Why Rishayete? And for the benefit of those who don't have the language, our text today is from 2 Samuel 23, verse 15.

[16 : 06] And David said longingly, O that someone would give me water to drink from the well of Bethlehem, that is, by the gate.

With David,■, For me, I th■ Aasa in the coming of Haya The heart and heart are combined.

And without these things, as your family grew, the family would make life better. During this era, they stepped in Titus and took person to Franklin, and the first one ever met.

While everything was really a key,áké■ a Andrea, they followed him who rose in the world. Shazam and Everito It's a bit more Nature fertility.

I felt ■■ it also. My trust is extremely important for each student and I own a day experience. But I taught me how to survive all my licence.

[18 : 34] I taught myself how to surrender all my licence and taking advantage of me during journey. To try to curse myself, I tell which way is less important. He's a British shepherd, where he's a Christian.

He said that he accidentally craws at some very words. He said we can get rid of attacks before he died, Blogs are dangerous.

That's true. After all everything did take the six months with his contact.

[20 : 47] The fear was that my mum had the cliented him. That is true. That is true.

[22 : 03] So, my little Hindu Howdy said he was. He said that I palavra for a class now. I thought that he was an active moment. He said it very quickly.

I mean, God called me. 17. Banner The background to our text is David being a fugitive from the pursuit of King Saul.

He's hiding in a cave at Adela. And it is at either May or June of the year when the sun is at its height and he gives expression to this longing that he might be given a drink of water from the well of Bethlehem that is by the gate.

So three thoughts from our text. Kar bala beteleem kianodas ritu skukmeon skogunik nukush Three thoughts from our text.

The situation of the town of Bethlehem it was occupied by hostile forces.

[24 : 47] The garrison of the Philistines was there. Secondly, nostalgia awaking this longing in the heart of David.

And you know how powerful nostalgia can be when you look back over events in your life. And how you can go down memory lane and find yourself perhaps getting lost in nostalgic memories that perhaps will never come back again.

And then finally the conclusion of the matter. minor Sianam That al■g A'gus that I Nomanaanobod ■pero Simply Clan■ait■enoVashl■akTagus Uđayl Thank you.

So in our first point, Bethlehem is under the jurisdiction of hostile forces.

A garrison of the Philistines are encamped there. And I have used that as an illustration to have a nostalgic tour, as it were, in my memory of things that happened over my lifetime.

[32 : 26] Of homes that I knew and frequented where the sound of praise was raised in these homes to the Lord.

Homes today where praise is no longer offered to the Lord. But occupied by others, perhaps kind and good people, but no longer interested in the gospel and these homes.

Walls that heard the praise echoing to the Most High. No longer hear the sound of praise being offered. Churches closed that once were vibrant.

And I referred to a church in my own experience as a university student many, many years ago in the city of Aberdeen. Where the church was sold and the congregation moved on to a brighter and perhaps a more welcoming building.

But for us as students, that building represented a mecca on earth. A place where we enjoyed fellowship and communion with the Most High.

[33 : 43] In that building under the ministry of the late J. Douglas Macmillan. Well, that's the first point. The second point. Key sales channel. Key sales channel.
