Preacher: Bro. Larry Saylor

[0 : 0 0] My, my, my, my. Don't you sense him here today? No, no, no. You know, I'm going to say this, and then this is the last time I'm going to say it.

God dealt with me while I was involved with the... All right, thank you. While in the meeting in Hamilton with Karen, God spoke a word to me, and the word that he spoke to me is rudder.

Y'all know what a rudder is, don't you? Rudder. Thank you. It steers the ship. It's a unique thing about that rudder is you can take a ship that's three football fields long with enough diesel motors in it to run 18 diesel trucks, and the only thing necessary to guide that thing where it's going is that little rudder down at the base of that ship.

You ain't hearing me this morning. God told me, he said, son, he said, your tongue's your rudder. You ain't steering where you're going, or you're not leading where you're going.

It just steers you where I'm directing you. James 2 says that the wind and the sea drive you, but the rudder determines the direction. Did you hear me this morning?

[1 : 2 4] And I'm going to say this. It's... And I'm not going to say it no more. I know that this thing isn't about feelings, and that if we just go on feelings, that we're headed for fatal action and fatal problems.

But the truth of the matter is, is I wouldn't have an experience that I couldn't feel. That you scare me to death. I've heard that told to me.

I remember when we became socially accepted, and I'm glad that Pentecost has come from the backwoods, across the railroad track, from the little shanty places where nobody would go from under the brush harbors to where now that we're in the forefront, and it looks like that we're going to be involved in leading this last move of God.

But the truth of the matter is, is honey, there is something about this. I'm glad that we've got a God that'll show up, and in the human nature of His creation, He will allow us to feel and know His presence.

Hello, do you understand me? I've been beat up by it's more than a feeling, all I'm going to be beat up. I'm telling you, sometimes it's all you've got is a feeling. Hello, gosh, hello.

[2 : 4 3] And y'all, you know, my, my Jesus. Hallelujah. I want you to give me your undivided attention this morning.

I hope everyone has a Bible. If you don't have a Bible, I want you to get beside someone who has a Bible. I want you to turn to Isaiah, the 59th chapter. And can I get somebody to get me just a little bit of water?

Isaiah 59 and 60. And I want to, if I, I, I'm going to share a definite word that God has put in my heart.

I, I don't know that this may be that if you hear me preach again later this year, I may be preaching this yet because I believe that God's given me something that, that is, is for now time.

Amen. Hallelujah. How many know we, we're in desperate need of a now time. Ain't nobody else here. Judy, I'm in desperate need of a now time.

[3 : 48] I've, I've heard all of what's coming. I'm ready for now. Hello. Hallelujah. Hallelujah. Now is a, it is a present tense, uh, adjective and pronoun.

It means that it's a now. I'm ready for now. I, I, I, hello. This morning, uh, Judy, I'm ready. I, or Jackie, I'm ready for a now time.

I'm ready for a now healing. I'm ready for a now experience. I'm ready for a now face to face experience. I'm ready now for God, not just to know he's in the room.

I'm ready now for God to let me see as much of him as I can contain. I'm ready for God, not just to slip his foot from underneath the veil. I'm ready for God to step from behind that thing and reach not only his hand out of there, but to reach out of there with his presence and say, I'm going to touch you as you've never been touched.

Hello. I'm ready for a now. I'm ready now for my children to step up and take hold of the mic and preach the word that God has put in my family. I'm ready now for the children of your house to come back to the Lord and Savior that God gave you through them.

[4 : 58] I'm ready now for the cities to begin to close the bars and begin to make church houses out. I'm ready now for an outpouring of the Holy Ghost that's beyond what human beings have known.

I'm ready now for God to close the hospitals and cause the things that they said they couldn't be to be. I'm ready now. How about you? I'm ready now.

I'm ready now. It's unique to me that when Josiah came into leadership in Chronicles, he came at the worst opportune time.

Josiah is listed in the great kings of the lineage. As a matter of fact, Josiah is listed in the lineage of Jesus Christ. Do you know that? Even when you read in Matthew chapter 1, it says there are three 14-year generations.

Hallelujah. I think I may have shared this. But anyway, Josiah comes into leadership. Israel is at the worst place it could be. It is at a horrible situation.

[6 : 08] They're not only worshiping God, they're worshiping every God. They've took the temple that was consecrated, dedicated by the presence of God. Hear me, hear me. That God dwelled in that temple.

His ark set there, Floella. It just wasn't God just showed up on Sunday. But God's presence could be seen in that temple 24-7. It didn't matter if you went in at 2 o'clock in the morning on Tuesday or it was 2 o'clock in the afternoon on Wednesday.

God was there. And they had taken the temple of God where his presence was and desecrated it with every other God and immorality and everything. He comes into leadership and God says, Son, here's your destiny.

I want you to clean up the house of God. I want you to destroy the houses of idolatry. And I want you to take care of my house. And Josiah goes and he confronts the people.

Man, I mean, he confronts them with the word of God. Says, here's the deal. You're either going to answer to God, you're going to answer now, you'll answer in his judgment. And he faces them off. You know the story probably.

[7 : 13] But I like what he says in 2 Chronicles. I think it's 35. He says to them, he says, Now that we've fixed the temple, they've rebuilt the altar. Hallelujah. Hallelujah.

I've come maybe this morning not to preach a whole lot to you, but maybe to help you to get the stones in place that you might rebuild the altar. Folks, everything that God's going to do is always going to start at the altar.

It's at that cross where Calvary dwells. It is that place. Maybe it's just that. They rebuild that altar. They clean the temple up. And Josiah orders the priest. He says, now go get the furniture and bring it in.

And finally he looks at the Levitical priesthood. And he says, now boys, you're the only ones that can carry this thing at this particular moment. But Josiah knows that somewhere in the generations that's beyond him, there's going to come one out of the tribe of Judah, who's going to be the lion of Judah.

Amen. That's going to breach the Levitical priesthood and bring a tribe of people in that they ain't Levites, but they're of the tribe of Judah. They're of that tribe that knows how to worship God.

[8 : 23] He says, boys, you priests, now go get the ark. You didn't hear me. He looked at them, and I think it's in verse 3 or 4 in 2 Chronicles there, 34, 35, somewhere in there.

He looks at them and he says, now go get the ark. And now let us worship God. Do you understand what he had?

What we've had in the past, God, I sense my God in this house. What we had in the past is pale in comparison because there's come a new word.

What's the word? It's now. Now. Does that make any sense to you this morning? Y'all all right? Are y'all just sleepy, cold, froze, what?

Hello? Mmm. I want to preach to you this morning, if I can, on the shadow of his presence.

[9 : 25] The shadow of his presence. God, I love it. Every time I say that, I feel that shadow move over me that much more.

Help me, God. Isaiah 59, verse number 1. Isaiah's prophesying here to Israel.

He says, Behold, the hand of the Lord is not sure. Turn and look to somebody and say, God's hand can reach it. No, no. Say it to them.

God's hand can reach it. You ain't got it yet. Say it again. God's hand can reach it. But you don't understand, Brother Larry, they're addicted. They're in divorce.

They're in adultery. They have failed in every way. They were saved. But you don't. Now they're living for the devil. I've come to tell you, God's hand can reach them.

[10 : 27] I've come to refute the lie of the enemy. God's hand is able, even in you. I've come to tell you, that the Lord my God, his hand is still reaching into the quagmire of humanity.

Will you do this with me?

I know last night I told you not to try to get, you know, that I wasn't going to give you mine. But will you do this with me? Just grab hold and go with me. I don't care whether you're able to run there. Just get a hold.

I believe I've got enough to take us all where he is this morning. But I'm telling you that God wants to change the church. He wants to change your encounter. He wants to change the atmosphere of America.

But we can't, he can't do it unless we get a hold of a truth. Isaiah 59. Let me finish reading. Isaiah says, that it cannot save.

[11 : 27] Nor his ear heavy, that it cannot hear. Turn and look at somebody and say, God hears. Say it again. Say, God hears. Now say, God hears me.

I love that. I love it. Isaiah, here he is, this prophet. And when you read about him in chapter 6, that's where he comes into view and he starts telling the truth about his life.

His cousin Uzziah dies. Uzziah was the most proudful king in all of the land. And in that day when pride died, Isaiah had an encounter with God.

I've come to tell you this morning that when you're ready to have an encounter with God, the first thing that's going to die in you is pride. Catherine Kuhlman said this in one of her meetings.

She said, sometimes to have the miraculous, you've got to do the ridiculous. Hello, Naaman, you've got leprosy. The man of God has said to you, go dip yourself in that river called Jordan.

[12 : 26] Naaman said, oh no, I can't do that. That's a cesspool. That idiot that's done, lost his mind. Huh? Hello. If God were to so move on me this morning, I'd come over and tap you and say, God told me to tell you to run once around the block.

You know, you'd sit, yeah, you know it's snowing. I got on high heel shoes. Are you crazy? You know what? But I've come to the conclusion, it's not important for me to preach to you.

It's not even important for me to dance. But when God says do something, I don't care how ridiculous it may seem. Amen. If you will do it, you will receive the miraculous. God has never required anything that he doesn't reward.

Help me, God. Flip over. I just want to read that one verse and flip over to chapter 60. Help me, Lord.

Help me, Lord. Jesus, I'm going to do my best to obey you. Hmm. Hmm. Hmm. Hmm. Hmm. Hmm. Now you got to keep in mind Isaiah 59 because I got to go back there.

[13 : 27] but let me read 60 to you. Verse number one, it starts off like this. Arise. Shine. Whew.

I tried to preach to you about that light last night. That light's fueled by that oil, by the Holy Ghost. If they're going to find you in this dark world, it's going to be because there's something glowing.

Hallelujah. It ain't going to be a glow worm. It's going to be the glow ghost. Yeah. It is the, you said, if I use the terminology Holy Ghost instead of Holy Spirit. Amen.

Because I know who he is and I know what we're talking about. But you know, if they're going to find you, there's going to be something that's going to draw him to them to you. It's going to be that that causes that glow to radiate from you, that effervescence.

Hello? Isaiah, God, I'm going to take my coat off. I'm going to take my coat off. All right. Hallelujah. Notice here.

[14 : 27] Let me read on. He says, For your light has come and the glory of the Lord is risen upon you.

Let me read on. Listen to what it says now. Verse 2. For behold, the darkness shall cover the earth. Thank you, God.

deep darkness the people. But the Lord will arise over you and his glory shall be seen upon you.

Let me read on. Let me, just hang, please hang with me here, please. Verse 3. The Gentiles shall come to your light.

Father, I prophesy that in this house, in this region, God, they're not coming to our Pentecostalism. They're coming to the light. We know why the light's shining.

[15 : 34] They're going to see the Holy Ghost, but God, they're going to come to the light. Let me read on. Kings, to the brightness of your rising.

Verse 4. Lift up your eyes all around and see. They all gather together. Does this not sound like a harvest or an incoming taking place?

Huh? Hmm. Huh? And they come to you. Notice there, they come to you. The preface to this and premise is because there's something on you that's not normal.

Now, it's not by nature. I say natural, but I don't mean because I believe that it's time that the church pastor begin to walk in the spirit of God as naturally as they do anything.

I think the problem's been as we've relegated the spiritual experience to we only have it at certain junctures in certain places and the enemies love that because it has limited us to the power that God can perform at any place at any point at any time.

[16 : 44] But this is all premised on something's come upon you. You hearing me?

Just please hold on. You got a good grip? Hold on. Let me read a little bit more. Notice what it says. Now they're going to come to you. Notice here what it says. Your sons shall come from far off.

Mamas that's got sons that are not serving God and are not living for Jesus Christ, say amen. No, no, no, no. You didn't say that loud enough. Amen. Oh, amen.

Notice what else it says. It just doesn't say your sons but your daughters shall be nursed at your side again. Whew. Mmm. If you all remember I told you that one of the things that God's dealing with me about is God bringing back the children of the house.

Before that he gets those children that have never known him he's going to bring back the children that were anointed and dedicated at his altar in the house of God. I don't care where they are.

[17 : 50] I've done read to you that his hand it reaches to the uttermost. Hello. His ear is listening as we cry out. I don't care what the devil says. I don't even care what you say.

It's not about you and your fault and your stupid sayings. It's about the truth of our God. Let me finish reading here so I can preach.

It says your daughters will come nursed at your side. Then verse 5 Then you shall see and become radiant. Lord give me a glow.

Radiant means glow. Huh. God help me. Let me. And your heart shall swell with joy. Joy is coming back to the I believe joy is already in the house.

We just got to you know how it is sometimes. I know it didn't I remember when the laughing thing moved through you know for a while it was really in vogue and you know it was good and you know suddenly you know it moved out of being in vogue and being you know the trend changed and you know if you laughed in church you know you was a fanatic but you know I know that joy is more than laughter but you know it's got to start somewhere.

[19 : 07] Some of you just need to spend three or four hours just laughing. Hello. See it's just and you know how you get in those laughing times when you know you're crying because you know you can't do nothing else.

Hello. You know why because somewhere in that process God will produce something out of you he'll bring a liberty. Hello. Jeremiah 31 says that in that day when God does what he's going to do and he's going to bring an awesome thing he said he's going to return the dance of the virgin.

Let me tell you about that virgin dance. It's the dance of joy. Why? Because her bridegroom is coming to get her. Her bridegroom still loves her. She's dancing and smiling and saying hot dog I got me a rich one.

Oh hallelujah. Oh. Let me know somewhere or another. Because the abundance of the sea shall be turned to you the wealth of the Gentiles shall come to you.

Verse 7 says the multitude of camels shall cover your land the dominaries of Midian and Athan all those from Sheba shall come they shall bring gold and incense they shall proclaim the praises of the Lord.

[20 : 26] Are you okay? You know what? And the truth of the matter is is I can quit right there.

If God can't do what he needs to do in you with those words there isn't anything that I'm going to say to you that's going to help you. help me. Help me.

Are you oh brother sailor I'm just I'm trying to press my way through you know I'm going to make it bless God.

Oh when I get there I'm not going to be happy. you're not hearing me yet. You know I ain't going to give up but God knows I've been through it and you know I hate that when somebody says I've been through it because I'm getting ready to hear the whole story.

Oh you know and when I get to heaven I'm going to let God know what I've been through. Well I've come to tell you I've been through it too and I've settled in my heart that there's something that has arisen over me Jackie that's not Larry it's not normal it's not something that is earthen it's not anything I've tapped in out of a bottle but it is the glory of God and when I get there I'm going to rejoice but I'm going to rejoice before I get there I'm going to rejoice in him because of who he is.

[21 : 50] God help me deliver this thing somehow or another. Isaiah 59 the shadow of his presence the shadow of his presence let me explain to you what that I'm trying to say to you in Exodus when Moses is coming to the end of his life God and he are talking and in the midst of their talking God asks the fatal question Moses what do you want?

Moses looks at God and says I want to see your glory God looks at him and says Moses I'll give you rest and Lord knows he needed rest he had been pastoring two million of the most rebellious people that had ever dawned the face of the earth and he said Moses said no I don't want rest and God said to him Moses I'll go with you and Moses looked at him and said God I don't want you to go with me because I don't know where I'm going hello God says Moses says back to God show me your glory God looks at Moses after they've had this exchange and this conversation and Floella they after that he says Moses you better understand something son you have found favor thank God for grace no no no you worry me that you don't understand

God's grace when he says this grace is sufficient honey it's sufficient it isn't about whether you live right or live wrong I'm not tolerating your sin God doesn't tolerate it it's not about what you can do to redeem yourself it's about what God did through Jesus Christ to redeem you through his grace the first thing you got to understand is God's grace is getting us where we're going now listen Paul preached on this thing Paul said to the Romans he said now listen don't you use God's grace as a cloak to hide your sin it's not something that you can go out and live like a devil and then come in on Sunday that's not what I'm talking about the truth of the matter is if you live the best you can live if we didn't have grace we still couldn't get into his presence I'm telling you if we didn't live as right as we could live it still takes his grace to usher us in to the presence of a holy and omnipotent God where there's no sin no guile no foulness no nothing there's no darkness no impurity there's nothing in here that is wrong grace can I take just a couple minutes pastor

Lord have mercy you know about grace you've preached under that grace anointing at times had them weeks man where you've run done everything you can do you know and the truth is is you didn't seek God and you know like you should have I'm afraid he's going to shoot me any minute but you know what I'm talking I was pastoring and my secretary was ill when I first went to Illinois and it was man I'm telling you I was at the hospital 24-7 with her man you know get up come Sunday morning that alarm ring at 6 o'clock I've got to preach this morning oh my God you know about it that grace anointing you know there's just some days you know that you haven't sought God but God still comes on you oh sure that grace anointing that you can be standing in the grocery line you don't know what it is but suddenly it'll come on you're you're you know you're standing there in the kitchen you're looking out the window and suddenly you know it's that grace anointing oh

Moses what is it you found favor you found grace I know how to get there it's through his grace his grace anyway God says you found favor but Moses you need to understand something son there's no one can see my face and live there's something about God it's not that he doesn't want us to see his face but God wants to save something for that reunion day but he says to me I'm going to show you my glory you're not hearing me God help me I'm doing my best to get this thing out of me you ever you ladies that had children you know after a while you don't care shoot me him what something just give us relief that's how I feel it don't matter right at this point just put a bullet somewhere that's how I feel with this Moses you can't see my face but God

[26 : 52] I want to see your glory but God I can hear him this man of God who spent 40 years in Pharaoh's house and took it upon himself to deliver the people of God and murdered the Egyptian soldier and finds out that because he did it himself it's going to take him another 40 years before God can bring him to the place in Pharaoh's house where he won't be Pharaoh's son he'll be God's man this man that spent 40 years eating from the golden spoons of Pharaoh and then spent another 40 years eating over at Jethro's house on the other side of Midian a man tending sheep and learning about the presence of God oh I can hear him God show me your glory I want to see your glory will you just take a minute and just stand and give God a little bit I've got to I can sit back down just for a minute in my mind

I can hear him it's the same thing I've been doing now for years as a young man when God touched me and set me free from drugs right here in this area and did something in my life I couldn't do myself oh God show me your glory God show me I'm not interested in your hand God yes I love it when you touch me but God I want more than a touch amen Tommy Tenney says I want more than just to see your foot God I want to see your glory and this conversation man here it goes him and God you can't see my face and live I don't care at this point God doesn't matter I I'm ready for something oh Lord what are you saying I can't go back

I've done seen that where I was ain't worth going back to did you hear me Jesse did you see man you know it doesn't matter how you know you can get me it ain't worth going back to and where I am ain't good enough either you understand that I want to be somewhere in his presence where the people that come in with cancer we see them vomit that thing up in a waste basket that they wheel in those that have been diagnosed to die in a moment and God through his presence breathes life in them and they run and shout his glory how in the world I don't want to do it for me I want to do it because of his presence I want to do it because he said he would are you okay in the shadow of his presence the conversation you know can you imagine God he's like the faithful father with the son who he just asked him anything you want and he just asked for the hardest thing you can you know about that don't you you know then suddenly ask you for something you know that ooh and

Moses saying God show me your glory show me your glory show me your glory God says alright son he takes him lays his hand on him says now I'm going to set you in the cleft of the rock you know that rock they say it's the same place where that that Abraham laid Isaac who God it's that same place it's that rock where God revealed in the thicket the ram and when Abraham turned he looked and he saw he just didn't see a ram he saw Jesus God he set him in that rock you know what that rock is don't you amen Moses sang about it he said it was that rock that he smote in the desert when they were dying of thirst and it sprung forth water it's in Deuteronomy 32 that he begins to sing to Joshua to Joshua get ready to be the leader and he sings to him he says there ain't no rock like our rock God sets him in that rock oh no you're not hearing me it's that rock that

Peter preached about in 2 Peter 2 when he said gentlemen this is he who you rejected but now God has laid as the chief cornerstone of the kingdom of God and who has now laid us here in this time and baptized us in his holy ghost it's that rock you know about that rock don't you it's that rock that when rock greater than the rock of Gibraltar that rock is stronger than any granite it's stronger than any metal it's the rock of salvation you know about that rock don't you he says now I'm going to set you in the cliff or the hollow place you ain't getting me God hey somebody I can it's not too big you about to sleep or you still awake are you still awake come here we're going we're going we're going to do a skit okay come here

[32 : 46] I'm going to stand over here on this side I'm God you're Moses we're both cool all right let me tell you something God gave me a revelation back in October about that place and that rock man the enemies tried to tell us that you know that we keep fooling around messing around messing up that God's going to see me in that place in that rock you didn't hear me God takes Moses and he says Moses I'm going to show you my glory hallelujah God is not holding nothing back can I are you okay just show him that big but let me can I dispel this pastor and God ain't holding nothing back from us no no you didn't hear me I said God's not holding anything back

God wants you to know him and know his power beyond what you've ever known God don't want! you to just that measured relationship you know you can measure it you know God wants us at a breakout place hello he wants us at 2 Samuel chapter 5 where the Lord my God broke through with a mighty rushing river he wants us to know him in that way God doesn't want to hold anything Judy he's not holding anything back he's waiting on us he says to Moses now he says I I'm I'm I'm going to set you in the cleft of the rock now I'm going to pass by you and when I pass by I'm going to move my hand and you're going to see the hinder part of me I'm talking about the shadow of his presence so he takes Moses and he just kind of lays his hand over him you felt his hand ain't you

Lord I have Lord he's laid you know I thought you know sometimes I said I rebuke you devil in name of Jesus and God's going shut up shut up shut up hello ain't none of y'all done that huh devil you get off me and God's going to say wake up wake up wake up wake up you know you hear me don't you hear me don't you hear you feel that heaviness come over you that power come over you know what was that oh the devil's time it was God he was trying to show you his shadow he's trying to pass before you and let you see something that you've never seen he's trying to touch oh my god he's trying to touch you with the radiance of his presence that's beyond your relationship so he says to Moses and I'm gonna lay my hand on you I'm gonna cover you now you can't see anything Moses goes blind at that point I know of another man that went blind and ended up writing two thirds of the day of the new testament when you fall under that shadow of his it does things to you and he takes him he says now here just trust me son just trust me no don't fall down don't fall down come just walk just walk he's trying I don't know if that's anointing or me and he sets him in that place

I love that Paul said now that we've come to this place where we must rest from our labor the same scenario same verbiage in other words I'm gonna set you just keep your eyes closed I've got to get out here if I stand here in one place I'm gonna burn up I'm gonna sit here in one place now and see it's about you coming to rest in me yeah sure I'm gonna set you down somewhere where that there's safety and ain't nobody can take you out of there but you know that the unique thing here is that is let me have your hand I'm gonna set you down here and see he can get up from there at any time sit back down huh huh do you get that do you get that God doesn't leave us his presence doesn't leave us but you know every once in a while we get up stupidly give my preaching to anybody you understand what I'm saying God I don't know I'm so far from you what happened we got up from where that God had set us down in the cleft of the rock what do we need to do we need to go back to that cleft it isn't filled in I've come to tell some of you it doesn't matter how bad your sin there's still a vacancy there with your name on it and God wants you to set in the cleft of the rock

I got it Lord have mercy We're going to change Come here stand up just a minute I'm going to move you I'm going to move you God just showed me I've come to tell some more of you Hallelujah You're not getting this yet are you There's room in the rock Come here you drug addict You ex-drug addict You ain't getting it yet are you Are you getting this yet

[38 : 21] I said there's room in the rock Give me a minute Y'all sensing that ain't you You feel that glory Did you get the mental picture God's saying to him He says to him Man of God Get as many as you can Set them down there Because I'm going to pass my glory by them The shadow of his presence Is God Pray help me pray Just let me get this thing done Alright Moses God says Alright You're sitting here Their eyes are closed

They're not You know God says just hang on now You know how we are Like a kid I'm not going to look Huh I'm not going to look I promise daddy I've got my eyes closed I'm not going to look Oh my I'm telling you I've been sitting there At that place Man I understand that the pathway Back to that clef I've seen it It was thrown With my sinful nature It was covered With my failures But once I got to the clef Of that rock And sat down in it Everything seemed to wash away That there was something Come over me That was beyond me It was the blood Of the sovereign Lord It was the blood Of the innocent lamb Can I tell you That that's why he laid his Hand over his eyes He was covering him With the blood Now get this That God's intention

Forever Is for them to see His glory Do you get that in your life? That God wants us to see it God wants us to see it In such a way That he's done everything He knows to do To get us there I mean Do you know Jackie?

I mean there's been places And points that He's been so strong on us You know I remember a Sunday morning That God was so on you I could see you were like A transparent glass I saw the inner workings Of your organs In your body Amen And God was doing his best To get us to that shadow Where that his shadow Would remain You know Because with his shadow We'll be like Peter It says that after the day Of the Pentecost He was walking back From the sanctuary From the temple And it said that his shadow Fell upon a lame man And he walked It wasn't Peter's shadow It was the shadow Of the almighty Amen Amen I am a holy Glory Glory Glory Do you see that He wants you to see this Now the unique thing is Here's He has your place marked Your place marked

Yours marked Yours marked Yours You're not getting Yours I see you like Peter When Jesus looked at him And said Peter I prayed for thee For I saw the enemy Try to sift you As flower But I prayed for thee And thy faith May remain strong The Lord says So That's the glory God's intention is for us To see his glory He wants us to live Under that shadow I've got to cry Lord have mercy

[42 : 52] Do you sense his presence The end of the story With Moses is He sees it You know what he saw Well he didn't see his face But he saw his glory What is his glory It's his shadow As God passed by Moses He's light you know He's all light And when you're all light You're shadow cast From every direction You didn't hear me In other words He knew that As he passed by You know He was you know On earth You know Even though God Is omnipotent And eternal He's on earth And he knew that As he passed Suddenly with the Mixture of the Natural light And the glory light There was going to be a You ain't getting this There's going to be a Shadow cast I said there has to be God cast his shadow And as his shadow fell Moses looked into it And he saw The beginning From the end

He saw the awesomeness Of God He declared something That no man has seen Before Other than Jesus Christ But God's order That we might know His shadow Are you okay Are you guys okay Can I leave you all here Huh Please tell me You're sensing a little bit Of this Because I can't stand it If I'm the only one Getting this I don't want this anymore Man I want everybody Getting this Let me Can I Get me a drink of water Please How much How much time Do I've got Y'all Are you okay My friends from Illinois back there I call him Dad Fitz He's pointing to his watch He said This is a short fat guy Get him Help me Jesus Help me Lord I'm talking about The shadow of his presence Lord have mercy

Isaiah looks In Isaiah 59 You know why That he said That his hand Is not too short And his ear is not heavy Because the people of God When Isaiah went to him He had heard from God And you've got to realize That Isaiah From Isaiah 6 Until the end of the book of Isaiah He is talking Of a prophetic word He's walking under an ocean Like nobody else He has looked into heaven Saw God He saw the train of his temple Draping into the house of God He saw God And his angels Dip from that hot fiery altar That's in heaven Take the coals And come Lay it on his lips He heard God speak audibly God walked with him Talked with him He spoke of Jesus Christ Only The only prophet In the Old Testament Other than David In the few psalms That he wrote That spoke of Jesus Christ He talked of him And walked with him He knew him He saw him in the spirit And Isaiah now He's looking at Israel They're saying God He can't touch us He can't help me anymore I'm Oh Did anybody hear that We come to church Oh God We're just hanging on Until we get Can I tell you this morning

That God Has come back to his house Isaiah looks at Israel And he says His hand It ain't too short His ear Why did he say Because they were In the most wicked time Of their life Of the history Or one of the wicked times Man they were sinning It was awful They were rebellion Man you couldn't They'd start praying to God And by the time they'd done They'd be praying to Ashtaroht Oh yeah Man And all the way home From the temple They'd stop by The gods of Baal for rain And leave an offering there So that it rain on their crops Now these are people That have been led out of Egypt By a cloud by day By a shadow by day And it's a cool shadow In the daytime At night it's a fiery shadow To protect you From the cold You're not hearing me Who are you Larry I'm being led by a cool shadow Of the day And at night When I sleep I'm being crusted And encompassed about By a fiery shadow at night

These people have seen Heard God Watched him Rock miracles They were dying Of snake bites God healed them Because Moses Takes a serpent Fashions it On the end of a rod Sticks it up into heaven And if they look at it It doesn't matter How many times The snake bites As long as they can see That serpent Stuck into heaven They're delivered These people know About God And they're doing Everything Floella They can Does besmirch And smear And contradict The word of God That sound like Anywhere you know Huh I don't care When anybody says Don't you believe Islam is a peaceful Religion That is Ishmael That is the son Of Hagar And they want Our birthright They want Isaac's blessing Do you understand me Folks We're in a time Like we've never been Oh my God Are you okay Did I lose you Or are you still there Isaiah looks at them

You can't live beyond Where you are You know you're going to I've come to tell you That your problem's over Because God's bringing you Into the shadow And where the shadow is It's a secret place And where the secret place God will reveal himself He'll take care of your Help me God Help me So Isaiah He preaches the Quintessential sermon Quintessential sermon Pastor He said You know what I'm talking about You come in here I was pastoring Of course it didn't take me long I went to Illinois You know And I went there With about 250 people You know In a matter of six months I reduced that to 60 Hello The story That's a long story But I'll never forget it After we had such a A turmoil I had a piano player That was having an affair With the principal Of the school That I was pastoring over In our church And I had to confront him And then I had These that were doing Their best to undermine

[52 : 22] Everything that God Was doing Chuck endorsed Know about it More than probably Anybody in this room Other than my wife And you know But I'll never forget it Man that first Sunday I'm there as pastor You know To the pulpit I come I am the man of faith And power I preach They all sit there Like that they're full Of formaldehyde You know You know what I'm talking about You know They got one of these looks Yeah Yeah You know And then After we go through Such a tumultuous Six months Then man I've got Sixty or seventy people And I'm just hoping That I get up in the pulpit And there's somebody There to preach to And then while they're Sitting in that pew You're doing one of two things You're either confirming What the man of God Is saying Or you're denying it Oh no Let me preach a while I said you're either Confirming what the man Of God is doing Or you're denying it Jesus said If you receive a prophet As a prophet You'll receive a prophet's reward

He was saying If the prophet comes To prophesy And you say Surely This is a prophet Then you receive his reward If this man is an evangelist And he comes and preaches An evangelist You say That man's an evangelist He You receive him You're affirming it Pastor gets up And he starts preaching He's preaching on sin And you're going Well you know I know it ain't talking to me Guess who he's talking to Huh Hello He starts talking about Living right And praying And not praying Oh you know I told Floella If she didn't pray this week That the pastor's going to get on Or you know Sister Floella If you see He's preaching to you We affirm it You're either affirming And not to me Because see You don't have to affirm this to me You don't affirm it to him What you're doing Is confirming it With the Holy Ghost We're becoming a witness To the statement That God has given To the man No you're not hearing me You want to hear the word

You want the word To take eternal root Amen Stop denying Open your ears And hear what the Lord is saying And let God Do something strong in you I don't Let me Alright I'm back on track now Isaiah looks at him He says I've come to preach to you This morning And I don't care what you say After Isaiah 59 He rolls over into 60 And he says Arise Shine For your light Has come For the glory Of the Lord Has risen Upon you Folks y'all have been wonderful And I really need to tie this up If I can Can I do that please Lord Pastor I I

Many Here Been Praying For Something I'll Never Forget It 1977!

In New Albany Indiana 530 In The Morning God Took Me In A Vision Pastor He Showed Me An Outpouring Of His Presence That Was Absolutely Awesome Give me Jeremiah 31 He Said Son You'll See That Day You'll Be A Part Of It Jeremiah 31 Talks About An End Time It Talks About God Establishing Something That No Man Can Do It Says In Jeremiah 31 That Everyone Came Declaring The Glory Of God God Well I Don't Know If You Know Or Not I'm 47 That's 20 Years Ago I'm There It's The Shadow It's The Shadow I But I know it.

I eat them and pray. You know, but help me, Lord, to stay on track. I was standing there, and the lady across the counter, I'd been talking with God, driving the car.

[79 : 52] And she walked up to me and began to ask me my order. And I was one of four double cheeseburgers, big red and a fry, you know. You know, that's a suicide meal.

But just as she said, what will you have? Pastor, before I knew, I'm going to... You know, and I'm trying my best in my mind.

And I'm telling her, four double cheeseburgers, fries, and a big red. And I'm going... I'm telling you, my mind, I'm telling her, I'm telling her.

Four double cheeseburgers, a fry, and a big red. And I backed away from that counter there. She's looking at me, and I'm looking at her.

God spoke to me. He said, son, I've come upon you so she'll know I haven't forgotten her. I'm not ashamed of the Holy Ghost.

[81 : 03] Now, I'm not out here going crazy, but I'm telling you this. This thing of the shadow of God is so prevalent. You're going to be shopping at the Winn-Dixie. You may get to the checkout lane.

The little girl look at me and say, it's going to be three hundred and some dollars. And as you turn to give her your money, you're going to begin to say, Oh, no, we can't do that.

It's just for church. I'm telling you, church ain't here. Church is out there. The shadow is falling. Stand to your feet.

I'm done. I'm done. Come on now.

Come on now. I'm telling you, I'm familiar with where we are. We're in the shadow of his presence. Arise and shine, for the glory has risen upon you.

[82 : 12] Come on now. Come on. We've come to this moment.

We've come to this moment. Some of you, the cloud that's hovered over you is a cloud of affliction.

The devil's told you, the world's told you, that you can't be well. that you can't be healed. But I've come to tell you that the cloud has been dissipated, that according to Peter, his stripes has destroyed the cloud of your sickness.

Some of you, the cloud is the cloud of rejection. Some of you, that cloud is the cloud of fear. Some of you, the cloud is the cloud of depression. Some of you, the cloud is that cloud of just feeling like that you're inadequate, that you don't deserve it, that you know, I'm just not good enough.

It ain't about how good you can be. It's about how good he already is. Last night, I saw it in your house.

[83 : 23] I saw that dark cloud. There's been so many times that you've walked in there radiating, and you blame Chucky. He'd come in and just rip you up, cuss you.

He'd even get verbal or get physical with you. And you know, you just said, I hate this man, and he's going to ruin me, and he's never going to let me have my destiny. But the truth is, it's a cloud.

It's a cloud of the enemy. It's restricted to sunlight. It's not Chucky. Even though that he's been an instrument in his hands, it's been that cloud. I've come to tell you, that cloud, and this is that cloud, hear me.

It's the cloud that you can't have your destiny. It's that cloud that says that you're not good enough to do what that God said he's going to do. Oh, my.

See on what he spoke to your mother in her wound about you. What that everyone else said could not be. It's that cloud of doubt and fear.

[84 : 21] Now! Now! Your cloud is that fear that you'll fall back into where that God's brought you out.

But I've come to tell you that God has broken over your horizon. That the sun is shining. What has been rainy and damp and cold. Now! Now!

Now! The cloud hanging over you is a woven mess thing of change.

And the enemy has you. You'll come and feel freedom and feel normal. But then you'll go home and there it'll be. There it'll be.

I've come to tell you that you're free. You're free. You're free. You're free. You're free now. Do you feel it?

[85 : 34] It's the warm sun. It's the shadow. It's the shadow. 30 years ago.

Thirty years ago, a woman in the house of God spoke it over you. Your husband, your family spoke a curse and said that you'd never have it.

Thirty years ago, there was a blaze in you. And absolutely, people would sit around you and they'd feel the heat. This morning, God said, he's broken the cloud. He's broken that word curse.

Now! Do you feel he's broken?
