Preacher: Sis. Pat Neal

[illegible]

I was oh I've never owned a couch ever.

I've never bought a couch since 50. And I broke them and I busted them. I have to leave it hard, but I bought them. It's a couch. Gray, with the prettiest little pillow and bottle of liquor.

I was all in the gym with us and we did all that. I just got this couch and it was great and it was so great. And so I had to leave the market on my lunch for them and I said, I'm going to go and say, where's the house?

And they got to sit there and bring me the window and sit down and sit down and sit down and sit down and do it. I don't know. I don't know. I don't know. I don't know. I don't know if I was going to make a home open the door or not. So they found my caps that is delivering for me.

[3 : 35] So I go back home and I'm thinking, I can't wait until I get home in the evening and I can go to my couch. So I was playing her for the first. I made a couple of calls from the left board.

They're saying the river's coming apart while we saying them is saying the oh oh oh oh oh and we're both trying to know what to try again.

So we did all of that, and the people from the house, from the time that we started with it, I don't know how far they can, but from the side of their house, the water had already came up and it was all the way around the front of their house, and the 400 hours that we were there with them.

And I still have to take a whole bunch of things coming home. And I remember a little ago when I was trying to say, and by the hand that I was going to put the water in my house.

And when you learn how to do the things off, when we went into the house and looked, and the door, and the patient, and the water was up and had that high up on the door, and the patient, and the house, and I was probably 70 or 80 percent of myself, and I was like, I don't really know for sure.

[6 : 24] All I know, it was all the way, it was on center block, and it was all the way up past the center block, and that's completely away. And I was like, I don't know, I haven't had enough in it yet to go look, because I have just been innocent.

And I thought about it, and I didn't get me to resist the romance, because if you want for somebody, all you're giving them is just me so.

But when you did work, then it's coming from the spirit, from the soul, and it's man. You can't really know what they're going to tell, and what they're doing, so I know God had a purpose for me.

And I've been told all the time, so I was like, I'm having a son that has been saying, and now this is just a beauty, which is really neat to me right now. And I don't know if I'm laying there, and I've heard this, and I've helped me see strongly.

It's a power that's been me like, and I'm just so amazing to me. And I can't stand with that blood, and I can't stand all the time, and I'm stuck, and I haven't been talking to me, and my house has never gotten my house, and I'm just going to be telling you that we're going to like that, and we're going to realize we should have listened to all.

[7 : 46] We should have listened to the preacher when he was preaching. We should have listened to the police and had a word that we think is not hot. We should have listened to the preacher and had a good job.

And I'll put a job on. And I'll put a job on. And I'll put a job on. And I'll put a job on there. And I'll put a job on there. And I'll put a job on there.

And I'll put a job on there. And I'll put a job on there. And I'll put a job on there. And I'll put a job on there. And I'll put a job on there. And I'll put a job on there.

And I'll put a job on there. And I'll put a job on there. And I'll put a job on there. year Bush Bush Bush Bush It is written without someone freeing the board.

It's written without a lot of power. It's written without a lot of power. It's going to go back for minutes. It's going to have to have to have a reference done.

[9 : 13] It's going to be the problem. I've got a hard part because it's a big family. So nobody's always shares this. We might call you a little tool. We didn't have the plan for that.

So the first time Mr. Smith was in trouble, we went in there and said, okay, what do you want to eat? And I thought, what do I want to eat? I said, well, whatever y'all are going to have.

She said, no. Don't kill me. And Sister Ramona, that was one of the memories that I had because I was able to get my own meal.

My own meal. I was happy with them. I was happy with them. I was happy with them. I was happy with them. I was happy with them. I was happy with them. I was happy with them.

I was happy with them. I was happy with them. I was happy with them. I was happy with them. I was happy with them. I was happy with them. I was happy with them. I was happy with them.

[10 : 16] I want to raise this scripture because this is just what's in my heart.

We've got to know this thing for ourselves. You've got to get your area. You've got to get your money in. You've got to get your money in.

I've got it wrote down let me see what it says that should have had a big mark first tier one and six okay where are you guys so now for a season in ACQ are in through manifold temptation so listen to this the trial of your faith be a touch more precious and full in their innocence though it be tried with pride might be bound unto praise and honor and glory at the appearance of Jesus Christ so the trial of your faith the trials that we're going through I can't think we're seeing the devil fight for a fight for a crime and try to get this to stop try to get this to discourage try to get this to make people to make them crazy try to get this to make people something that nobody cares and it's just a lie it's not that matters because that's how the devil can get in and getting a hold of people and then when you get down and you get sick and you spend her so long the devil really starts running out because she's been had 10 shingles for four eight weeks she has outer shingles it's almost awful it looks like she's been burned all of her but now the outer shingles has been cleared but she still has inner shingles and it's some kind of a and I've set it up every time and it's something like TH1 it's some kind of a neurologic problem that has happened because the nerves got included

I guess that's how they say it in the middle of her shingles so now her brain is inspired all the time and she hurts constantly her burns she said if this way she can explain it is supposed to be like she's either a poker or she can't do it it feels like she's being a laker keeper and she's one of my senses and I just didn't question it and she'll get up all of everything that's been within and I look into her house and watch her phone and then I'm like that's the one that there was twice but I know the Bible says that's greater you didn't get into and he didn't get into so the hell can't keep coming oh no what's the best thing that we did y'all talking about first day in it we gotta look at the unseen we gotta look at the unseen we gotta look at what we're seeking and know that big sense we gotta know what this is in order to make it during this time we gotta look at the unseen you know the Bible says the good that I would do is that I do thought the good that I would not do is that what I do and all half of us are in that place the good that we would do we almost got a reason for nothing to destroy them but if that did I would not do there I go

I'm good you sure don't get any that's not a plan I write on nothing but the problem is is that we can overcome and listen it don't have to be me don't be saying it don't have to be you pull out good drugs or you pull out taking so I don't wait to hear whatever and however you take in it however you take it you don't have to be that listen you can be standing for some of us for him they know us and do us and do us and do us and do us and do us and do us and do us and do us and do you feel like oh and we're going to something because your heart felt that maybe you said oh that was just me right or or or now you'll be like or if you're later there were some that will always let you forget it and you're supposed to do it or if you feel like one over a place or somebody can use your service oh my god and you're supposed to do it because somebody else will look you're standing so God's put that same head and back and you're supposed to do it and you're supposed to do it and that's how you feel and it's a how many of you and you're missing it so when I just the big things which I don't it'll be like so much comparison going on one you know we're all and there are no comparison you know you know you know you know you know you know all and it's going to hell all and so we need to get right up according to this and we're hurting you know you can't line up to this and we can't get lined up to this watch out to hell here you know watch out to hell and we've had a y'all we've had a we've had a big rally don't say don't say don't say the only thing in the hour in the hour that we say not some of y'all

I know some of y'all I don't know I don't know she's not going is she okay I think I don't know you're going to I don't know you're going to you guys give me your hand I don't like this today when everybody I was looking at the game when you get closer when you have more nays left behind you than the nays you got in front you you look at things like that a whole lot different you don't want to fix your to buy the paper red you don't want to make sure you don't want to borrow my top down the door I'm sorry I'm sorry I'm sorry I'm sorry I'm sorry

[20 : 21] I'm sorry I'm sorry I'm sorry I'm sorry I'm sorry I'm sorry Okay. oh oh oh

He said, for any of those things which are behind. So what you did is from this time forward, for any of those things that are behind, I'm ready to move on to the bottom.

That's what I hold. From this time forward, it was for the day. So what's I do for it? So what's your day to do? Don't you feel that? Don't you feel that? Don't you feel that?

Don't you feel that? I said, from this time forward, he thinks it's what you think. Okay. Okay. Okay. Okay.

So, God has become a little little longer. He's going to have to overload you in a heartbeat. He's going to tell me, don't tell me, don't tell me. Don't let it go with your kids and your kids all over you.

[31 : 24] Because God said he's going to teach you a bunch. In order for you to share the teaching, you will just tell them a bunch of others. And God said he loves you. He goes to take you one of his children.

He's not called the Edna Hall. He's not called the Edna Hall. God said he's calling.

He's calling. He's calling. He's calling. He's calling. He's calling.

He's calling. He's calling. He's calling.

[33 : 06] That's not a lot of you! That's a good person! It's like everything you know is working out. It's important to go after a lot of education.

It's a bit more important. The whole owner needs your own little garden and can't edit these objects like a brick brick. It's not going to change.

It's not going to change. They always change the books! They always change the books! They always change the books! They always change the books! They always change books!

They always change books! They always change books! They always change books! They always change books! They always change books! They always change books!

They always change books! They always change books! They always change books! They always change books! oh Thank you.
