we didn't have enough seats in the tent hallelujah I'm telling you God can work my points to the story is somebody can walk in these doors and give you money to build a church I believe it and you already got more than one person so you're way ahead to where we was but I wish I could load you up on a bus and take you to that little church today 250 we built a beautiful church it'll seat about 300 there's 250 black and white people and they will shout woo they'll go till they ball passed out on the floor all because we started a service with one man who was a newspaper boy I learned some less that's how I can pastor where I'm at today and what

I'm going through today I don't know whether to preach or what I just feel so unnecessary right now this feels so unnecessary I feel so good I feel like God's done so much what can we do what do we do pastor I'll continue on hallelujah that revival in Sanford Florida I guess I'm talking to y'all listen I know why I'm on it because God's doing that same thing right here oh we went 42 and a half weeks of solid revival 40 I've never done that in my life I don't y'all think I'm anything it was new ground to me brother Dave has done it for years but we had a holy ghost breakthrough like never we saw demons come out of people devils cast out I've seen people some of y'all wouldn't even believe me I'll quit fooling with you saw people come in we'd have altar call to altars I saw brass knuckles marijuana cigarettes pornography switchblade knives in Orlando Florida there's some this Louisville is big but it ain't I'm from Orlando Florida we had brass knuckles left at the altar and pistols and knives and some pills we never didn't know what all it was left at the altar people were getting saved I don't mean kind of Jesus save me I mean they were getting turned upside down and around who's with me God's gonna do the same thing here I ain't just saying that I ain't just saying that I don't live that far away I wouldn't stemper and tell you a lie and this is my cousin he knows where I live but God's telling me to tell you that but let me tell you a secret I'm not telling you to do this I'm telling you what we done that's very possible to do that's very possible to do

God's doing something with me because I got my sermon I've had it for two nights y'all won't let me preach my sermon I'll take my if sermon and go somewhere else listen to this every Friday night from every for 42 and a half weeks every Friday night I thought I'd been in a message and I was God's gift to the preaching world I've been doing a long time then I went to help and brother day every Friday night we pray from midnight till six in the morning all night prayer meeting I never had done that before and I was a preacher I pastored a church I thought I knew what it meant to pray you know I thought I was going to bed and he would now lay me down to sleep pray Lord my soul keep if I got it all out and I did pray I had a prayer life our church prayed there but all night brother Dave said it's the breakthrough that caused it I'm just sharing something for some reason I don't know where the Holy Ghost is taking it but we got in there at midnight got that church started revival started but they said anybody wants to I'm praying all night I thought people didn't believe!

[91 : 05] about 20 about one o'clock he'd be like about 1 15 about two o'clock in the morning just me and brother Dave going I know many nights Jeremy I lay I lay on my knees and I say I tell y'all the truth it be about three in the morning I be going oh Jesus I already love you oh Jesus help me to linger help me to stay oh God break loose this revival and I think I can't take it I can't take it no more and I get up brother Dave said if you can't kneel walk if you can't walk lay down but don't go to sleep and if you got to walk outside and get up and boy I'd go to the bathroom and I'd go outside and I'd look see if that sun is coming up wouldn't come up I'd go back and oh God 3 30 in the morning I'd be oh God you're not terrible awful and the worst person if you fall if you stump your nose if you stumble and get down you're awful if you don't get back up you're wrong when you don't crawl back and the devil he gets you down he be keeping you down he be saying yeah everybody knew you'd do that they knew how you was everybody thought this was going to happen to you matter of fact even you knew it so where's

God now boy you knew what we thought you was and then you start crawling back everybody say the devil say everybody call you a fake they won't think you're real they won't believe you really got touched how many times does this make now you've tried to crawl back and see he right! there's a la la la la la that old serpent time I'm doing a I'd have some of y'all do that for me but you hit the person in the back of the head sitting in front of Christians have some long tongues they can lick a stamp on the envelope after it's done in the mailbox they can lick honey out of a jar from across the street Pentecostal people have the longest tongues of all Pentecostal people won't let you up Pentecostal people if you are going to fall Christian army is the only army in the world that buries the wounded think about what I said you be up shouting be with everybody you just like one of us you step down and fall one day they won't even talk to you how you doing brother this is a shotgun message it's just going everywhere somebody say you preach five more minutes you get on me

I'm trying for you we had a big old black sister and I'll tell you another thing you need some black folks in here you need to go out and recruit some I am in Sacramento Kentucky how many knows where that is my church was in Stringtown Kentucky who knows where that is it cut down on a little bit and I got black people going to my church y'all don't understand in that county there we ain't

even no black folks but I got them driving from Central City and Greenville but we had a black lady come in with us and she made me so ashamed she prayed from midnight till 6 o'clock in the morning never get up she must weigh 400 pounds I'm telling you thank you Jesus thank you Jesus oh thank you Jesus I thank you Jesus thank you thank you thank you Jesus thank you from 12 midnight till 6 in the morning sometimes I'd be going don't she know anything else but that wasn't important the thing was she had stamina so anyway sure ways to keep God moving is to have prayer and I'm not calling you all night prayer meeting don't smell brother man don't listen to him he's a plumb fool he's idiot but it's going to take prayer above and beyond what you used to I'm not trying to I'm just hearing what I've seen work what I know works and I knew brother man and I wasn't doubting him a bit but I knew brother man was telling me something but I didn't know it was like!

[96 : 01] something happening here folks I'm telling you and that's ain't my church and I wish it wasn't my church and I wish it you know and I hope I carry some of this with me but it's going to take prayer above and beyond the call of duty I know y'all pray in church a lot of churches don't pray as much as y'all do already don't get mad at me but it's going to take more than you've ever done before it's going to take some it might take some Friday night one hour prayer meetings or something I mean if you want to see a thing go from a really good revival to a knocked out move a move of God a crusade some of y'all going to start dealing you might get so big you can't stay on this lot anymore I ain't saying some stuff I ain't It's hitting me I get my truck going home and I say God are you sure you want me to say all that God said yeah I had you say it so number one it's going to take prayer like you've never prayed before number two

Holy Ghost give me a message number two it's going to take some fasting! Christians go well I don't care for a pretty good revival but now let's be real it's the last day people and I want you to know that right in this little area four blocks that away and four blocks that way if it goes I don't know how far it goes there's hundreds of sinners dying and headed to hell you ain't got them all yet you ain't reached them all what you got in here so it's gonna everybody say prayer look at your neighbor and say let's just start praying some more come on look it don't be scared it's gonna take fasting look at your neighbor and say let's start fasting a little more now some of y'all ain't fasted in 20 years you've only been a

Christian for 10 I try to tell my people home I have my men say well I work on a hard job I got some logging men and coal miners in my church and I tell them look you gotta look at it this way saints let me tell you something you can fast in many different ways now I'm not talking about cheating if you can fast 24 hours with nothing but water that's what you need to do but listen God has provisions God's got a brain he knows you need to work listen you can get up and find something you really love and say God today I'm doing without this I'm fasting this from you like coffee you get up and say Lord today 24 hours from now to in the morning I ain't drinking none of my coffee some of y'all would rather go without food some of y'all get up in the morning and crawl to the coffee pot your best friend is black and decker you can't wait to get in there and just get a hold of that coffee pot and you just smooch on and kiss it your husband don't get the tension in the coffee pot done somebody say amen oh me out say oh me out or something but there's ways you can do it fast fast for me

I learned this with brother Dave he'd go two weeks and not eat meat he'd eat everything but just not eat meat he'd go three weeks not eat bread he just always now I'm just as free please don't run me out of Louisville yet and I gotta go I gotta be I gotta get home tonight and go down to our Lions Club and set up 100 chairs and take down 20 tables and hook all of our instruments and PA system up so I can go to bed and get up for church in the morning but that don't matter I like what I'm feeling and I've been praying Lord let me take some of this home with me wish I could bottle it up but let me it's gonna take giving I have giving no not what it's gonna take to cut this thing loose it's gonna take sacrificial giving brother Van didn't pay me to say this this wasn't how things was gonna go let me share this I'm about done I started a church 21 months ago

I was driving down the road I said Lord if you want me to start a church in this area you gotta show me I done messed up too many times I wanna do what's right I wasn't a bad guy but sometimes I thought God said go this way and I take off running and found out God said go that way I drive down the road and I passed a little church hear me this is important and I pulled in a little old red brick church sitting in the middle of nowhere and I pulled in a parking lot and I thought what in the world I thought it crazy somebody crying out here in the middle of nowhere and God said listen now

listen I heard people crying and God said that's people that are crying for reality that's people that's seeds bride seeds that are crying I said Lord if you'll open these doors I'll get in here God opened the doors I met a lady that owned a building and I went and met her and she said it's been here since 1919

[101 : 32] Stringtown Pentecostal Church built 83 years ago y'all never really heard of Stringtown Pentecostal Church let me tell you there was two young boys that used to go to church there named Kenny and Ronnie Henson that's where they went to church and got started the PA system I've been using for 21 months they put it up you ever heard of the Henson family singers!

Stringtown Church gave them their first offering for a new set of tires and sent them to their first singing where they went out of town old brother Donnie was on his way up I went preaching on the radio we went to pray and we was having Friday night two and three hour prayer meetings we was fasting listen to me I'm trying to hurry and God started building first night we had 109 I had a revival three night revival with Steve McElvain my brother in law we had 112 126 and our record attendance was 129 God was healing cancers I was telling you last night about sister Debbie God was healing people's necks had these big things on her God was touching people left and right that was 21 months ago and today I'm running 80 to 85 regular full time members our Sunday morning offering is about \$1200 I'm not rich I put every penny into the church haven't yet received a salary but I'm about two for long are y'all hearing me bless my wife my wife's a trooper all of it happened through praying and fasting and those people had to give now everything's not always a bed of roses this ain't a gravy train with biscuit wheels about two months ago the very lady who gave me the building to use who said

I'll let you stay here for 25 years and I'll never charge you rent and never ask you to leave I kept preaching a little more got a little harder got a little into it got to showing Egypt the Canaan's land blood fire and water growing up in we got some started shouting dancing got about eight or ten teenagers at a holy ghost holy rollers hallelujah all of a sudden she didn't like it and guess what we were booted out of our church out of the building I thought oh god this can't be happening we fasted we prayed we held on but you know what I didn't lose anybody but that woman her husband one of the couple had 84 people and 80 of them went with me we're meeting at the Lions Club yeah I'm talking about I know what I'm talking about I'm living it I'm experiencing it I ain't lost what I'm on you so brother are you telling us what to do what to do and you're in the Lions Club yeah but let me tell you what's happening we're meeting in the

A good estimate of what's in this bucket right now is \$1,200. Now, if somebody were to help me,
just one minute.

Glory to God. I said that devil is a stinking liar. Now, forgive my math.

I went to Western Junior High School at 22nd and Main Street, and I went to Aaron's Trade High
School uptown, but I can't tell you real quick what was \$2,200 and \$1,200. \$3,300.

[122 : 38] Look out, walls. You're going down. Look out, walls. You're going down. Look out, walls.
